Executive Orders
Court Notices

The last date for submission of public comments is indicated on each Notice of Proposed Rule Making. Unless a different date is specified by statute, the proposing agency must accept comments for at least: 60 days after the date of *Register* publication of a Notice of Proposed Rule Making or combined Notice of Emergency Adoption and Proposed Rule Making; and 45 days after publication of a Notice of Revised Rule Making or combined Notice of Emergency Adoption and Revised Rule Making. When a public hearing on a proposed rule is statutorily required: the hearing may not be held until at least 60 days after the publication date of the notice; and comments must be accepted for at least 5 days after the last required hearing. When a public comment period for a proposed rule is scheduled to end on a Saturday, Sunday or public holiday, comments are accepted through the next succeeding business day.

For notices published in this issue:

- the 60-day period expires on September 20, 2026
- the 45-day period expires on September 5, 2026

**KATHY HOCHUL
GOVERNOR**

NEW YORK STATE REGISTER

Be a part of the rule making process!

Public comment on proposed rules is encouraged and may be submitted to the agency that is proposing the rule. Address your comments to the agency representative whose name and address is printed in the rule making notice. No special form is required; a handwritten letter will do. Individuals who access the online *Register* (dos.ny.gov/state-register) may send public comment via electronic mail to e-mail addresses that may be provided in Notices of Proposed Rule Making. This includes Proposed, Emergency/Proposed, Revised Proposed and Emergency/Revised Proposed rule makings.

To be considered, comments should reach the agency before expiration of the public comment period. The State Administrative Procedure Act provides for a minimum 60-day public comment period after publication in the *Register* for Notices of Proposed Rule Making, and a 45-day public comment period for Notices of Revised Rule Making. If a public hearing is required by statute, public comments are accepted for at least five days after the last such hearing. Agencies are also required to specify in each notice the last date of the public comment period.

When a public comment period would end on a Saturday or Sunday, the agency accepts public comment through the following Monday; when the comment period ends on a public holiday, public comment will be accepted through the next succeeding business day. Agencies cannot adopt a proposed rule until the day after the conclusion of the public comment period.

The Administrative Regulations Review Commission (ARRC) reviews newly proposed regulations to examine issues of compliance with legislative intent, impact on the economy, and impact on affected parties. In addition to sending comments or recommendations to the agency, please do not hesitate to transmit your views to ARRC:

Administrative Regulations Review Commission
State Capitol
Albany, NY 12247
Telephone: (518) 455-2731

Each paid subscription to the *New York State Register* includes one weekly issue for a full year and four "Quarterly Index" issues. The Quarterly is a cumulative list of actions that shows the status of every rule making action in progress or initiated within a calendar year.

The *Register* costs \$80 a year for a subscription mailed first class and \$40 for periodical (second) class. Prepayment is required. To order, send a check or money order payable to the NYS Department of State to the following address:

NYS Department of State
One Commerce Plaza
99 Washington Avenue
Suite 650
Albany, NY 12231-0001
Telephone: (518) 474-6957

KEY: (P) Proposal; (RP) Revised Proposal; (E) Emergency; (EP) Emergency and Proposal; (A) Adoption; (AA) Amended Adoption; (W) Withdrawal

Public comment may be sent via electronic mail to e-mail addresses that may appear in Notices of Proposed Rule Making. This includes Proposed, Emergency/Proposed, Revised Proposed and Emergency/Revised Proposed rule makings.

RULE MAKING ACTIVITIES

Each rule making is identified by an I.D. No., which consists of 13 characters. For example, the I.D. No. AAM-01-96-00001-E indicates the following:

AAM -the abbreviation to identify the adopting agency
01 -the *State Register* issue number
96 -the year
00001 -the Department of State number, assigned upon receipt of notice.
E -Emergency Rule Making—permanent action not intended (This character could also be: A for Adoption; P for Proposed Rule Making; RP for Revised Rule Making; EP for a combined Emergency and Proposed Rule Making; EA for an Emergency Rule Making that is permanent and does not expire 90 days after filing.)

Italics contained in text denote new material. Brackets indicate material to be deleted.

Office of Cannabis Management

NOTICE OF ADOPTION

Amendments to Medical Cannabis Regulations

I.D. No. OCM-12-26-00002-A

Filing No. 643

Filing Date: 2026-07-02

Effective Date: 2026-07-22

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Amendment of Part 113 of Title 9 NYCRR.

Statutory authority: Cannabis Law, sections 3, 10, 13, 30, 31, 32, 32-a and 43

Subject: Amendments to medical cannabis regulations.

Purpose: Amends medical cannabis regulations to conform to enacted legislation.

Text or summary was published in the March 25, 2026 issue of the Register, I.D. No. OCM-12-26-00002-P.

Final rule as compared with last published rule: No changes.

Text of rule and any required statements and analyses may be obtained from: David Nardolillo, Office of Cannabis Management, 1220 Washington Avenue, Albany, NY 12226, (888) 626-5151, email: regulations@ocm.ny.gov

Initial Review of Rule

As a rule that requires a RFA, RAFA or JIS, this rule will be initially reviewed in the calendar year 2029, which is no later than the 3rd year after the year in which this rule is being adopted.

Assessment of Public Comment

The Office of Cannabis Management (“OCM”) received 19 sets of comments to the proposal amending medical cannabis regulations in Title 9,

Part 113, of the New York Codes, Rules and Regulations (“NYCRR”) to conform to statutory changes to Article 3 of the Cannabis Law. Commenters included certified patients, designated caregivers, members of the public, local government agencies, and community boards. The following is an assessment of the comments received.

COMMENT: Many comments supported specific provisions of the proposed amended medical cannabis regulations, including the increased possession limits; expanding the number and ages of eligible designated caregivers; provisions allowing for reciprocity; and the extension of the patient certification to two years from one year. Commenters cited the effectiveness of medical cannabis in alleviating symptoms of disease, including chronic pain and neuropathy. One commenter did note that medical dispensaries were closing in their area, and another noted the increased prevalence of adult-use dispensaries and asked OCM to prevent further encroachment on medical dispensaries.

RESPONSE: OCM appreciates the supportive comments. OCM hopes that the statutory changes reflecting in these regulatory amendments will increase access to medical cannabis and support that portion of the market.

COMMENT: Commenters argued to further extend the patient certification expiration date from two years to five years. Another commenter argued that physicians charging fees to seniors for the certification examination was unfair.

RESPONSE: No change will be made. The certification period in the regulations is limited by the Cannabis Law’s limit of two years for the patient certification. Further, OCM charges no fee for a patient registration and no New York law, or regulation, requires that a provider charge a fee to conduct an examination of a patient seeking a certification. However, under the regulations, providers are permitted to charge an appropriate fee for their services.

COMMENT: One commenter asked when New York medical dispensaries could start accepting out-of-state certifications under the reciprocity provisions.

RESPONSE: New York medical dispensaries may accept patient certifications from other states immediately upon adoption of the regulations. Any dispensing of medical cannabis products must comply with the provisions in the law and regulations.

COMMENT: Commenters raised compliance concerns regarding inconsistent identification checks among different dispensing sites as well as the presence of non-compliant product inventory.

RESPONSE: Section 113.13(h) of the regulations requires a medical dispensary to verify a person’s identification and certification status before it is allowed to dispense medical cannabis. Persons who are concerned that any dispensary is improperly maintaining or dispensing cannabis products should file a complaint through OCM’s incident reporting form which can be found on the OCM website.

COMMENT: OCM received a comment suggesting that internationally issued identification be included in the acceptable forms of patient verification in 9 NYCRR § 113.13.

RESPONSE: No change will be made. The valid forms of identification are set forth in statute, specifically Cannabis Law § 32[2][a], and do not include identification issued by foreign governments.

COMMENT: Commenters requested that the categories eligible for the “designated caregiver facility” designation be expanded and expressed concerns that some practitioners at these locations were improperly refusing to assist certified patients with medical cannabis.

RESPONSE: No change will be made. The language of section 113.1[q] allows for facilities not included in the regulatory language to be considered as a designated caregiver facility upon registering with OCM. Certified patients and members of the public may report concerns regarding the failure of designated caregiver facilities to properly assist certified patients by using OCM’s incident reporting form which can be found on the OCM website.

COMMENT: One commenter asked that OCM refine the definition of “medical cannabis” due to potential federal rescheduling.

RESPONSE: No change will be made. “Medical cannabis” is defined in

the Cannabis Law and refining the current list of certified medical uses is premature; OCM is awaiting further developments and guidance from federal agencies regarding rescheduling of medical cannabis.

COMMENT: One comment argued that OCM should provide website links in addition to QR codes as some users may not have the proper devices or technological know-how to use a QR code.

RESPONSE: No change will be made. Patients and caregivers have the option of presenting a printed or electronic copy of their patient certification which contains a registry id number and are not required to use a scannable code.

COMMENT: Persons who received a certification prior to the amendment of the rule should also have their certifications last two years.

RESPONSE: No change will be made. The Cannabis Law and associated regulations do not apply retroactively, and the expiration dates of patient certifications currently in effect will not change, and these patients will need to recertify upon that date. It is important to note that while patient certifications may last up to two years under statute, providers are not required to issue certifications that last the maximum two years. A certifying provider has full discretion to determine the appropriate certification period based on their clinical judgment. Automatically extending certifications without provider input would improperly override the clinician's evaluation.

COMMENT: One commenter urged that practitioners receive more than the two hours of mandatory training required by the regulations. OCM received another comment requesting clarification of the minimum educational standards for Office-approved practitioner courses in 9 NYCRR § 113.2.

RESPONSE: No change will be made. The regulations on training were updated to reflect the statutory changes that now require practitioners receive "appropriate training" before certifying patients, a change which is targeted to increase patient access to certifying practitioners.

OCM recognizes the importance of ensuring that healthcare practitioners have access to evidence-informed education regarding cannabis and cannabinoid products, which is not defined solely by time spent in training sessions. At the same time, it is important to recognize that cannabis-related education does not exist in isolation.

Cannabis-related clinical decision-making occurs within a broad framework of medical knowledge and patient care, and healthcare providers routinely receive training and continuing education on pain management, controlled substances, substance use disorders, harm reduction, patient safety, and evidence-based prescribing practices throughout their professional careers. To support that framework, NYS agencies—including the Office, the Department of Health and the Office of Addiction Services and Supports—as well as universities, health systems, and professional societies provide clinical education programs regarding medical cannabis.

Taken together, these educational opportunities reflect a robust and expanding educational landscape for medical cannabis, which is one component of a larger clinical skill set that is reinforced through interdisciplinary collaboration and public health partnerships across multiple sectors.

COMMENT: Some comments noted the financial burden imposed by fees and taxation on medical cannabis and proposed removing taxes on medical cannabis or exempting certified patients from being taxed on adult-use products. Other commenters asked for transparent medical cannabis pricing and discounts for medical cannabis patients.

RESPONSE: No change will be made. Taxation of cannabis is set by statute and cannot be changed by amending regulations. However, it should be noted that the tax on medical cannabis was reduced from 7 % to 3.15% by the 2024-25 state fiscal year budget, and Section 490 of the New York Tax Law prohibits this tax from being separately charged to the certified patient.

On pricing, Registered organizations may offer discounts on medical cannabis products and must retain documentation supporting pricing for review by the Office. Registered organizations are also required to report pricing changes to OCM.

COMMENT: Commenters asked OCM to monitor for disparities in the medical cannabis market, focusing especially on access issues faced by patients from communities disproportionately impacted by cannabis prohibition, and to report data on these issues.

RESPONSE: OCM closely monitors the medical cannabis market and access issues from both a public health and a social equity perspective and regularly reports on the medical cannabis market to the public at Cannabis Control Board meetings and through its annual report.

COMMENT: OCM received comments suggesting that Registered Organizations be required to provide updated Community Impact Plans during registration renewal, or that OCM prioritize registered organizations in particular areas. One comment asked that OCM add social equity criteria for reduced registration fees. Other comments asked that OCM prioritize diversity and equity among practitioners.

