Tuesday, January 16, 2024
Locust Hill Country Club
2000 Jefferson Road, Pittsford, NY 14534

***"Orofacial Myofunctional Disorders:
The signs are right under your nose"***

Presented by
Dayna Moon, RDH specializing in Orofacial Myology

Registration and Dinner 6pm * Lecture 7pm-9pm
2 CE Credits

Biography

Dayna Moon started her dental career as a dental assistant at Eastman Dental Center. She quickly realized she wanted to further her career in dentistry. She traveled to Colorado where she received her dental hygiene degree. As a dedicated registered dental hygienist, she inspires health and wellness for her patients with a passion for disease prevention. Her path as a health care provider further revealed itself as Dayna became a mother of two. She noticed the airway problems her son was experiencing and immediately began researching the most groundbreaking treatment options and methods to provide relief. This is when she was propelled into the world of Orofacial myofunctional therapy. Dayna studied under the world renowned Breathe Institutes program, MyoMentor. She has since continued her passion for learning by taking multiple advanced level courses and continuing education. Dayna also hosts a local study club, ROC the Airway, where she connects and collaborates with a multidisciplinary group of providers. Her local practice, Moon Orofacial Myology, provides treatment for children and adults. With the ability to recognize and remedy the origin of orofacial myofunctional disorders Dayna is looking forward to a lifetime of helping others feel better, end their suffering, and thrive.

Session description

This presentation will introduce you to the field of orofacial myofunctional therapy. You will understand your role as a dentist in identifying orofacial myofunctional disorders, how to properly screen your patients and when to refer out for treatment. You will also gain insight on the root causes of sleep apnea, malocclusion, and parafunctional habits. After attending this presentation, you will be able to implement what you have learned into your daily dental practice to help patients sleep, breathe, and grow.

Learning Objectives

- Define orofacial myofunctional therapy.
- Identify the 4 goals of Orofacial myofunctional therapy.
- List 3 orofacial myofunctional disorders (OMD).
- Understand the dental implications associated with OMDs.
- Methods to screen your patients chairside.

Monroe County Dental Society is a component of the 7th District; recognized as a CERP provider through NYSDA.

ADA CERP® | Continuing Education
Recognition Program

The Seventh District Dental Society is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at CCEPR.ADA.org.
