**"In Office Sedation and General Anesthesia"**

**Presented by**  
Dr. Aaron Sigona

Log-in begins at 5:45pm ~ You must be on for the entire meeting to receive CE credits.

### Course Description

This lecture provides a structured framework for covering essential topics related to IV sedation and general anesthesia in a private practice dental office, ensuring that participants gain a comprehensive understanding of principles, techniques, safety considerations, and legal requirements.

### Learning Objectives

- Understand the differences between moderate sedation, deep sedation, and general anesthesia.
- Understand the differences between various sedation and anesthetic medications used.
- Recognize the importance of the preoperative evaluation and risk factors that preclude sedation/anesthesia in an office-based setting.
- Learn the anesthesia equipment brought by the anesthesia provider and safety protocols for office-based anesthesia.
- Learn the postoperative care and monitoring protocols in the post-anesthetic recovery period.
- Know the legal and regulatory considerations for Nitrous Oxide, IV Sedation and General Anesthesia.

### Dr. Aaron Sigona

Dr. Sigona is a Finger Lakes native having been born and raised in Auburn, NY. Since an early age, he has had a passion for helping others and a lifelong commitment to the healthcare field. Dr. Sigona started his academic career at Binghamton University where he graduated magna cum laude. Subsequently, he went on to pursue his Doctorate of Dental Surgery at the University of Buffalo. He continued his professional training with a three-year residency in Dental Anesthesiology at Stony Brook University hospital, where he served as the Chief Resident of the program. On the weekends, you can find Dr. Sigona and his wife cheering for the Buffalo Bills or enjoying the natural beauty that upstate New York has to offer.