RESPONSE: No change will be made. Community impact plans are required by statute for adult-use licensees, including Registered Organizations who have received authorizations to participate in the adult-use cannabis market. See, e.g. Cannabis Law § 64. The Cannabis Law does not have a community impact plan requirement for Registered Organizations that only have authority to participate in the medical cannabis market. The regulations also allow the Cannabis Control Board broad authority to reduce registration fees "due to the nature and scope, or size of the activities for which the registered organization is applying."

COMMENT: OCM received comments in support of the legal possession limit being raised for certified patients and designated caregivers. One comment requested the regulations be amended to clarify the difference between possession limits for medical cannabis products and the penal law limits for home possession of Cannabis.

RESPONSE: No change will be made. The regulations do not address possession limits applying to different types of cannabis and cannabis products because these are adequately defined by statute. Under Cannabis Law § 31, certified patients or their designated caregiver may legally possess cannabis or concentrated cannabis in quantities up to the greater of the Penal Law limits or a sixty-day supply, provided that during the last seven days of any sixty-day period, that individual may also possess up to such amount for the next sixty-day period.

COMMENT: One person asked if the regulations changed the number of plants a certified patient may have for home cultivation.

RESPONSE: The regulations do not change the limits on home cultivation set by statute in Section 41 of the Cannabis Law and Section 222.15 of the Penal Law.

COMMENT: One commenter opposed dropping the age of the designated caregiver below the age of 21, arguing that individuals under that age: were navigating life transitions and unable to properly assist certified patients; were likely to transport medical cannabis near schools given the tasks required of a designated caregiver; and could potentially suffer cognitive harm from exposure to cannabis prior to age 25.

RESPONSE: No change will be made. The change in eligible age of a designated caregiver was enacted by statutory amendments and cannot be changed by regulation.

Finally, several comments addressed matters that were outside the scope of the rule making and, therefore, do not require a response. These comments addressed the following topics:

- Funding of medical cannabis via worker's compensation payments.
- Comment directed to the leadership of the New York Medical Cannabis Industry Association regarding the closure of medical dispensaries and revocation of certification reimbursement.
- Comment about full-spectrum and broad-spectrum hemp products.
- Comment requesting that the Cannabis Control Board extend the time within which a registered organization must become operational before being asked to surrender its license.
- Comment asking that more citations to the Vehicle and Traffic Law be added to the regulations.
- Comment regarding the health risks and safety hazards of home cultivation of cannabis.
- Comment about discounts at adult-use dispensaries.
- Comment requesting OCM require that cannabis be integrated into "whole person" medical care.

Office of Children and Family Services

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Child Care Substitute Pools

I.D. No. CFS-29-26-00002-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of Parts 413, 414, 415, 416, 417, Subparts 418-1 and 418-2 of Title 18 NYCRR.

Statutory authority: Social Services Law, sections 20(3)(d), 390(2-a)(a), 390-a(2), (3), 390-b, 390-n and 410-x

Subject: Child Care Substitute Pools.

Purpose: To implement SSL 390-n and outline the process to place substitute caregivers at licensed and registered child care programs.

Substance of proposed rule (Full text is posted at the following State website: <https://ocfs.ny.gov/main/legal/regulatory/pc/>): Effective May 9, 2026, New York Social Services Law (SSL) 390-n authorizes the New York State Office of Children and Family Services (OCFS) to issue operating certificates to Child Care Support Centers (CCSCs) to place individuals as substitute caregivers at licensed and registered child care programs. To effectively implement the new statute, OCFS proposes amendments to Parts 413, 414, 416, 417, and Subparts 418-1 and 418-2 of Title 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York (NYCRR).

The proposed amendments to 18 NYCRR 413.2 add, revise, or clarify the definitions of terms used throughout Parts 414, 416, 417 and Subparts 418-1 and 418-2:

- add “substitute caregiver” to mean any person who has been placed by a CCSC at a licensed or registered child care program;
- add “Child Care Support Center” to mean an entity operating as a child care resource and referral program that is granted a valid operating certificate by OCFS for the purpose of placing substitute caregivers at licensed and registered child care programs;
- add “operating certificate” to mean a document issued by OCFS to a CCSC in accordance with 18 NYCRR 413;
- revise existing definitions of “applicant” and “safety plan” to add reference to CCSCs;
- revise existing definition of “employee” to include substitute caregivers; and
- clarify existing definitions of “assistant” and “substitute”.

The proposed amendments to 18 NYCRR 413.3 require OCFS to deny an application for a CCSC operating certificate if the applicant had an operating certificate revoked within the two years prior to the date of application, consistent with statutory text. The proposed amendments also add to existing enforcement regulations denial or revocation of a CCSC operating certificate.

The proposed amendments to 18 NYCRR 413.4 require CCSCs to provide Comprehensive Background Check (CBC) forms to prospective substitute caregivers and allow CCSCs to initiate CBCs for substitute caregivers. The proposed amendments also clarify that substitute caregivers are not eligible for provisional employment and must have an approved CBC to be placed at a licensed or registered child care program.

The proposed amendments to 18 NYCRR 413.5 provide CCSCs the right to a fair hearing if an application for an operating certificate is denied or an operating certificate is revoked.

The proposed amendments add a new section 18 NYCRR 413.8 to establish the process and requirements for CCSCs. Applicants that are under contract with OCFS for an operating certificate to be a CCSC must submit procedures for determining that individuals have met applicable standards, training, CBC, and any other OCFS requirements prior to being placed as a substitute caregiver at a licensed or registered child care program. CCSCs must follow its procedures and provide the procedures to licensed and registered child care programs that seek placement of a substitute caregiver and individuals that request to become a substitute caregiver. Operating certificates are not transferrable to any other person or entity and remain valid unless surrendered by the CCSC or revoked by OCFS, consistent with SSL 390-n.

OCFS proposes amendments to Parts 414, 415, 416, 417 and Subparts 418-1 and 418-2 of Title 18 NYCRR in order to eliminate the requirement that an additional check of the Statewide Central Register of Child Abuse and Maltreatment (SCR) and the Staff Exclusion List (SEL) be conducted and a new medical statement be obtained when an individual with an already approved comprehensive background check joins a new program, and to streamline the process for placing substitute caregivers.

The proposed amendments to 18 NYCRR 414.2, 414.10, 414.13, 414.15, 416.2, 416.13, 416.15, 417.2, 417.13, 417.15, 418-1.2, 418-1.10, 418-1.13, 418-1.15, 418-2.2, 418-2.13, 418-2.15 remove the requirement for additional checks of the SCR and the SEL when CBC-approved individuals join a new program. Such individuals continue to be subject to SCR and SEL checks as required in sections 413.4 and 415.15.

The proposed amendments to 18 NYCRR 414.11, 414.15, 415.13, 416.2, 416.11, 416.15, 417.2, 417.11, 417.15, 418-1.11, 418-1.15, 418-2.2, 418-2.11, 418-2.15 clarify medical statement requirements for applicable roles at each child care modality. Initial medical statements are required before a person’s first involvement in child care work. An updated medical statement is required when an event or condition reasonably calls into question a person’s ability to provide safe and suitable child care, a person has separated from their role in a child care program within New York State for more than 180 consecutive days, or if there is reasonable cause to suspect the information provided is inaccurate. All medical statements must be dated within 12 months of submission for all modalities of care. Additionally, all medical statements for required individuals at licensed and registered programs must include a Mantoux or other federally approved tuberculin test performed within 12 months of submission.

Text of proposed rule and any required statements and analyses may be obtained from: Nicholas Martin, Office of Children and Family Services, 52 Washington Street, Rensselaer, NY 12144, (518) 474-8310, email: regcomments@ocfs.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

Regulatory Impact Statement

1. Statutory Authority:

Section 20(3)(d) of the Social Services Law (SSL) authorizes the New York State Office of Children and Family Services (OCFS) to establish rules, regulations, and policies to carry out OCFS’s powers and duties under the SSL.

Section 390(2-a)(a) of the SSL requires that OCFS promulgate regulations that establish minimum quality program requirements for licensed and registered child day care programs, including but not limited to minimum standards for prevention of child abuse and maltreatment, staff qualifications, and training.

Section 390-a(2) of the SSL requires child day care center employees to meet minimal experiential and educational qualifications.

Section 390-a(3) of the SSL requires employees and assistants of licensed and registered child care programs to receive pre-service and annual training as set forth therein.

Section 390-b of the SSL requires employees of licensed and registered child care programs to complete criminal history review and background clearances as set forth therein.

Section 390-n of the SSL authorizes OCFS to issue operating certificates to Child Care Support Centers (CCSCs) to place individuals as substitute caregivers at licensed and registered child care programs. Prior to doing so, a CCSC must verify that the substitute caregiver has met the standards and training requirements set forth in SSL 390-a for child day care program employees, the criminal history review and background clearance requirements set forth in SSL 390-b for prospective employees of a child day care program, and any other requirements established by the regulations of OCFS.

Section 410-x of the SSL requires OCFS promulgate regulations that establish minimum health and safety requirements for providers providing care funded under the New York State Child Care Block Grant.

2. Legislative Objectives:

Effective May 9, 2026, SSL 390-n authorizes OCFS to issue operating certificates to CCSCs to place individuals as substitute caregivers at licensed and registered child care programs. The objective of the legislature in providing OCFS this statutory authority was to address critical staffing shortages within the child care sector. This rule implements the new statute and outlines this process.

3. Needs and Benefits:

This rule is necessary to implement the new SSL 390-n and outline the process for CCSCs. Providing a qualified pool of substitute caregivers to licensed and registered child care programs will support continuity of operations for programs and availability of quality child care for families and their children.

Workforce shortages have continued to impact the child care sector since the pandemic. The intent behind creating a substitute pool was to facilitate a streamlined way for child care programs to fill needed staff positions in a quick, efficient manner, which would in turn promote continuity of operations for programs and continuity of care for families.

Additionally, this rule eliminates an administrative burden for all child care programs and CCSCs by removing the requirement for an additional check of the Statewide Central Register of Child Abuse and Maltreatment (SCR) and the Staff Exclusion List (SEL) when an individual with an approved comprehensive background check joins a new program. Requirements for medical statements are clarified for all modalities. Streamlining requirements for SCR/SEL checks and medical statements will remove administrative barriers for programs and their employees.

4. Costs:

There are no additional costs to districts. OCFS has released a competitive procurement for CCSCs, which will receive State funding for operating expenses pursuant to a contract once an operating certificate is issued. Up to four awards will be made statewide with a maximum of one award per OCFS-defined region to an established CCR&R currently serving that region. The total funding for this project is anticipated to be \$12.5 million over five years (\$2.5M per year), which will be divided equally among the awarded contractors, anticipated to be \$625,000 per awardee annually. Child care providers opting to use the CCSC to obtain a substitute caregiver will need to pay the individual for the services/work performed at the program.

5. Local Government Mandates:

There are no local government mandates.

6. Paperwork:

There is no additional paperwork for districts. CCSCs will utilize OCFS's Facility Application and Management System (FAMS) to determine status of the comprehensive background check training and document other eligibility requirements, including minimum experiential and educational qualifications and training. CCSCs and providers will be provided access to an application for placing and requesting substitute caregivers. Programs will utilize the application to request placement of substitute caregivers. The CCSC will use the application and FAMS to associate approved substitute caregivers to the programs for the time the individual is providing care at the program. The centralized nature of the administrative work being done by the CCSCs will alleviate administrative work normally incurred by licensed and registered child care programs to onboard a staff member.

Additionally, providers will have a decrease in paperwork due to the removal of the requirement for additional SCR/SEL checks and medical statements for individuals currently approved through the comprehensive background check process.

7. Duplication:

This rule does not duplicate, overlap, or conflict with any existing State or Federal rules.

8. Alternatives:

There are no alternatives; the revisions are required pursuant to Federal and State law.

