149TH ANNUAL MEETING
SEPTEMBER 22, 2017
BURGUNDY BASIN INN
1361 MARSH ROAD • PITTSFORD, NY

OUR MEMBER DENTISTS

☑️ LEADERS
☑️ VOLUNTEERS
☑️ RESEARCHERS
☑️ EDUCATORS
☑️ ADVOCATES
☑️ MENTORS
Dear Friends and Colleagues,

It is with great pleasure and enthusiasm that I welcome you to our 2017 Seventh District Dental Society Annual Meeting. It is by the effort and teamwork of many individuals that make meetings like this possible. With that, I would like to thank my wonderful Business Chair, Dr. Mary Ann Panara, without whom I would not have been able to procure Dr. Samuel Low for this meeting. She, along with the Long Range Planning Committee, should be commended on their achievements in bringing you the best lecturers and topics. I think you’ll agree that we had a fascinating look at forensics and all its various elements at our semi-annual meeting. I would also like to thank our Executive Directors, Lori Bowerman, as well as Nancy Buckley and Ellen Calkins, for their tireless hard work, unceasing support, and never-ending smiles and friendship. While we may be the body of the Seventh District, they are its heart.

This year is proving to be a whirlwind, and I consider myself very lucky to be a part of it, and luckier still to serve as your president. From the first combined ADA/ASDA Lobby Day, to the Centennial Gala for the Eastman Institute of Oral Health, to attending county Dental Society meetings, to being an Alternate Delegate at this year’s House of Delegates Meeting, I have thoroughly enjoyed representing the Seventh District.

As you know, this year our district hosted the House of Delegates meeting held at Turning Stone Casino and Resort. It was run efficiently thanks in part to our own Dr. Paul Romano who chaired the Reference committee this year. Dr. Lynne Halik gave a very touching presentation when Dr. Andy Vorassi became the recipient of the 2017 Distinguished Dentist Award for the Poiete Fauchard Academy. Being a part of the Planning Committee for the HOD was a thrill as well. Under the initial direction of Dr. Andy Vorassi, and then Dr. Michael Grassi and Dr. Brad Davidson, the committee gave President Dr. Rick Andolina a celebration none of the attendees will soon forget. Certainly it has become the platinum event of the District, with attendees born in every state in the union. The team but thankfully discovered volleyball. His club team came to the tournament and he has been a volunteer for the event ever since. Mike also enjoys sports, cooking, gardening, reading, writing, andvolleyball was still a huge part of my life. I played internationally up until volleyball was still a huge part of my life. I played internationally up until 2006 and participated in the USA National Championships until 2006. I also played beach doubles all up and down the east coast and in California.

Mike completed his undergraduate degree at Siena College and went on to SUNY Buffalo School of Dental Medicine graduating in the class of 1990. “I completed my General Practice Residency in 1991 and began practice with Dr. Brad Davidson in Auburn. I was an associate with Dr. Davidson until 1995 when I became a partner in the practice. I practiced with Dr. Davidson until 2009 when my health issues made it necessary to work in a smaller practice setting. I have been in solo practice since then.” Mike is also an attending at Rochester General Hospital since 1991.

“I have to give credits to Brad Davidson for teaching me the business side of dentistry and especially for introducing me to organized dentistry. He brought me to my first Cayuga County Dental Society meeting.” Mike became the Cayuga County Secretary-Treasurer and was also named the county representative to the 7th District Board. He was elected as Secretary of the 7th District and later rose through the chairs, becoming President in 2009. Mike is also the representative to the NYSDA Council on Dental Benefits. He is a NYSDA Delegate and in 2018 will start his term as ADA Alternate Delegate.

