Dear Lori,

This is the most wonderful time of the year. It's the time of year when we collectively reflect on our lives and the year gone by. It is the season of love, giving, and appreciation. A time to gather with family and friends in the warmth of our homes and count our blessings of good health, prosperity, and happiness. And, although others may not have been equally blessed this year, your generosity sustains them for another day.

It is your compassion that allows us to continue to give to our patients and clients who need assistance during this time of year. Whether it is a warm pair of gloves or socks, travel size items for the hygiene bags, a book to read on a cold winter's night, or money to allow us to provide healthcare services, it all counts.

We are extremely grateful for your gift of \$2,500 to support our work. However, our patients say it best:

"Thank everyone for their services. I love this place. Thank you, and God bless you all".

With sincerest gratitude and warm wishes for peace and joy throughout the New Year,

Candice A. Lucas, EdD
Executive Director

*Lori,
This gift is truly
a blessing.
Thank you