9. Federal Standards:

This rule is consistent with applicable Federal requirements.

10. Compliance Schedule:

This rule becomes effective upon publication of the Notice of Adoption in the New York State Register.

Regulatory Flexibility Analysis

1. Effect of Rule:

There are 16,557 licensed/registered child care programs that may be affected by this rule implementing the Child Care Support Centers (CCSC), the majority of which are small businesses. Additionally, there are 32 Child Care Resource and Referral Agencies (CCR&Rs) in New York State, a limited number of which will be eligible to apply for a CCSC operating certificate. The 58 social services districts in New York State will not be affected by this rule.

There are 16,557 licensed/registered child care programs and 2,452 legally exempt child care programs, the majority of which are small businesses, that may be impacted by this rule clarifying the requirement for medical statements and eliminating the requirement and administrative burden for these programs to perform an additional check of the Statewide Central Register of Child Abuse and Maltreatment (SCR) and the Staff Exclusion List (SEL) when an individual with an already approved comprehensive background check joins their program.

2. Compliance Requirements:

If licensed and registered child care programs would like to utilize the substitute pool, they will need to comply with the procedures established by the CCSC that place the substitute caregivers. The CCSC must comply with the terms of the contract developed as a result of the competitive procurement under which they are awarded funds.

Programs will utilize an application managed by the CCSC to request placement of substitute caregivers. The CCSC will link approved substitute caregivers to programs using the application.

3. Professional Services:

Child care programs will not be required to use or employ any additional professional services because of this rule.

4. Compliance Costs:

The New York State Office of Children and Family Services (OCFS) has released a competitive procurement for CCSCs, which will receive State funding for operating expenses pursuant to a contract once an operating certificate is issued. Up to four awards will be made statewide with a maximum of one award per OCFS-defined region to an established CCR&R currently serving that region. The total funding for this project is anticipated to be \$12.5 million over five years (\$2.5M per year), which will be divided equally among the awarded contractors, anticipated to be \$625,000 per awardee annually. Child care providers opting to use the CCSC to obtain a substitute caregiver will need to pay the individual for the services/work performed at the program.

There are no additional costs to providers regarding clarification of the medical statement and removal of the SCR and SEL checks for individuals who are already approved through the comprehensive background check process.

5. Economic and Technological Feasibility:

There are no new requirements that will impact economic feasibility. CCSCs will utilize OCFS's Facility Application and Management System (FAMS) to determine statuses of the comprehensive background check and will document training and other eligibility requirements. CCSCs and providers will be provided with access to the application for requesting and placing substitute caregivers.

6. Minimizing Adverse Impact:

OCFS believes there will not be an adverse impact on child care programs; in fact, OCFS believes the rule will positively impact programs by promoting the availability of qualified substitute caregivers and reducing requirements and administrative burdens associated with onboarding new staff. By making it easier and simpler for programs to hire new staff, the regulations will benefit the programs themselves, as well as individual staff and families of children in care. Additionally, OCFS has a contract with Early Care and Learning Center (ECLC) to provide guidance, technical assistance, and outreach to those impacted by this rule.

7. Small business and Local Government Participation:

As explained above, ECLC provides guidance, technical assistance, and outreach to those that are impacted by this rule. To date ECLC has conducted four virtual round table discussions with the CCR&R's, on March 4, 2026, March 18, 2026, April 1, 2026, and April 29, 2026. ECLC and the CCSCs will recruit and vet individuals to serve as substitute caregivers. ECLC and CCSCs will provide resources to child care programs regarding how they can request placement of substitute caregivers. Additionally, in accordance with State Administrative Procedure Act 202-b(6), OCFS will notify programs of the proposed regulations through a Dear Provider Letter. OCFS will also post this information on the OCFS website, including contact information for questions on this rule and the email address of the regulation's mailbox (regcomments@ocfs.ny.gov) to provide public comments.

Rural Area Flexibility Analysis

1. Types and Estimated Numbers of Rural Areas:

This rule will apply to licensed, registered, and enrolled legally exempt child care programs, excluding relative-only child care providers. This rule will also apply to any Child Care Resource and Referral Agencies (CCR&Rs) covering the 44 rural areas of the State that operate a Child Care Support Center (CCSC).

2. Reporting, Recordkeeping and Other Compliance; and Professional Services:

Child care programs are not required to hire additional professional staff to implement these regulations. If licensed and registered child care programs would like to utilize the substitute pool, they will need to comply with the procedures established by the CCSC that place the substitute caregivers. The CCSC must comply with the terms of the contract developed as a result of the competitive procurement under which they are awarded funds.

Programs will utilize an application managed by the CCSC to request placement of substitute caregivers. The CCSC will link approved substitute caregivers to programs using the application.

3. Costs:

OCFS will release a competitive procurement for CCSCs, which will receive State funding for operating expenses pursuant to a contract once an operating certificate is issued. Child care providers opting to use the CCSC to obtain a substitute caregiver will need to pay the individual for the services/work performed at the program.

There are no additional costs to providers with regard to clarification of the medical statement and removal of the Statewide Central Register of Child Abuse and Maltreatment and Staff Exclusion List checks for individuals who are already approved through the comprehensive background check process.

4. Minimizing Adverse Impact:

OCFS does not anticipate any disproportionate adverse impact to child care programs or local social services districts in rural counties of New York State because of this rule. In fact, OCFS believes the rule will positively impact programs by promoting the availability of qualified substitute caregivers and reducing requirements and administrative burdens associated with onboarding new staff. By making it easier and simpler for programs to hire new staff, the regulations will benefit the programs themselves, as well as individual staff and families of children in care. Additionally, OCFS has a contract with Early Care and Learning Center (ECLC) to provide guidance, technical assistance, and outreach to those impacted by this rule.

5. Rural Area Participation:

As explained above, ECLC provides guidance, technical assistance, and outreach to those that are impacted by this rule. To date ECLC has conducted four virtual round table discussions with the CCR&R's. ECLC and the CCSCs will recruit, vet, and train individuals to serve as substitute caregivers. ECLC and CCSCs will provide resources to child care programs regarding how they can request placement of substitute caregivers. Additionally, in accordance with State Administrative Procedure Act 202-b(6), OCFS will notify programs of the proposed regulations through a Dear Provider Letter. OCFS will also post this information on the OCFS website, including contact information for questions on this rule and the email address of the regulation's mailbox (regcomments@ocfs.ny.gov) to provide public comments.

Job Impact Statement

The proposed amendments to regulation will not have a substantial adverse impact on jobs or employment opportunities in child care programs. A full

Job Impact Statement has not been prepared for the proposed regulations as there should be no resulting loss of jobs. In fact, the Office of Children and Family Services expects the proposed regulations to have a positive impact on employment of child care workers by promoting the availability and use of qualified substitute caregivers.

Department of Environmental Conservation

EMERGENCY RULE MAKING

Regulations Governing Recreational Fishing of Bluefish

I.D. No. ENV-16-26-00005-E

Filing No. 644

Filing Date: 2026-07-02

Effective Date: 2026-07-02

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Amendment of Part 40 of Title 6 NYCRR.

Statutory authority: Environmental Conservation Law, sections 13-0105 and 13-0340

Finding of necessity for emergency rule: Preservation of general welfare.

Specific reasons underlying the finding of necessity: This rulemaking is necessary for New York State to implement and remain consistent with recent changes to the Atlantic States Marine Fisheries Commission (ASMFC) and Mid-Atlantic Fishery Management Council's (MAFMC) fishery management plans (FMP) for Bluefish. The proposed rule was developed in response to an August 12, 2025 decision by ASMFC and MAFMC to allow increased recreational Bluefish harvest coast-wide through increased possession limits. Bluefish is managed jointly by ASMFC and MAFMC using a coast-wide framework. Each member state is currently required to have identical recreational management measures unless they have submitted an approved conservation equivalency program. The National Oceanic and Atmospheric Association's (NOAA) National Marine Fisheries Service published its proposed rule on this matter on December 9, 2025. The final rule was adopted on February 19, 2026.

The New York State Department of Environmental Conservation (department) is adopting these changes on an emergency basis to protect the general welfare of the State. If New York State fails to adopt the proposed rule New York recreational anglers and associated businesses would be operating under more restrictive rules than neighboring states and be denied the maximum benefit of these less restrictive fishing regulations.

The management measures specified in this Notice of Emergency Adoption are already in effect. DEC originally submitted a Notice of Emergency Adoption and Proposed Rule Making to the Department of State on April 7, 2026, and the new regulations became effective that day. The public comment period for this rule ends on June 22, 2026. In order to be promulgated on time, the Notice of Adoption would have had to be filed on June 15, 2026 to allow 15 to 21 days to be published in the State Register before the original emergency adoption expired. Since the public comment period ends after this date, it is not possible to file the Notice of Adoption prior to the emergency rule's expiration on July 5, 2026. This amendment is necessary for New York State's recreational Bluefish limits to remain consistent with ASMFC and MAFMC requirements, until a Notice of Adoption, already in progress, can be published and adopted.

Subject: Regulations governing recreational fishing of bluefish.

Purpose: To increase the recreational possession limits of Bluefish.

Text of emergency rule: 40 of 6 NYCRR, titled "Marine Fish," is amended as follows:

Table A in existing subdivision 40.1(e) is amended to read as follows:

Bluefish is amended to read as follows:

40.1 (e) Table A – Recreational Fishing.

Species	Open Season	Minimum Length	Possession Limit
Bluefish licensed party/ charter boat anglers	All year	No minimum size limit	[5] 7

Bluefish all other anglers	All year	No minimum size limit	[3] 5
----------------------------	----------	-----------------------	-------

This notice is intended to serve only as a notice of emergency adoption. This agency intends to adopt the provisions of this emergency rule as a permanent rule, having previously submitted to the Department of State a notice of proposed rule making, I.D. No. ENV-16-26-00005-EP, Issue of April 22, 2026. The emergency rule will expire August 30, 2026.

Text of rule and any required statements and analyses may be obtained from: Rachel Sysak, New York State Department of Environmental Conservation, 123 Kings Park Blvd, Kings Park, NY 11754, (631) 444-0469, email: rachel.sysak@dec.ny.gov

Additional matter required by statute: Pursuant to Article 8 of the ECL, the State Environmental Quality Review Act, a Coastal Assessment Form and a Short Environmental Assessment Form with a negative declaration have been prepared, and are on file with the Department.

Regulatory Impact Statement

1. Statutory authority:

The New York State Environmental Conservation Law (ECL) section 13-0105 directs the Department of Environmental Conservation (department) to manage the State of New York's marine fishery resources to preserve their long-term health and abundance for future generations while maintaining consistency with interjurisdictional fishery management plans (FMPs). ECL section 13-0340 further authorizes the department to fix by regulation measures for the management of Bluefish, including possession limits, as long as such measures are consistent with applicable interstate FMPs.

2. Legislative objectives:

It is the objective of the above-cited laws that the department manage Bluefish to optimize resource use for recreational harvesters in a manner that is consistent with marine fisheries conservation and management policies and interstate FMPs.

3. Needs and benefits:

Bluefish is managed by the Atlantic States Marine Fisheries Commission (ASMFC) and the Mid-Atlantic Fishery Management Council (MAFMC) using a recreational coastwide framework. The proposed rule is necessary for New York State to maintain consistency with the ASMFC and MAFMC FMP for Bluefish.

The department developed the proposed rule for consistency with less restrictive recreational possession limits adopted by ASMFC and MAFMC. More specifically, the proposed rule increases the recreational possession limit for private anglers from three fish to five fish and the recreational possession limit for anglers aboard licensed party/charter vessels from five fish to seven fish.

The proposed rule is necessary to optimize resource use by New York anglers. Failure by the State to adopt the proposed rule prior to the start of the recreational fishing season would place New York anglers at a disadvantage compared to anglers in neighboring states and deny them the maximum benefit of the less restrictive rules.