In addition to his volunteer work through the Dental Society, Mike gives back locally. “My team and I have participated in the Smiles for Life program which donates to children’s charities. This is sponsored by the Cornus Council of Dentists. To date my office has donated more than $66,000 and the program has donated more than $31 million dollars to children’s charities. I am also a participant in the Give Back a Smile program which is through the American Academy of Cosmetic Dentistry Foundation. The program participants donate their time to restore the smiles for victims of domestic violence. I am privileged to have restored the smile for domestic violence victims.”

Mike acknowledges a very special person in his life. Lori Ryan who has been extremely supportive during the bumps in the road with health issues. He has three Shetland Sheepdogs, Kenai, Annie, and Tink. Mik’s sister used to raise and show Shetlles and promised Mike that a graduation gift from dental school would be the dog of his choice – any breed. Instead one of her dogs chose him! He has had Shelties ever since.

Mike also enjoys sports, cooking, gardening, reading, writing, andvolleyball was still a huge part of my life. I played internationally up until 2006 and participated in the USA National Championships until 2006. I also played beach doubles all up and down the east coast and in California. volleyball was still a huge part of my life. George S. Privitera has been a true and solid pillar for colleagues and friends here in the Seventh District. He has always been willing to lend a helping hand, and while he chose not to climb to the very top of the leadership ladder, he gave much of his time to support the organization and his fellow dentists. For his body of volunteer work on behalf of the Seventh District, we recognize him with the Honorary Award of Merit.

His service started back in the early 1970s when he worked on the MCDS Portable Dental Unit Committee. George sat on the mediation committee under Peer Review in 1977, the MCDS Ethics sub-committee where he served for a number of years before becoming chair (1980-89) and the MCDS Program Committee from 1987 to 1998. George also served multiple terms as a Director on the Monroe County Board in the 90s. He was nominated and served as the Vice President of MCDS in 1991. In addition, George served on the board of the Apollonian Study Club and ascended to President of that organization. Dr Privitera is a graduate of University of Rochester. He served in the Navy for four years and is a graduate of Columbia University School of Dentistry. He started his practice in 1960 and was joined by his son Dr. Steven Privitera in 1987. He married Ann and they had two sons; George and Dr. Steven Privitera, and four grandchildren, (Lisa, Kristen, Lily Ann and George Privitera).

“Dr. George Privitera supported his friends and colleagues, and this society, by giving us a precious gift; his time. He was everyone’s favorite choice for this year’s Award of Merit. Congratulations, George.” — Dr. Louis J. Cianciola

Dr. George S. Privitera

This award is given in recognition of meritorious service and dedication to the members of the Dental Profession and Organization.

Frederick J. Halik Award

Recognizing a New Dentist who has demonstrated leadership and initiative in the profession.

Dr. Marni G. Phillips

“Marni has been an enthusiastic supporter of the value of organized dentistry. As Chair of our New Dentist Committee, she has thoroughly engaged our newest colleagues. Communicating and promoting events for this diverse group, Marni has sought to foster inclusiveness to all on the road to professional success in our family of dentists. It has been an honor to work with such a dynamic young dentist.” — Dr. Jay Skolnick – 7th District Trustee to NYSDA and immediate Past Chair of Council on Membership & Communications

An Interview With A New Dentist...

Why did you choose dentistry as a Profession?
Growing up, I was always drawn to science and the health field. I was pre-med and then pre-pharmacy in college, but I felt like something was missing when shadowing for both professions. About to give up on the health field, a friend recommended that I observe someone in dentistry. I’ll never forget the day I first shadowed an orthodontist. I spent just a few hours in the office, but I left knowing it was my calling. Always being a fan of puzzles, I loved the similarity of the challenge of getting teeth to fit together. On top of that, it is so rewarding to watch patients’ smiles transform. It never gets old!

I started working at Get It Straight Orthodontics in 2014. I planned on only staying in Rochester for three years while my husband finished his Periodontics residency. I quickly fell in love with not only the practice, but with Rochester! One of my favorite things about working at Get It Straight is the collaboration of working with four other amazing orthodontists.

