

Careers in Dentistry 2026

Presented by the Monroe County Dental Society

Coordinators: Drs. Taylor Squires, Katie Strong, Aaron Sigona, Swetha Sathasivam

Contact: careersindentistryprogram@gmail.com

We are excited to welcome college and high school students who are interested in the field of dentistry to join us for our 2026 Careers in Dentistry Program. This program will provide you with an overview of the pathways to becoming a dentist and offers exposure to a variety of dental specialties. Participants will visit the University at Buffalo School of Dental Medicine for a tour and will meet with students to learn about life in dental school and how to become a successful applicant. The program will also allow you to connect with local dentists and offers the opportunity for mentorship and networking. Please do not hesitate to reach out with any questions!