4. Costs:

There are no new costs to State and local governments from this action. The department will incur limited costs associated with implementation and administration of the proposed rule, including costs to notify recreational fishers, party and charter boat operators, and associated businesses of the new rules.

Because the proposed rule implements less restrictive recreational possession limits, no new costs are anticipated to fishers or related businesses. In contrast, the proposed rule may result in increased revenue for small businesses that rely, in part, on the State's recreational Bluefish fishery. Because Bluefish plays a significant role among New York's fisheries, increasing the number of fish that can be retained should provide economic benefits to those small businesses.

In 2025, there were 530 licensed party and charter businesses in New York State. Retail and wholesale marine bait and tackle shops may also benefit from the proposed rule. Data available from the National Oceanic and Atmospheric Administration's (NOAA) 2024 Marine Recreational Information Program estimates that there were 906,693 recreational trips targeting Bluefish in New York State during 2024. These statistics do not include federally permitted commercial vessels operating out of New York State. NOAA's 2022 report on The Economic Contribution of Marine Angler Expenditures on Durable Goods in the United States estimates that recreational angler expenditures contributed 2,425 jobs to the State's economy and \$249 million to the State's gross domestic product in 2021.

5. Local government mandates:

The proposed rule does not impose any mandates on local government.

6. Paperwork:

The proposed rule does not impose new paperwork requirements.

7. Duplication:

The proposed rule does not duplicate any State or Federal requirements.

8. Alternatives:

ASMFC and MAFMC member states must adopt identical recreational Bluefish management measures. The proposed increases to the possession limits represent the joint preference of the member states.

The “no action” alternative: ECL section 13-0340 requires the department to adopt Bluefish management measures that are consistent with ASMFC and other applicable interstate FMPs. The proposed rule must be adopted to maintain consistency with the ASMFC and MAFMC FMP for Bluefish. Failure to adopt the proposed rule would place New York anglers at a disadvantage compared to anglers in neighboring states and deny them the maximum benefit of the less restrictive rules.

9. Federal standards:

The amendments to 6 NYCRR Part 40 comply with the ASMFC FMP for Bluefish.

10. Compliance schedule:

The proposed emergency rule will take effect immediately upon filing of the Notice of Emergency Adoption with the Department of State. Regulated parties will be notified of the changes to the regulations through publication in the State Register, appropriate news releases, and through the department’s website. In addition, the department will send direct notice by email to party and charter boat license holders.

Regulatory Flexibility Analysis

1. Effect of rule:

The proposed rule implements the Atlantic States Marine Fisheries Commission (ASMFC) and Mid-Atlantic Fishery Management Council’s (MAFMC) increase to coast-wide recreational Bluefish possession limits. Specifically, the proposed rule increases the private angler possession limit from three fish to five fish and increases the angler aboard licensed party/charter vessel limit from five fish to seven fish.

The New York State Environmental Conservation Law (ECL) section 13-0340 requires the Department of Environmental Conservation (department) to adopt Bluefish management measures that are consistent with ASMFC and other applicable interstate fishery management plans (FMPs). The proposed rule is necessary to maintain consistency with ASMFC and MAFMC recreational Bluefish possession limits. Failure by the State to implement these new rules by the start of the recreational fishing season could put New York anglers at a disadvantage to neighboring states and deny them the maximum benefit of these less restrictive rules.

New York’s Bluefish fishery is relatively large. Data provided through the National Oceanic and Atmospheric Administration (NOAA) Fisheries’ Marine Recreational Information Program (MRIP) estimates New York anglers took 906,693 recreational trips targeting Bluefish in the State in 2024. Less restrictive possession limits may result in increases in revenue for party and charter businesses, tackle shops, and other small businesses that rely, in part, on the recreational Bluefish fishery.

2. Compliance requirements:

This rulemaking will not impose new compliance requirements for small businesses and local governments. New York recreational fishers will be required to comply with the proposed possession limits. However, these limits are less restrictive than the possession limits currently in place.

3. Professional services:

This rulemaking will not impose any professional service requirements for small businesses and local governments.

4. Compliance costs:

The proposed rule will not result in significant costs to the State or local governments. The department will incur limited costs associated with the implementation and administration of the rule, including costs to notify recreational fishers and associated businesses of the new rules.

Bluefish plays a significant role among New York’s fisheries. Less restrictive recreational possession limits may result in increased revenue for small businesses that rely, in part, on the State’s recreational Bluefish fishery.

5. Economic and technological feasibility:

The proposed rule does not impact local governments. No expenditure is required on the part of affected businesses to comply with the proposed changes, nor does the proposed rule require the use of new or specific gear.

6. Minimizing adverse impact:

This rulemaking will not have any adverse economic impact on small businesses or local governments.

7. Small business and local government participation:

The department will notify the public of the proposed rule and comment period through the department’s Environmental Notice Bulletin, the “DEC Delivers” Saltwater Fishing and Boating Newsletter, and the department’s website. In addition, the department will send direct notice by email to party and charter boat license holders.

8. For rules that either establish or modify a violation or penalties associated with a violation:

Pursuant to the State Administrative Procedure Act (SAPA) subdivision 202-b(1-a)(b), a cure period is not included in the rule because of the potential adverse impact on the resource. Cure periods for the illegal taking of fish or wildlife are not recommended. Immediate compliance is required to ensure that the general welfare of the public and the resource are both protected.

9. Initial review of the rule, pursuant to SAPA § 207 as amended by L. 2012, ch. 462:

The department will conduct an initial review of the rule within three years as required by SAPA subdivision 207(1)(b).

Rural Area Flexibility Analysis

The Department of Environmental Conservation (department) has determined that this rule will not impose any adverse impacts on rural areas. This rulemaking only affects the Marine and Coastal District of the State; there are no rural areas within the Marine and Coastal District. The Bluefish fishery is entirely located within the Marine and Coastal District and is not located adjacent to any rural areas of the State. The Bluefish fishery is located entirely within the Marine and Coastal District and is not located adjacent to any rural areas of the State. The proposed rule will not impose any reporting, record keeping, or other compliance requirements on public or private entities in rural areas. Since no rural areas will be affected by the proposed amendments to 6 NYCRR Part 40, the department has determined that a Rural Area Flexibility Analysis is not required.

Job Impact Statement

The current 6 NYCRR section 40.1 describes open seasons, size, and catch limits for “marine fish.” The proposed rulemaking amends 6 NYCRR section 40.1 to modify recreational harvest limits for Bluefish. The proposed rulemaking increases the private recreational angler possession limit from three fish to five fish and increases the angler aboard licensed party/charter vessel limit from five fish to seven fish. In general, increasing recreational fishing opportunities can result in financial benefits for party and charter boat operators and related businesses through potential increases in number of trips and fish harvested. Given that the economic impact of the proposed rule is expected to be beneficial, a Job Impact Statement is not submitted with this proposal because the proposal would have no substantial adverse impact on existing or future jobs or employment opportunities.

Assessment of Public Comment

The agency received no public comment.

PROPOSED RULE MAKING HEARING(S) SCHEDULED

Regulations Governing Recreational Fishing for Atlantic Cod

I.D. No. ENV-29-26-00001-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of Part 40 of Title 6 NYCRR.

Statutory authority: Environmental Conservation Law, sections 13-0105 and 13-0339-a

Subject: Regulations governing recreational fishing for Atlantic Cod.

Purpose: To reduce fishing mortality on Atlantic Cod and maintain consistency with Federal rules.

Public hearing(s) will be held at: 2:00 p.m., Sept. 22, 2026 at virtual.

Interpreter Service: Interpreter services will be made available to hearing impaired persons, at no charge, upon written request submitted within reasonable time prior to the scheduled public hearing. The written request must be addressed to the agency representative designated in the paragraph below.

Accessibility: All public hearings have been scheduled at places reasonably accessible to persons with a mobility impairment.

Text of proposed rule: Existing subdivision 40.1(f) is amended to read as follows:

Species Atlantic cod is amended to read as follows:

40.1(f) Table A – Recreational Fishing.

Species	Open season	Minimum length or slot limit	Possession limit
Atlantic cod	[Sep. 1–May 31] <i>Possession prohibited</i>	[23” TL]	[5]

Species Summer flounder through Atlantic menhaden remain the same. ***Text of proposed rule and any required statements and analyses may be obtained from:*** John Maniscalco, Department of Environmental Conservation, 123 Kings Park Blvd., Kings Park, New York 11754, (631) 444-0437, email: john.maniscalco@dec.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: Five days after the last scheduled public hearing.

Additional matter required by statute: Pursuant to Article 8 of the ECL, the State Environmental Quality Review Act, a Coastal Assessment Form and a Short Environmental Assessment Form with a negative declaration have been prepared, and are on file with the Department.

This rule was not under consideration at the time this agency submitted its Regulatory Agenda for publication in the Register.

Regulatory Impact Statement

1. Statutory authority:

Environmental Conservation Law (ECL) § 13-0105 directs the Department of Environmental Conservation (department) to manage New York State's marine fishery resources to preserve their long-term health and abundance for future generations while maintaining consistency with interjurisdictional fishery management plans (FMPs). ECL § 13-0339-a authorizes the department to regulate Atlantic Cod.

2. Legislative objectives:

It is the objective of the above-cited legislation that the department manage marine fisheries to optimize resource use for commercial and recreational harvesters in a manner that is consistent with marine fisheries conservation and management policies and interjurisdictional FMPs.

3. Needs and benefits:

Atlantic Cod is federally managed by National Oceanic and Atmospheric Administration (NOAA) Fisheries. NOAA adopted new recreational management measures in federal waters by Emergency Action, effective May 1, 2025, prohibiting possession of Atlantic Cod by recreational anglers. To support recovery of the declining Atlantic Cod stock, the new federal regulations are much stricter than previous season, size, and possession limits in federal waters. While New York is not required to adopt these federal changes, consistency between State and federal regulations aids enforcement, reduces angler confusion, and supports population recovery of an overfished stock. The proposed rulemaking prohibits recreational angler possession of Atlantic Cod, compared to current measures that allow an open season of September 1 – May 31, and possession of up to five fish with a minimum length of 23 inches.

4. Costs:

There are no new costs to State and local governments from this rulemaking. The department will incur limited costs associated with the implementation and administration of the rulemaking, including costs relating to notifying recreational fishers, party and charter boat operators, and other recreational fishing associated businesses of the new rules.

The proposed rulemaking may result in a small loss of revenue for some party and charter businesses, marinas, and marine bait and tackle shops that depend, in part, upon recreational Atlantic Cod fishing trips. However, Atlantic Cod plays a relatively minor role among New York's recreational fisheries. The average annual number of trips over the last five years targeting Atlantic Cod (~20,000) are less than one percent of the number of trips taken in pursuit of Atlantic Striped Bass (~4,000,000), for example. In addition, most trips targeting Atlantic Cod occur in federal waters where these more restrictive measures already apply.

5. Local government mandates:

The proposed rulemaking does not impose any mandates on local government.

6. Paperwork:

The proposed rulemaking does not impose any new reporting requirements.

7. Duplication:

The proposed rulemaking does not duplicate any State or federal requirement.

8. Alternatives:

Status quo – If the proposed rulemaking is not adopted, the recreational Atlantic Cod regulations in New York State waters would be inconsistent with the prohibition on possession in federal waters and the state waters of our neighbors. Inconsistent regulations may confuse anglers, create enforcement challenges, and decrease the effectiveness of the federal FMPs.

9. Federal standards:

The proposed rulemaking does not exceed any minimum federal standards.

10. Compliance schedule:

The proposed rulemaking would be effective upon publication of the Notice of Adoption in the State Register. The public would be notified of

the changes to the regulations through appropriate news releases, by DEC Delivers, and through the department's website.

Regulatory Flexibility Analysis

1. Effect of rule:

This rulemaking will amend regulations governing the recreational harvest of Atlantic Cod in New York State waters to maintain consistency with management measures imposed in federal waters by National Oceanic and Atmospheric Administration (NOAA) Fisheries.