How did you get involved in organized dentistry?
As I entered my professional career after residency, I found myself wanting to get more involved. I loved working in private practice, but felt a desire to connect myself with the surrounding dental community and give back to our profession. I soon became Chair of the New and Younger Dentist Committee. It has been so much fun bringing new dentists together and learning the benefits of organized dentistry.

Tell us a little about your family:
I am originally from Baltimore, Maryland. After having two girls, my parents decided to try for a boy. To their dismay, I mean surprise; they ended up with triplet girls! Yes, I am a triplet! My four sisters live in Manhattan, but we all get together almost every month! I also love spending time with my five nieces and nephews. I met my husband, Steve, in dental school at the University of Pennsylvania. We moved to Rochester in 2012, but we are no strangers to Upstate New York having spent our summers at our family cottage on the St. Lawrence River.

What other activities do you enjoy?
My husband and I absolutely love to travel! In 2012, we spent a month in Vietnam doing volunteer dental work. Since then, we have traveled to Patagonia, Peru, Europe, Costa Rica, the Caribbean, Bali, Thailand, and have an upcoming trip to Tanzania!

A graduate of the University of Maryland, Marni went on to Dental School at the University of Pennsylvania. She completed her Orthodontics and Dentofacial Orthopedics residency at Eastman Institute for Oral Health.

Dr. Phillips is the Chair of the New and Younger Dentist Committee, Vice President of Monroe County Dental Society and recently served as a 7th District Alternate Delegate at the 2017 NYSDA House of Delegates Meeting. Marni is a member of the ADA, NYSDA, AAO, 7th District, and MCDS.

An Interview With A New Dentist...
Honorary Members

Recognizing the distinguished contributions to the profession.

Beth Wanek

Dr. Carl E. Misch

(In 1947-2017)

In 2014, the American Dental Association Board of Trustees bestowed the Distinguished Service Award, the highest honor conferred by the ADA to Dr. Carl E. Misch for his long and distinguished dental career. Like us, they recognized that this man with so much talent could have been a lot of things. He was drafted by the Detroit Tigers and is a knight, having been deemed so by the King of Sweden. He was also a chevalier of a revered French wine society.

He chose dentistry and many have said we are all better for it. He was a pioneer in advancing implant dentistry; an author publishing over 250 articles related to dentistry, wrote six books including “Contemporary Implant Dentistry,” that was translated into nine languages, and was a world renowned lecturer and educator.

“As busy as he was, he always said “yes” when asked to come and lecture to the Seventh District despite our cold and snowy winters. He gave his full prosthodontics course twice here and over the last 25 years he lectured in our district at least seven times. I don’t know where he found the time to teach, publish, research, practice and have six children. In honor of Carl Misch and his profound impact on the profession and on us, we bestow upon him Honorary Membership in the Seventh District Dental Society.”

— Dr. Louis Cianciola

Ms. Beth Wanek has enjoyed a 35-year career at the New York State Dental Association. During that time she has served in various capacities, including the Association’s departments of Health Affairs and Governmental Affairs. In her current role as Associate Executive Director of NYSDA and Administrative Director of the Empire Dental Political Action Committee, she wears many hats and has numerous responsibilities, too many to mention here. She’s always been available to help out members and our district offices. In addition to those duties, she is NYSDA’s event coordinator for state and national events. She has planned and executed hundreds of Association-sponsored meetings and social functions.

This past June, our District hosted the 2017 NYSDA House of Delegates meeting at Turning Stone in Verona, honoring Richard Andolina, Sr., as President. During the three years of planning, we experienced firsthand the tremendous amount of work it takes to pull off a successful multi-day meeting of this size. It was a huge success and we couldn’t have done it without her guidance and support. Beth worked diligently behind the scene to make certain that our venue was perfect, and that every attendee was properly accommodated. This is what she does best and through her tireless efforts, she always makes New York State shine!

