INTRODUCING OUR PRESENTERS

**Understanding Cone Beam Computed Tomography
Practiceworks**

Dr. Gane is a graduate of the University of Western Ontario with an honors degree in physiology and pharmacology and a doctorate degree in Dental Surgery. Dr. Gane has authored articles and technique videos on digital radiography and has lectured nationally and internationally on digital imaging topics. Dr. Gane is the Clinical Director for Orbit Imaging Centers and serves as Vice President of Dental Imaging for Practice-Works, the exclusive maker of Kodak Dental Systems.

David Gane,
DDS

**Simplifying the Implant Restoration Process Using
CAD/CAM Technology
Biomet/3i**

Dr. Schumacher received his DMD from the University of Kentucky College of Dentistry and his certificate in Prothodontics from the University of Michigan. He became a Diplomate of the American Board of Prosthodontics in 2006. He presently practices in a group practice in Boston.

Robert
Schumacher, DMD

**Friday, April 23, 2010
Featured Presenter**

Dennis P. Tarnow, DDS

Dr. Tarnow is Professor and Chairman of the Department of Periodontology and Implant Dentistry at New York University College of Dentistry. He has a certificate in Periodontics and Prosthodontics and is a Diplomat of the American Board of Periodontology. He has published over one hundred articles on perio-prosthodontics and implant dentistry and has coauthored three textbooks. Dr. Tarnow has lectured extensively in the United States and internationally in over thirty countries

Thursday, April 22, 2010

**Increase Case Acceptance Through Technology
Patterson Dental**

Dr. Scott LaClair is a general dentist practicing in the northern brim of New York State. Scott is the founder of the Thousand Islands Center of Dental Technology. A two facility, 14 operator, 17 staff member practice that focuses on using advents in technology to diagnose, educate, treat and manage a wide variety of dental procedures for an amazingly diverse patient population. Energetic and entertaining in his approach to both practicing and teaching, Dr. LaClair is a 1995 graduate of the University of Buffalo School of Dental Medicine and lives in Watertown, NY .

Scott LaClair,
DDS

**Laser Dentistry Today: What We Can Achieve with
This Technology in Periodontal and Implant Dentistry
DEKA Lasers**

Dr. Georgios Romanos is currently Professor of Clinical Dentistry and Director of Laser Dentistry at the University of Rochester Eastman Institute for Oral Health. He is Chairman of the North American and Canadian Division of the World Federation Laser Dentistry. Dr. Romanos has lectured nationally and internationally on implants and lasers.

Georgios Romanos,
DDS, PhD

Friday, April 23, 2010

COURSE SUMMARY

**"Esthetics and Implant Dentistry;
Innovations and Controversies"**

Learning Objectives:

This program is designed to help the entire team—restorative dentist, orthodontist, periodontist and oral and maxillofacial surgeon.

- Know how to maintain papilla for single and multiple implants.
- Know when to extract a tooth and place an implant.
- Know if the gap distance really matters for implants placed into extraction sockets?
- Know when to immediately load implants.
- Know immediate vs. delayed socket treatment.
- Know how effective platform switching is interproximally and facially.
- Discuss how predictable they are and what graft material works best.

COURSE SUMMARY

New Technology Forum. A unique symposium where leading companies will showcase their latest, most advanced products and services.

Learning Objectives:

Upon completion of this course the participants will be able to:

- Learn the concepts behind the latest cone beam computed tomography machines.
- Learn how to incorporate new technologies into your dental practice.
- Learn how CAD/CAM technology has impacted dentistry and how it can simplify treatment modalities.
- Understand the use of the different laser wavelengths and their uses based on laser physics.
- Understand the clinical use of lasers in modern Periodontology and Implant Dentistry.

Be sure to attend these dynamic courses

it could prevent you from making some very expensive mistakes!

ABOUT THE CONFERENCE

This conference is the third co-sponsored event by the 7th District Dental Society and The Eastman Institute For Oral Health. The conference is the Semi-Annual Meeting for the 7th District Dental Society and the 16th Annual Handelman Conference sponsored by The Eastman Institute For Oral Health Division of General Dentistry.

The Handelman conference was established to pay tribute to Dr. Stanley L. Handelman and his success as an educator, researcher, mentor, and friend. Dr. Handelman's career at Eastman Dental Center spans 40 years. As a result of his efforts, Dr. Handelman has been described as the father of postdoctoral general dentistry education.

COURSE CREDITS

Continuing Dental Education Credits: 8/16

University of Rochester Eastman Institute for Oral Health has been designated as an approved sponsor by the New York State constituent of the Academy of General Dentistry and the ADA. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.