The proposed rulemaking would prohibit recreational possession of Atlantic Cod, a significant change from the current open season of September 1 – May 31, minimum length of 23 inches, and possession limit of five fish. This more restrictive measure will decrease fishing opportunities for New York anglers and may result in a small decrease in revenue for small businesses associated with the recreational Atlantic Cod fishery.

In 2024, there were 523 licensed party and charter businesses, and several retail and wholesale marine bait and tackle shops operating in New York State. Data available from NOAA Fisheries' 2024 Marine Recreational Information Program estimates that there were 7,011 trips targeting Atlantic Cod from New York during 2024. Because Atlantic Cod plays a relatively minor role among New York's fisheries, the impact on small businesses is expected to be minimal.

2. Compliance requirements:

This rulemaking does not impose new compliance requirements for small businesses and local governments.

3. Professional services:

This rulemaking does not impose any professional service requirements for small businesses and local governments.

4. Compliance costs:

This rulemaking will not impose any new compliance costs for small businesses and local governments. The proposed rulemaking may result in a small loss of revenue for some party and charter businesses, marinas, and marine bait and tackle shops that depend, in part, upon recreational Atlantic Cod fishing trips.

5. Economic and technological feasibility:

The proposed rulemaking does not require any expenditure on the part of affected businesses to comply with the changes, thus making the rulemaking economically and technologically feasible.

6. Minimizing adverse impact:

This rulemaking is necessary for New York State regulations to remain consistent with federal fishing rules. Consistency between State and federal regulations aids enforcement, reduces angler confusion, and supports population recovery of an overfished stock. The federal regulations prohibiting recreational possession of Atlantic Cod were developed by the New England Fishery Management Council and recommended to NOAA Fisheries in response to excessive recreational harvest of Atlantic Cod. Atlantic Cod currently plays a relatively minor role among New York's fisheries. The average annual number of trips over the last five years targeting Atlantic Cod (~20,000) are less than one percent of the number of trips taken in pursuit of Atlantic Striped Bass (~4,000,000), for example.

The majority (86%) of Atlantic Cod harvest by New York recreational anglers occurs in federal waters. Any angler fishing for Atlantic Cod in federal waters or the waters of most neighboring states, including on a federally licensed party/charter vessel, is already required to follow the more restrictive rules implemented by NOAA Fisheries. Ultimately, if New York failed to amend its regulations, it would create a loophole that is inconsistent with the federal prohibition on possession and makes enforcement more difficult. An increase in Atlantic Cod harvest in New York, because of the disparity between State and federal fishing regulations, could result in NOAA Fisheries maintaining highly restrictive recreational regulations in federal waters for a long period of time. This would negatively impact federally licensed party/charter businesses in New York and private anglers pursuing Atlantic Cod in federal waters.

7. Small business and local government participation:

On May 2, 2025, the New York State Department of Environmental Conservation (department) notified State saltwater anglers of the federal prohibition on recreational possession of Atlantic Cod through its saltwater fishing electronic newsletter. New York State marine fishers, including recreational anglers, party/charter boat operators, and related business owners, had an opportunity to comment on new recreational fishing regulations for Atlantic Cod at a Marine Resource Advisory Council (MRAC) meeting on September 16, 2025. A virtual public hearing will be held during the public comment period.

Additionally, the public will be notified of the proposed changes to the regulations through appropriate news releases, by DEC Delivers, and through the department's website.

8. For rules that either establish or modify a violation or penalties associated with a violation:

Pursuant to State Administrative Procedure Act (SAPA) § 202-b(1-a)(b), a cure period is not included in the rulemaking because of the

potential adverse impact on the resource. Cure periods for the taking of fish or wildlife that is inconsistent with the prohibition on possession are neither desirable nor recommended. Immediate compliance is required to ensure that the general welfare of the public and the resource are both protected.

9. Initial review of the rule, pursuant to SAPA § 207 as amended by L. 2012, ch. 462:

The department will conduct an initial review of the rule within three years as required by SAPA § 207(1)(b).

Rural Area Flexibility Analysis

The Department of Environmental Conservation (department) has determined that this rulemaking will not have any adverse impacts on rural areas. There are no rural areas within the marine and coastal district. The recreational Atlantic Cod fishery is located entirely within the marine and coastal district and is not located adjacent to any rural areas of New York State. Further, the proposed rulemaking would not impose any reporting, recordkeeping, or other compliance requirements on public or private entities in rural areas. Since no rural areas would be affected by the proposed amendments to 6 NYCRR Part 40, a Rural Area Flexibility Analysis is not required.

Job Impact Statement

The current 6 NYCRR section 40.1 describes open seasons, size, and catch limits for “marine fish”. The proposed rulemaking amends Part 40 to implement new regulations governing the recreational harvest of Atlantic Cod in New York State waters that are consistent with the management measures imposed in federal waters by National Oceanic and Atmospheric Administration (NOAA) Fisheries. The proposed rulemaking for Atlantic Cod prohibits all recreational possession of Atlantic Cod in place of the current open season of September 1 – May 31, minimum length of 23 inches, and possession limit of five fish. This more restrictive rule will decrease fishing opportunities for New York anglers and may result in a decrease in revenue for State only licensed party charter boat operators, bait and tackle shops, and other businesses associated with the recreational Atlantic Cod fishery. However, Atlantic Cod currently plays a relatively minor role among New York’s recreational fisheries. The average annual number of trips over the last five years targeting Atlantic Cod (~20,000) is less than one percent of the number of trips taken in pursuit of Atlantic Striped Bass (~4,000,000), for example. In addition, most of these trips target Atlantic Cod in federal waters where this restriction already is applied. Given that the economic impact would be minimal, a Job Impact Statement is not submitted with this proposed rulemaking because the rulemaking would have no substantial adverse impact on existing or future jobs and/or employment opportunities.

Department of Financial Services

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Issuance of Payment Stablecoins

I.D. No. DFS-29-26-00003-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Addition of Part 202 to Title 23 NYCRR.

Statutory authority: Banking Law, sections 10, 14, 36, 37, 39, 40, 128; Financial Services Law, sections 102, 201, 202, 301, 302 and 404

Subject: Issuance of Payment Stablecoins.

Purpose: To provide for the regulation of payment stablecoin issuers.

Substance of proposed rule (Full text is posted at the following State website: https://www.dfs.ny.gov/industry_guidance/regulatory_activity/financial_services): The Department of Financial Services (“Department”) provides this description of the subject, purpose, and substance of the proposed new Part 202 of Title 23 of the New York Codes, Rules and Regulations in accordance with State Administrative Procedure Act section 202(1)(f)(v). The full text of the proposed amendment is available on the Department’s website at: https://www.dfs.ny.gov/industry_guidance/regulatory_activity/financial_services.

The proposed new Part 202 of Title 23 would reaffirm the Department’s regulatory framework for the issuance of payment stablecoins while ensuring that the framework is fully aligned with the Guiding and Establishing

National Innovation for U.S. Stablecoin Act (“GENIUS Act”) and the Federal regulatory framework.

The following paragraphs summarize the proposed new Part 202 of Title 23.

Section 202.1 states that the scope and purpose of the Part is to align the Department’s payment stablecoin regulatory framework with the Federal regulatory framework.

Section 202.2 provides definitions for the Part.

Section 202.3 states the process and requirements for entities to apply to become authorized payment stablecoin issuers (“issuers”).

Section 202.4 lists activities that issuers are prohibited from engaging in, including, inter alia, prohibitions with regard to rehypothecation and tying.

Section 202.5 provides that no individual may serve as an officer or director of an issuer if such person has been convicted of one or more enumerated felony offenses.

Section 202.6 establishes standards for and with regard to the reserve assets backing payment stablecoins, requires periodic reporting and certification about the reserve assets backing payment stablecoins, and addresses an authorized payment stablecoin issuer’s failure to meet the minimum reserve requirements.

Section 202.7 sets requirements for and with regard to the timely redemption of payment stablecoins by issuers.

Section 202.8 details capital requirements, which are to be tailored to an issuer’s business model and risk profile, establishes a mandatory operational backstop for all issuers and addresses an authorized payment stablecoin issuer’s failure to meet the minimum capital or backstop requirements.

Section 202.9 requires that issuers comply, and annually certify compliance, with the Bank Secrecy Act, and the Anti-Money Laundering/Countering the Financing of Terrorism Program, Economic Sanctions Compliance Program and reporting requirements of the Financial Crimes Enforcement Network and the Office of Foreign Assets Control.

Section 202.10 states operational and other standards and requirements, including with respect to internal controls and information systems; internal audit systems; interest rate risk management; asset growth and earnings; insider and affiliate transactions; service provider arrangements; liquidity, diversification, and concentration risk management; and consumer protection.

Section 202.11 requires issuers to comply with information technology and security standards and requirements, including those contained in 23 NYCRR Part 500, the Department’s cybersecurity regulation.

Section 202.12 addresses requirements regarding examinations, information access requests, record retention, reports, audits, and enforcement actions.

Section 202.13 provides that issuers shall comply with transition and waiver under the GENIUS Act.

Section 202.14 withdraws a specified piece of guidance and states that, in the event of an inconsistency between the Part and an issuer’s supervisory agreement with the Department, the terms of the Part shall supersede and govern.

Section 202.15 sets forth requirements with regard to the implementation of the State insolvency regime.

Section 202.16 addresses compliance with State and Federal requirements regarding custody and safekeeping services.

Section 202.17 establishes the effective date of the Part.

Section 202.18 contains severability provisions.

Text of proposed rule and any required statements and analyses may be obtained from: Ethan Goldstein, Department of Financial Services, One State Street, New York, NY 10004, (212) 709-1678, email: Ethan.Goldstein@dfs.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

This rule was not under consideration at the time this agency submitted its Regulatory Agenda for publication in the Register.

Regulatory Impact Statement

1. Statutory authority: Banking Law (“BL”) sections 10, 14, 36, 37, 39, 40, and 128; Financial Services Law (“FSL”) sections 102, 201, 202, 301, 302, and 404.

BL § 10 declares State policy, including that banking institutions will be regulated by the Department in a manner to ensure safe and sound conduct and maintain public confidence.

BL § 14 provides that the Superintendent has the power to “make, alter and amend orders, rules and regulations not inconsistent with law” to effectuate the policy expressed in BL § 10.

BL § 36 gives the Superintendent the power to examine banking organizations and affiliates.

BL § 37 requires banks and trust companies to make reports to the Superintendent in the form prescribed by the Superintendent.

BL § 39 authorizes the Superintendent to issue orders to banking organizations in response to violations of law or regulations.

BL § 40 authorizes the Superintendent to revoke the authorization certificate of a banking organization in certain circumstances.

BL § 128 requires banks and trust companies to preserve records.

FSL § 102 states the legislature's intent to create the Department of Financial Services ("Department") and to accomplish goals including to "provide for the regulation of new financial services products" and to "ensure the continued safety and soundness of New York's banking, insurance and financial services industries, as well as the prudent conduct of the providers of financial products and services, through responsible regulation and supervision."

FSL § 201 states that it is the intent of the legislature "that the superintendent shall supervise the business of, and the persons providing, financial products and services."

FSL § 202 establishes the office of the Superintendent and provides the Superintendent with broad rights, powers, duties and discretion with respect to matters under the FSL, the BL, ... and "any other applicable law of this state."

FSL § 301 states that the Superintendent shall have the powers conferred by the FSL, BL, and any other State law that grants the Superintendent authority; grants the Superintendent consumer financial protection jurisdiction; and sets forth the Superintendent's power to take such actions as the Superintendent deems necessary to educate and protect users of financial products and services.

FSL § 302 sets forth the power of the Superintendent to prescribe, withdraw or amend rules and regulations involving financial products and services, including to effectuate and interpret the provisions of the FSL and the BL and to govern "procedures to be followed in the practice of the Department."

FSL § 404 authorizes the Superintendent to investigate activities that may constitute violations of the FSL or BL.