“I have had the good fortune and pleasure to work alongside Beth for over 25 years. A tireless worker with tremendous dedication, she never seeks recognition or praise. Her ultimate goal has always been to make certain that NYSDA and our members are well taken care of. She makes us look good. Individuals like Beth are hard to find and keep and we’re so lucky to have her at NYSDA. Now we’re very fortunate to welcome her as a member of the 7th District. She’s a great choice and we’re so honored to have her join our ranks!”

— Dr. Richard Andolina – NYSDA Past President

Dr. Anthony Mendicino, Jr.

Community Service/Outreach Award

Recognizing a person or organization for their service for community and dentistry.

Dr. Mendicino was born and raised in West Iroquois. Tony credits his older sister for sparking his interest in dentistry. She worked at a local dental office in Rochester and introduced him to the profession. Dr. Mendicino was a University of Rochester undergrad and graduated from UB Dental School in 1988. He completed his residency at the VA Medical Center in Buffalo.

“I intended to buy into a local practice but needed some part-time additional work. The 7th District Dental Society put me in contact with Dr. Buddhi Shresta who told me that Rushville Health Center was in need of a dentist. I got the position and found I enjoyed community dentistry more than private practice. RHCC offered me a full-time position as well as director of the department with offices in Rushville and Skanes. In 2005 I had an opportunity to start a dental program with Finger Lakes Community Health. Today, we have eight sites in the Finger Lakes area as well as a portable school-based program and a tele-dentistry program in collaboration with Dr. Sean McLaren and Eastman Institute for Oral Health.”

New to organized dentistry, Dr. Mendicino recently accepted a position as a Director on the Board of Seventh District. He is also working closely with the NYS Dental Foundation to host free dental days at the Ovid and Newark Sites as part of the NYS Dental Demonstration Project. In 2012, Anthony was awarded the Dr. Gary Ogden Rural Health Practitioner of the Year from the New York State Association for Rural Health.

“I accept this award on behalf of all the employees of Finger Lakes Community Health with special recognition to my CEO Mary Zelazny with whom I base worked for almost 30 years. I love our patients and working with the large agricultural populations that we serve. We are a safety net for a lot of people and could not do it without our dedicated staff.”

Married to his high school sweetheart Rita, they have four children; Tony III who is a pharmacist at RGH, Michael a St. John Fisher Graduate who has a passion for restoring classic cars and retrofitting vans to be handicapped accessible, Nicole, a recent graduate of Nazareth College with a degree in Social Work, and the youngest, Jessica is a soon to be junior at UB in their Nuclear Medicine Program. They also have two fantastic, loyal dogs Raz and Max.

Dr. Robert E. Parker, III

Award

Dr. Robert E. Parker, III – NYSDA Past President

In 2010 Dr. Mendicino and the Finger Lakes Community Health reached out to The Eastman Institute for Oral Health Division of Pediatrics to establish a unique teledentistry program to increase access to care to the many children that live in the Finger Lakes Region. This unique idea led to a current partnership between our two organizations with over 730 children being seen by pediatric dentists at EIOH. I am constantly amazed at Tony’s dedication to the patients he treats. I consider Tony a friend and have been honored to work in close collaboration with him. Tony is a shining example of a dedicated, selfless dentist treating the people in our district and I’m sure Dr. Parker would be proud of his work.

Sean McLaren, DDS – Chair and Residency Program Director EIOH Division of Pediatric Dentistry

*Deceased
In Memoriam

It is with great sadness and a feeling of loss that we contemplate those members, colleagues and friends who have passed from us in the last year. They are:

Dr. Sanford Kent
August 13, 2016. Dr. Kent was a University of Buffalo Graduate in 1945. He practiced on Winston Road retiring in 1997 to Virginia.