2. Legislative objectives: BL § 10 declares that it is the "policy of the state of New York that the business of all banking organizations shall be supervised and regulated through the [Department] in such manner as to insure the safe and sound conduct of such business, to conserve their assets... and thus to maintain public confidence in such business and protect the public interest and the interests of depositors, creditors, shareholders and stockholders." To implement that mandate, the BL, under BL § 10 and BL § 14, grants the Department broad authority to regulate the conduct of banking organizations.

The Department was created by the FSL to "provide for the enforcement of the insurance, banking and financial services laws, under the auspices of a single state agency" that would, among other things, "provide for the regulation of new financial services products" and "ensure the continued safety and soundness of New York's banking, insurance and financial services industries, as well as the prudent conduct of the providers of financial products and services, through responsible regulation and supervision." FSL §§ 102(f) and (i). To perform this mandate, the FSL requires that the Department "take such actions as the superintendent believes necessary" to "ensure the continued solvency, safety, soundness and prudent conduct of the providers of financial products and services" and to "protect users of financial products and services...." FSL §§ 201(b)(2) and (7).

3. Needs and benefits: The Department established the nation's first regulatory framework for regulating payment stablecoins and stablecoin issuers. The framework addressed well-documented risks presented by payment stablecoins, including hacks, scams, and the inability of the issuer to redeem a payment stablecoin at a 1-to-1 rate with the U.S. dollar ("USD"). Previously, these risks had occasionally caused some payment stablecoins to "depeg" from the USD, causing a dislocation in the broader virtual currency markets.

As payment stablecoins become increasingly intertwined with the traditional financial system, dislocations pose significant risks to the broader New York financial ecosystem and economy. The Department issued its groundbreaking June 2022 guidance titled "Guidance on the Issuance of U.S. Dollar-Backed Stablecoins" to address and minimize the potential impact on New Yorkers from these risks. The June 2022 guidance and subsequent enhancements to supervisory practices encouraged the growth of well-managed payment stablecoins.

Based in significant part on the framework created by the Department, Congress enacted the Guiding and Establishing National Innovation for U.S. Stablecoins Act ("GENIUS Act") to create a nationwide minimum standard for regulating payment stablecoin issuers. In passing the GENIUS Act, Congress preserved the important role played by states in regulating payment stablecoin issuers, providing that if a state maintains a payment stablecoin regulatory framework that Federal regulators certify "meet[s] or exceed[s]" certain core requirements of the GENIUS Act, that state can continue to regulate payment stablecoin issuers. The GENIUS Act tasked the U.S. Treasury Department (the "Treasury") with promulgat-

ing regulations to establish the process by which states could apply to have their payment stablecoin regulatory framework certified.

In April 2026, the Treasury issued a proposed regulation detailing how it will evaluate whether a state regime satisfies the requirements of the GENIUS Act. The proposed regulation requires states to closely adhere to the GENIUS Act and regulations promulgated by Federal agencies for a state's stablecoin regulatory framework to be certified as satisfying the requirements of the GENIUS Act. While the Department questions whether the prescriptive nature of Treasury's proposed regulation is consistent with the intent expressed in the GENIUS Act that a state's regulatory framework must only "meet or exceed" the minimum standard established by the Act, the Department is adopting this Part to ensure that there is no doubt that the Department's payment stablecoin framework satisfies the Treasury's expectations and includes all relevant requirements. By specifically incorporating the various provisions cited by the proposed Treasury regulation, this Part aims to ensure that the Department's regime will be certified as expeditiously as possible.

Because the Department's regulatory framework is well-developed and served as the substantive foundation for much of the GENIUS Act, the adoption of this Part will have a limited impact on payment stablecoin issuers currently operating in New York. This Part builds on the success of that framework by codifying many practices the Department had already implemented and specifically incorporating the requirements of the GENIUS Act and the Federal regulatory framework referenced by the proposed Treasury regulation. In short, this Part reaffirms the Department's framework while ensuring that the framework is fully aligned with the recently enacted GENIUS Act and applicable Federal regulations.

The Department will continue to monitor for any changes to the requirements developed by Federal agencies and assess whether any changes would be appropriate to ensure that New York's stablecoin regulatory framework is substantially similar to the Federal requirements.

4. Costs: The Department expects that entities subject to the proposed regulation will not incur material compliance costs above and beyond what they would otherwise incur, relative to the baseline of compliance with the Department's existing regulatory framework for issuers of payment stablecoins. For entities subject to the Department's existing regulatory framework and this Part, compliance costs will vary depending on business model, scale, and the issuer's approaches to compliance. The provisions of the proposed regulation incorporate existing Department requirements, including those specified in supervisory agreements with limited purpose trust companies, and currently proposed regulations from Treasury, the Office of the Comptroller of the Currency ("OCC"), the Financial Crimes Enforcement Network and the Federal Reserve. The alignment of the proposed regulations with current Department practices and Federal law and regulations will minimize any new costs as existing stablecoin issuers are already subject to many of these requirements.

Based on the requirements of the GENIUS Act and the proposed Treasury regulation, all U.S. payment stablecoin issuers are now required to comply with the same standards contained in this Part. If the Department did not adopt this Part, there is a risk that the Department would not be found to have a payment stablecoin regulatory framework that met the prescriptive standard reflected in the proposed Treasury regulation and that payment stablecoin issuers would have to be regulated by a different regulator and would face very similar requirements.

The regulation does not have fiscal implications for the State. No local government will incur compliance costs due to the proposed regulation because the proposed regulation will not apply to any local government.

5. Local government mandates: The proposed regulation will impose no new mandates on any county, city, town, village, school district, fire district or other special district.

6. Paperwork: Payment stablecoin issuers are currently subject to the Department's recordkeeping, reporting, transaction processing, and disclosure requirements, but the proposed changes would make the Anti-Money Laundering certification more stablecoin-specific, change required qualifications of the auditing accountants, and would require the Chief Executive Officer and Chief Financial Officer to certify to the accuracy of the monthly report.

7. Duplication: The proposed regulation does not duplicate or conflict with any existing State or Federal rules or legal requirements. To the extent that currently noticed rulemakings from the Federal payment stablecoin regulators would apply to authorized payment stablecoin issuers, the proposed regulation does not conflict with the proposed Federal regulations. This proposed regulation withdraws the prior guidance issued by the Department on payment stablecoins to make clear that this Part will govern payment stablecoin issuers in New York.¹ To the extent that this proposed regulation conflicts with or duplicates prior supervisory agreements entered into by the Department and a stablecoin issuer, this proposed regulation supersedes the prior supervisory agreement.

8. Alternatives: Under the GENIUS Act, the Department's regulatory framework for the issuance of payment stablecoins must be substantially

similar to the Federal regulatory framework. Under the proposed Federal regulations, in order for its framework to be substantially similar, the Department must issue regulations and legally enforceable guidance. If the Department did not adopt this Part, there is a risk that the Department would not be found to have a payment stablecoin regulatory framework that met the prescriptive standard reflected in the proposed Treasury regulation. The Department elected to adopt this Part to minimize uncertainty for current payment stablecoin issuers in New York and the customers of such companies.

9. Federal standards: The proposed regulation covers the same areas as the GENIUS Act and currently proposed Federal regulations establishing the details of the Federal regulatory framework for payment stablecoin issuance.

10. Compliance schedule: The proposed regulation enters into effect on the effective date of the GENIUS Act, which is no later than January 18, 2027. The proposed regulation therefore does not impose a compliance timeline that is more demanding than the GENIUS Act. In addition, the proposed regulation provides for existing payment stablecoin issuers that, prior to the effectiveness of this proposed regulation, have been approved by the Superintendent to issue a payment stablecoin, to be permitted to continue such issuance without requiring an additional approval by the Superintendent. The proposed regulation also provides a grace period of 12 months for Department-authorized payment stablecoin issuers to come into full compliance with the requirements of the proposed regulation. In aggregate, these transitional provisions should allow for payment stablecoin issuers to adjust any written materials, make necessary updates to policies, systems, and procedures, and continue engaging in business while the Department processes initial applications.

¹ Guidance on the Issuance of U.S. Dollar-Backed Stablecoins (June 8, 2022).

Regulatory Flexibility Analysis

1. Effect of rule: The proposed regulation will apply to all persons that seek approval from the superintendent to be an authorized payment stablecoin issuer, as defined in the proposed regulation, and those persons that do receive such approval, which may include small businesses. State Administrative Procedure Act (“SAPA”) section 102(8) defines a small business to mean “any business which is resident in this State, independently owned and operated, and employs one hundred or less individuals.” At this time, there is no comprehensive estimate of the number of small businesses in New York that would be impacted by the proposed regulation. The New York State Department of Financial Services (Department) currently regulates three entities that issue payment stablecoins under the Department’s existing regulatory framework and may become authorized payment stablecoin issuers under the proposed Part. Currently, the Department estimates that none is a small business under SAPA section 102(8).

The Department does not anticipate any local government to be affected by this proposed regulation.

2. Compliance requirements: All persons that seek approval from the superintendent to be authorized payment stablecoin issuers, including any small businesses, will be required to comply with the application requirements of the proposed regulation. All persons that receive approval to be authorized payment stablecoin issuers under the proposed regulation, including any small businesses, will be required to comply with the provisions of the proposed regulation, including with regard to prohibited activities, officers and directors, reserves, redemptions, anti-money laundering, operational and managerial standards, and information technology and security.

No local government will have to undertake any reporting, recordkeeping, or other affirmative acts, or will need professional services to comply with this proposed regulation.

3. Professional services: Certain persons that receive approval to be authorized payment stablecoin issuers under the proposed regulation, including any small businesses, that issue a payment stablecoin with an aggregate outstanding issuance value of more than \$50 billion will be required to produce audited financial statements, which will require the retention of a registered public accounting firm.

The Department does not expect that the need for professional services would affect payment stablecoin issuers that are small businesses differently than payment stablecoin issuers that are not small businesses.

4. Compliance costs: The Department expects that entities subject to the proposed regulation will not incur material compliance costs above and beyond what they would otherwise incur, relative to the baseline of compliance with the Department’s existing regulatory framework for issuers of payment stablecoins. In accordance with existing regulations under the Financial Services Law and the Banking Law, assessment calculations with respect to payment stablecoin issuers account for the size, type, and volume of business, and this is not expected to change.

Because none of the current issuers is a small business, the Department does not anticipate any costs of compliance that are specific to small businesses. No local government will incur compliance costs due to the proposed regulation because the proposed regulation will not apply to any local government.

5. Economic and technological feasibility: The Department believes it will be economically and technologically feasible for small businesses to comply with the requirements of the proposed regulation because there are currently three payment stablecoin issuers in New York that are complying with requirements that are substantially similar to those imposed by the proposed regulation.

No economic or feasibility concerns exist with respect to local governments because the proposed regulation will not apply to any local government.

6. Minimizing adverse impact: The Department expects that entities subject to the proposed regulation will not incur material new compliance costs above and beyond what they would otherwise incur, relative to the baseline of compliance with the Department’s existing regulatory framework for issuers of payment stablecoins. Compliance costs will vary depending on business model, scale, and the issuer’s approaches to compliance. Further, payment stablecoin issuers have different business practices, and these choices may affect the degree to which the proposed regulation imposes new obligations on issuers.

The Department modeled provisions of the proposed regulation on existing Department guidance and practices, including supervisory agreements with limited purpose trust companies, and on currently proposed regulations from the Office of the Comptroller of the Currency and other Federal regulators. The alignment of the proposed regulations with current Department practices and Federal law and regulations is intended to mitigate costs, as familiarity with and current compliance (in payment stablecoin issuance and in other areas of business) with the precedent rules may limit the impact on payment stablecoin issuers. Additionally, if the Department did not impose these requirements, payment stablecoin issuers would have to be regulated by a different regulator and would face very similar requirements.

No local government should be adversely impacted by this rule because the Department does not expect that the proposed regulation will apply to any local government.

7. Small business and local government participation: The Department complied with SAPA section 202-b(6) by posting a draft of the proposed rule on its website for informal outreach on June 9, 2026. Interested parties, including entities that may be small businesses, that are affected by the proposed Part will also have an opportunity to participate in the rulemaking process when the proposal is published in the State Register and posted on the Department’s website during the formal proposal comment period.

The Department has not engaged with local governments because the Department does not expect that the proposed regulation will apply to any local government.

Rural Area Flexibility Analysis

1. Types and estimated numbers of rural areas: The proposed regulation will apply to all persons required to be an authorized payment stablecoin issuer, which may include persons located in rural areas. The proposed rule requires persons to obtain authorization from the Superintendent of Financial Services (“Superintendent”) to issue payment stablecoins. No entity that would become an authorized payment stablecoin issuer under this regulation is currently known to be located in a rural area.

2. Reporting, recordkeeping and other compliance requirements; and professional services: All persons that are required to be authorized payment stablecoin issuers under the proposed regulation, including any located in rural areas, will be required to comply with the provisions of the proposed regulation. They will also be required to submit monthly public reporting, monthly certifications, quarterly reporting, annual attestations, and annual anti-money laundering compliance certifications. They will also be required to maintain accurate books and records for the purposes of complying with the proposed regulation and the reports required thereunder and be subject to examinations.

Certain State qualified payment stablecoin issuers that issue a payment stablecoin with an aggregate outstanding issuance value of more than \$50 billion will also be required to produce audited financial statements, which will require the retention of a registered public accounting firm.

The New York State Department of Financial Services (Department) does not expect that the proposed regulation’s reporting, recordkeeping, and other compliance requirements would affect payment stablecoin issuers in rural areas differently than payment stablecoin issuers in non-rural areas or that the need for professional services would affect payment stablecoin issuers in rural areas differently than payment stablecoin issuers in non-rural areas.

3. Costs: The Department is not aware of any current payment stablecoin issuers that are located in rural areas. The Department does not expect

compliance costs to be substantially different for payment stablecoin issuers in rural areas compared to payment stablecoin issuers in non-rural areas.

4. Minimizing adverse impact: The proposed regulation is not expected to have an adverse impact on public or private sector interests in rural areas. In accounting for the resources available in rural areas, persons are not considered payment stablecoin issuers on the basis of other virtual currency business activity aside from the issuance of payment stablecoins.

5. Rural area participation: The Department has complied with State Administrative Procedure Act ("SAPA") section 202-bb(7) by publishing a general notice of proposed rulemaking by providing advance notice of the publication of the proposal in the State Register on the Department's website on June 9, 2026. Interested parties, including entities located in rural areas, will also have an opportunity to participate in the rulemaking process when the amendment is published in the State Register and posted on the Department's website during the formal proposal comment period.

Job Impact Statement

The proposed Part should not adversely impact jobs or employment opportunities in New York State. This proposed regulation reaffirms the New York State Department of Financial Services (Department's) existing payment stablecoin regulatory framework while ensuring that the framework is fully aligned with the recently enacted Guiding and Establishing National Innovation for U.S. Stablecoins Act ("GENIUS Act") and applicable Federal regulations. Entities that offer authorized payment stablecoins in New York are already subject to substantially similar requirements to the ones contained in the proposed regulation. Moreover, because the GENIUS Act and the proposed Treasury regulations require all companies that offer payment stablecoins in the United States to comply with the same standards contained in this proposed Part, so any entity that wants to issue a payment stablecoin will be subject to the same requirements.

Department of Health

NOTICE OF ADOPTION

Ionizing Radiation

I.D. No. HLT-40-25-00001-A

Filing No. 646

Filing Date: 2026-07-07

Effective Date: 2026-07-22

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Repeal of Part 16; addition of new Part 16 to Title 10 NYCRR.

Statutory authority: Public Health Law, section 225

Subject: Ionizing Radiation.

Purpose: Compatibility with Federal standards and modernization to reflect current technology.

Substance of final rule: The regulatory proposal would repeal and replace all sections within Part 16 of Title 10 of the New York Codes, Rules and Regulations (NYCRR), as described in more detail below.

Section 16.1 is updated to correct references to other agencies and persons exempted under Title 10 of the Code of Federal Regulations (CFR) Part 30.

Section 16.2 is updated to include numerous new definitions used in 10 CFR Part 30, as well as other definitions related to new technologies, updated units and clarification of terms.

Section 16.4 updates appendix references, including changing the reference from 10 NYCRR Part 16 to application sections within 10 CFR Part 30.

Section 16.5 updates responsibilities for radiation safety to include acceptance testing and annual program review requirements.

Section 16.6 makes updates to the requirements for evaluating prior occupational doses and removes provisions on planned special exposures. The term "eye dose" is replaced by "lens dose."

Section 16.7 updates dose limits for members of the public to reflect current Title 10 CFR references and outdated language is removed or updated.

Section 16.10 is amended to update inspection schedules, add Certified Radiation Equipment Safety Officer (CRESO) program requirements, and update requirements for surveys and testing of sealed sources.

Section 16.11 is updated to reflect changes in terminology for personnel monitoring and to clarify dose limits.

Sections 16.12, 16.13 and 16.15 are all updated to reflect 10 CFR Part 30 references instead of references to 10 NYCRR Part 16, as well as to clarify the actual language and phrasing used within these sections.

Section 16.14 is updated to require recording of high patient doses from fluoroscopy and notification of referring physician and instructions to patient.

Sections 16.16 and 16.17 are updated for compatibility with 10 CFR Part 30 requirements.

Section 16.19, concerning limitations on application of radiation to humans, is updated to reflect changes in the use of radioactive materials especially therapeutic sources.

Section 16.22 is updated to remove the requirement for mammography screening programs to teach breast self-examination.

Section 16.23 is updated to require quality assurance (QA) programs for advanced modality dental and podiatry, to require radiation safety policies regarding patient fluoroscopy doses and neonatal imaging, to update specifications for modern imaging modalities, and to update breast imaging QA requirements.

Section 16.24 is updated to reflect updates to QA requirements and verification of radiation therapy treatments.

Section 16.26 is updated to incorporate by reference the current federal regulation from the U.S. Nuclear Regulatory Commission (NRC).

Sections 16.40 and 16.41 are updated to reflect new fee schedules and to incorporate NYS Department of Labor (DOL) fee categories.

Section 16.50 is updated to correctly reference the New York City Department of Health and Mental Hygiene (NYC DOHMH), change registration periods to allow more flexibility, and include commercial requirements previously listed within DOL regulations.

Section 16.51 is updated to include several items in the prohibited uses of radiation equipment, and half-value layer tables were updated to be current with federal manufacturing requirements (21 CFR Part 1020) for equipment listed in sections 16.52 through 16.70 of Title 10 of the NYCRR.

Sections 16.52, 16.54 and 16.55 are updated to include specifications for hand-held units and Cone Beam Computed Tomography (CBCT) as well as updates to filtration requirements. Requirements for gonadal shielding have also been removed.

Section 16.53 is updated to include changes for handheld intra-oral radiographic equipment.

Section 16.58 is updated to include new specifications for display of air kerma and minimum source to skin distance, to be consistent with federal manufacturing requirements (21 CFR Part 1020). Language has also been added allowing for an alternative dose reduction method to be used in lieu of wearing lead equivalent garments by all persons working the fluoroscopy room.

Sections 16.60 and 16.61 are updated to reflect current technologies and therapy equipment operated at potentials over and below 60 kV.

Section 16.65 is a new section regarding CBCT quality assurance, physicist testing, and accreditation requirements.

Section 16.101, concerning licensure, is updated to incorporate references to the CFR. Although no additional requirements are being added, elements of 10 CFR Part 31 and the Appendices to Part 16 are now included herein.

Section 16.102 is updated to add a paragraph authorizing the Department to inspect a facility prior to the issuance of a license and adds a paragraph requiring an emergency plan for licensees that possess large amounts of dispersible radioactive material. This was previously codified in DOL regulations under 12 NYCRR Part 38. This section also adds conditions for consortiums to share accelerator produced isotopes.

Section 16.103, concerning licensing requirements for radioactive materials, incorporates by reference various provisions within 10 CFR Parts 30, 40, and 70 for licensing requirements. Currently these requirements are only incorporated into license conditions but not NYS regulations.

Section 16.104 adds requirements on portable gauge security, consortiums, and breakthrough limits for generators.

Section 16.109 adds reciprocity agreement provisions with other Agreement States, which were previously codified in DOL regulations within 12 NYCRR Part 38. This new section will also allow a licensee to pay a fee to work in New York for up to 180 days each year, instead of only allowing licensees to work 30 days each year but at no charge.

Section 16.112 is updated to add requirements for increased security for certain amounts of radioactive material, as required by 10 CFR Part 37.

Sections 16.113 and 16.114 add requirements for decommissioning and financial assurance.

Section 16.123 updates medical use requirements for specific licenses for certain medical uses of byproduct materials, to be compatible with Federal regulations.

Section 16.124 is a new section that adds manufacturing requirements for licenses to manufacture or transfer certain items containing radioactive material.

Section 16.125 is a new section that adds additional requirements for the manufacture, preparation or transfer for commercial distribution of medical drugs containing radioactive material.

Section 16.126 adds a new requirement for sealed source and device registration.

Section 16.127 adds a new section governing licenses for industrial radiography as well as radiation safety requirements for industrial radiographic operations.

Section 16.128 adds a new section for well logging.

Section 16.129 adds a new section for panoramic irradiators.

Final rule as compared with last published rule: Nonsubstantial changes were made in sections 16.2(a)(62), 16.5(h), 16.6(a)(5), 16.11(a)(5), 16.23(a)(2)(i), (iii)(c), 16.25(a)(8), 16.56(b)(2), 16.60(c)(2), (3), (6), 16.65(c)(2), (2)(i), (i)(l), (e), 16.70(d)(4) and 16.102(h)(5)(i)(c).

Text of rule and any required statements and analyses may be obtained from: Katherine Ceroalo, DOH, Bureau of Program Counsel, Reg. Affairs Unit, Room 2438, ESP Tower Building, Albany, NY 12237, (518) 473-7488, email: regsqa@health.ny.gov

Revised Regulatory Impact Statement

Changes made to the last published rule do not necessitate revision to the previously published RIS.

Revised Regulatory Flexibility Analysis

Changes made to the last published rule do not necessitate revision to the previously published RFA.

Revised Rural Area Flexibility Analysis

Changes made to the last published rule do not necessitate revision to the previously published RAFA.

Revised Job Impact Statement

Changes made to the last published rule do not necessitate revision to the previously published JIS.

Initial Review of Rule

As a rule that requires a RFA, RAFA or JIS, this rule will be initially reviewed in the calendar year 2029, which is no later than the 3rd year after the year in which this rule is being adopted.

Assessment of Public Comment

In response to the Department of Health's (Department's) Notice of Proposed Rulemaking to repeal and replace Part 16 of Title 10 of the New York Codes, Rules and Regulations (NYCRR), approximately 154 written comments were received. Public comments were submitted from several medical and health physicists and medical physics groups as well as the Intersocietal Accreditation Commission (IAC), NYS Dental Association, American Physical Therapy Association (APTA), New York City Department of Health and Mental Hygiene, and the NYS Society of Radiologic Sciences.

Many of the medical and health physics groups in the state issued one set of joint comments. The physics groups included the following organizations: Greater New York Chapter of the Health Physics Society (GNYCHPS), New York State Radiological Society (NYSRS), Radiological and Medical Physics Society (RAMPS), Upstate New York Chapter of the American Association of Physicists in Medicine (UNYAPM) and the Western New York Chapter of the Health Physics Society (WNYHPS). Additionally, the NYS Medical Society and the NYS Radiological Society (NYS ACR chapter) concurred with the physics groups' comments. The NYS Radiologic Society had previously submitted a letter concerning Cone Beam CT.