Dr. Bernard Tiffany
August 16, 2016. Graduate of University of Buffalo Dental School. Prior to attending dental school, he served aboard a U.S. Navy Landing Ship in the South Pacific during World War II, attaining the rank of Lieutenant. Bernard served as President of both Monroe County and Seventh District Dental Societies. He served on the N.V. State Board for Dentistry, N.E. Regional Board of Dental Examiners, and the American Association of Dental Examiners. He was Assistant Clinical Professor of Dentistry at the University Of Rochester School of Medicine and Dentistry, an Adjunct Clinical Professor of Dental Hygiene at Monroe Community College, and a Consultant at the V.A. hospitals in Canandaigua and Bath. He received the Award of Merit from the Rochester Academy of Medicine and the Dr. George D. Greenwood Award from the Seventh District (1982).

Dr. Ferman E. Bailey
August 19, 2016 Spencerport. Graduated University Buffalo 1959. Ferman was a veteran of the US Navy having served in WWII. Dr. Bailey was the 7th District Representative to the NYSDA Council on Education serving for a number of years in the 1980s.

Dr. Richard Romig
died October 3, 2016. Graduated Tufts University. Richard practiced dentistry on Mt. Read in the Town of Greece for 23 years and then started a successful consulting business called Practice Management Concepts. Dr. Romig earned an Eagle Scout award and was a counselor at Camp Massawepie. He was a world traveler visiting over 42 countries and 48 states.

Dr. Stanley Handelman
died November 11, 2016. After earning his DMD from Tufts University Dental School, Dr. Handelman came to Eastman Dental Dispensary in 1958 to work as a research associate and instructor, eventually becoming chair of General Dentistry for 24 years and remaining on faculty for 56 years. He authored more than 80 publications, maintained a private practice and was active in the profession locally, regionally and nationally. Described as the father of postdoctoral general dentistry education and as the originator of many modern aspects of continuing education, Dr. Handelman's success as an educator and researcher, the annual Handelman Conference continues to this day.

Dr. Samuel B. Low
Graduated University Buffalo 1959 and Tufts University 1963. Dr. Low is Professor Emeritus, University of Florida, and Distinguished Alumnus by the University of Texas Dental Branch of the American Academy of Periodontology and was selected “Dentist of the Year” by the Florida Dental Association. Dr. Low received the Award of Merit from the Seventh District Dental Society and the Handelman Scholarship Fund were established at the University of Rochester’s School of Medicine and Dentistry. **Innovative Periodontics: Creating Success in Today’s Dental Practice**

Dr. Samuel B. Low

Want to utilize your Hygienist’s time more productively?

Looking for a quality resource for “what’s new” in dental products, systems and technology?

With periodontitis being the major contributor for tooth loss in the practice of dentistry, resolving the disease process requires the entire dental team’s commitment to a systematic approach. This presentation will provide the participant with user-friendly protocols and technological solutions to find and manage periodontal disease. Take the frustration out of delivering periodontal care and gain success with patient case acceptance, tooth retention and financial reward.

**Learning Objectives**

- Empowering the dental hygienist with expanded work descriptions beyond the “prophy” and assist in case acceptance.
- Developing “realistic” non-surgical therapies and the respective reevaluation with emphasis on “new” anti-inflammatory systems including micro-ultrasounds and laser technology, and nutraceuticals as probiotics and anti-oxidants
- Determining the efficacy of utilizing various laser wavelengths in subgingival decontamination, degranulation, new attachment, and bone regeneration
- Establishing a quality periodontal maintenance program that enhances the restorative practice including third party reimbursement.

**149th Annual Meeting**

Dr. Low is Professor Emeritus, University of Florida, Associate faculty member of the Pankey Institute with 30 years of private practice experience in periodontics, lasers and implant placement. He is Past President of the American Academy of Periodontology and was selected “Dentist of the Year” by the Florida Dental Association, Distinguished Alumnus by the University of Texas Dental School, Gordon Christensen Lecturer Recognition Award, Past President of the Florida Dental Association and past ADA Trustee.