Nearly all of the comments were from physicists and most of them were technical in nature. Due to the number of physicists comments received, and the similarities amongst many of them, the Department organized the comments into several major categories. Some specific comments from professional organizations and state agencies are also addressed in more detail.

A. Comment type: Request for clarification or rewording sections.

Most of the comments were requests for clarification on the intent of the regulations, or suggestions for rewording sections. Many of these comments were directed at three general sections of Part 16: 25 comments were related to section 16.2 (definitions); 37 comments related to sections 16.23 and 16.24 (quality assurance programs for diagnostic and radiation therapy facilities); and 28 comments related to sections 16.59 and 16.65 (diagnostic computed tomography and cone beam computed tomography).

A. DOH response:

The regulations use carefully selected terms and language, so that the rules can be applied to a variety of regulated facilities, including both medical and non-medical facilities. The lack of certain specificity in this phrasing is intentional. For example, commenters requested prescriptive

testing frequencies; however, these were intentionally not included due to differences between certain types of equipment and the respective manufacturers' testing recommendations. Additionally, specifics will be addressed in guidance documents or license conditions that include sufficient details to allow facilities to comply with the regulations. The regulation may require a specific quality assurance (QA) test, and the guidance document will list frequencies and methods that may vary based on the facility type and scope of operations. Many existing guidance documents are being updated to reflect the new rules, and they will be made available after the regulation is adopted. A number of the comments received were incorporated into non-substantive edits, including: 1) the removal of the proposed requirement to test signal to noise ratio and contrast to noise ratio on cassette based systems in section 16.23 and 2) the removal of the proposed requirement that physicist testing include maintaining documentation of area exposure results from an NVLAP approved laboratory at the console or operator location for one year in section 16.65. These proposed additions were determined not to be protective of public health when compared with the burden of compliance, so they were removed. Commenters also pointed out that the section of regulation requiring facilities to administratively assign a dose to occupationally exposed individuals in the absence of exposure history, was inadvertently removed in this revision. This section of the regulation was reincorporated into section 16.6(a)(5).

B. Correction or update

Several of the comments pointed out errors and incorrect references within Part 16, language or grammar, incorrect values in certain situations or language that was incorrect or needed clarification.

B. DOH response:

Comments that identified grammatical errors, incorrect references or technically inaccurate statements were incorporated into the revised text. The incorrect references were corrected as well as typographical errors, and language was added for clarity. For example, the Department changed "x-rays" to "ionizing radiation", added a word that had been accidentally omitted and ensured language and terms were used consistency throughout the regulation. Many therapy physicists commented on section 16.65 for Cone Beam CT. This section was designed for diagnostic equipment, and this has been clarified by specifying "diagnostic equipment" and providing exemptions for non-diagnostic uses. The requirements for Cone Beam CT equipment QA and accreditation when used in radiation therapy are covered within section 16.24. As an Agreement State with the U.S. Nuclear Regulatory Commission, some definitions must be identical to the federal regulations and others are allowed some flexibility, so some of the perceived errors were not actually errors and therefore no amendment was needed.

C. Request to add additional requirements.

Comments were received requesting additional requirements to define the scope of practice for licensed medical physicists. Many commenters indicated that language should be added to address the scope of practice concerns for professions regulated by the New York State Education Department (NYSED). Six comments were received requesting that sections 16.2, 16.5, 16.25, 16.65, 16.60 and 16.70 be updated to define the scope of practice for licensed medical physicists for the performance of various testing of equipment. In addition, commenters were concerned that proposed revisions to Part 16 requiring acceptance testing to be approved by a licensed medical physicist, may conflict with NYSED law.

C. DOH response:

Many of these comments were not incorporated since the scope of practice of professionals licensed under Title 8 of the Education Law, falls under the jurisdiction of NYSED. To the extent commenters suggested amendments regarding "oversight" by licensed medical physicists, "oversight" is already defined in law and regulation so no amendments were made. However, the Department did amend the regulation to clarify that certain testing can be performed by a "licensed medical physicist or other individual authorized by law or regulation."

D. Organization comments to be addressed specifically.

(1) NYS Dental Association and the NYS Society of Oral and Maxillofacial Surgeons expressed concerns that the accreditation requirement for Cone-Beam CT units used in the dental setting was excessive, burdensome and the costs associated with such accreditation would negatively impact small practices. Further, these organizations indicated that the accrediting bodies, including the Intersocietal Accreditation Commission (IAC), would not be able to accredit dental facilities.

DOH response:

The new Cone Beam CT rule (section 16.65 of the proposed regulation) covers a class of equipment that has in recent years become commonplace in oral surgery practices. When these same models of Cone Beam CT units are used in medical practices, they require accreditation and QA programs. However, the exact same piece of equipment in a dental practice was not required to have a quality assurance program or accreditation. This update to the regulations now provides a degree of equity for patient

care and safety. This rule will establish a consistent image quality standard on any health care practitioner using equipment that the U.S. Food and Drug Administration (FDA) has classified as CT or Cone Beam CT. The Department reached out to the IAC and determined that the accreditation concerns raised by the commenters are unfounded. As a result of this comment, the requirement for documentation of the area exposure results from an NVLAP approved laboratory at the console or operator location for a duration of one year, as found in section 16.65(c)(2)(i)(l), was removed because of concerns that this testing would be very difficult to conduct. In addition, minor amendments were made to section 16.65 for clarity, based on comments received.

(2) New York City Department of Health and Mental Hygiene (NYC DOHMH) expressed concerns that the proposed regulation's portable x-ray rules would allow the use of this equipment for ambulatory patients, and the equipment image quality and operator safety were lower than they should be. NYC DOHMH expressed concern that this would be less protective than their regulations for portable x-ray equipment. Also, they suggested that the definition of a positron emission facility be modified to reflect the exact verbiage in federal regulations.

DOH Response:

The Department reworded section 16.57 to clarify that a portable unit used in "any" location routinely would have to meet the requirements of a fixed unit. This will have the same effect operationally as NYC's regulation, but without stipulating any patient specific requirements. Rather, it focuses on the use of the equipment versus the equipment's design basis. As suggested, section 16.123(b)(7) was also updated to be identical to the definition of a positron emission facility in Title 10 Code of Federal Regulations section 35.2.

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Community Paramedicine Programs

I.D. No. HLT-29-26-00012-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of Part 800 of Title 10 NYCRR.

Statutory authority: Public Health Law, section 3033

Subject: Community Paramedicine Programs.

Purpose: To establish rules and regulations relative to the practice of community paramedicine in New York State.

Text of proposed rule: The opening language of Section 800.3 is amended, and new subdivisions (av) through (az) are hereby added to Section 800.3, to read as follows:

800.3 Definitions. The following definitions shall apply to this [Chapter] Part unless the context otherwise requires:

* * *

(av) *EMS Medical Director* means a New York State licensed physician, registered and in good standing with the New York State Education Department, who is responsible for all aspects of patient care for an EMS service, including, but not limited to:

(1) the provision of medical direction under standing orders and within the scope of practice for emergency medical services personnel;

(2) the implementation and ongoing evaluation of medical protocols; and

(3) oversight of quality improvement activities.

(aw) *Community Paramedicine* means the practice of providing health care in non-emergent settings, by community paramedicine practitioners acting on behalf of a certified ambulance service or advanced life support first response service approved by the department to provide community paramedicine services.

(ax) *Community Paramedicine Practitioners* are certified EMS personnel, acting within their scope of practice and under patient-specific orders, who operate within approved models of delivery for a community paramedicine program, and who meet the following requirements:

(1) have received training in specialized clinical roles;

(2) are integrated into the local health care system and work in a collaborative manner with other clinicians as part of the patient health care team; and

(3) are overseen by emergency and/or primary care physicians pursuant to a community paramedicine plan approved by the department.

(ay) *Models of Delivery* means specific permitted activities a community paramedicine practitioner may perform within an approved community paramedicine program as part of an organized medical care system.

(az) *Non-emergent setting* means a community-based setting in which health care services are provided based upon patient need, which may include the patient's place of residence or other designated physical location. The setting for patient care shall not include facilities licensed by the Department of Health pursuant to articles 28 or 36 of the Public Health Law or licensed by the Office of Mental Health pursuant to articles 31 or 32 of the Mental Hygiene Law or the Office for People with Developmental Disabilities pursuant to article 16 of the Mental Hygiene Law.

New sections 800.50-800.54 are added to Part 800, entitled "Community Paramedicine", to read as follows:

Section 800.50 Community Paramedicine Eligibility, Application and Models of Delivery.

(a) Any certified ambulance service or advanced life support first response service operating as a community paramedicine program prior to the effective date of this section, or applying to operate as a community paramedicine program, must:

(1) Develop a Model of Delivery for the community in which they are proposing to operate. In order to develop this model of delivery, community paramedicine programs and applicants must conduct a review of applicable community health assessments pursuant to section 602-a of the Public Health Law in accordance with guidance provided by the department, or they may collaborate with an entity that has identified a need in the community and is approved by the department to provide services.

(2) Submit all tasks proposed as part of models of delivery to the department for review and approval. Models of delivery shall be re-submitted for review and approval in accordance with the agency certification cycle, or every two years, or other term, as determined by the department.

(3) Provide organizational readiness assessments to the department for:

(i) health information technology systems which demonstrate integration with local health care providers to facilitate collaboration through access to patient records amongst the patient care team; and

(ii) medical oversight which demonstrates the medical director has the authority to adopt protocols, implement performance improvement systems and ensure appropriate practice of community paramedicine practitioners for each proposed model of delivery.

(4) Complete a community resource capacity assessment which identifies their current capabilities and demonstrates their ability to manage and sustain current emergency response capabilities along with any other requirements as determined by the department. This assessment shall include:

(i) a staffing plan for 911 system responses and community paramedicine visits that includes a plan for future years, including potential increases to 911 responses and community paramedicine visits; and

(ii) data sufficient to demonstrate the fiscal sustainability of the agency's 911 operations and community paramedicine program as determined by the department.

(b) All community paramedicine programs must adhere to established national standards for the secure sharing of health information across all systems. Before January 1, 2031, all community paramedicine programs must become participants in the Statewide Health Information Network for New York (SHIN-NY), pursuant to Part 300 of this Title, to support the connection to other provider data systems for the purposes of treatment, care coordination, and other activities allowed by law.

Section 800.51 Community Paramedicine Training and Competencies.

(a) Community paramedicine roles and clinical responsibilities will be based on the scope of practice for each level of EMS personnel. Actual service delivery should align with current emergency field treatment protocols and national scope of practice.

(b) A community paramedicine program must submit the following information on training and competencies for each proposed model of delivery to the department including, but not limited to:

(1) records of qualifications of instructors or trainers demonstrating compliance with the department's requirements;

(2) core competencies for each model of delivery that must include, at a minimum, didactic and clinical training requirements for each model of delivery with standardized assessment, treatment, and reporting requirements;

(3) the following assessments:

(i) environmental safety assessments;

(ii) substance use disorder and behavioral health assessments;

(iii) assessment and management of chronic disease processes;

(iv) data collection and documentation requirements; and

(v) any other didactic and clinical requirements as required by the department;

(4) methods used for implementation and practice, including but not limited to any telehealth activities;

(5) frequency of training, renewal schedule for proficiencies, continuing education schedules, and records management and retention procedures that are reviewed and updated annually at a minimum;

(6) a letter of approval from the medical director; and

(7) any other elements requested by the department.

(c) Training for community paramedicine programs may be performed internally or by externally validated training. All curricula must adhere to standards approved by the department.

Section 800.52 Patient Safety and Quality Requirements.

(a) A community paramedicine program must establish and implement a written quality improvement plan. The scope of clinical and administrative problems reviewed for quality improvement purposes shall reflect the department-authorized models of delivery and the populations served by the community paramedicine program. The outcomes of quality improvement reviews shall be used to develop or revise policies, to develop or implement quality improvement activities, and to grant or renew staff privileges, as appropriate. The plan must include the following components:

(1) the establishment of review criteria developed in accordance with current standards of professional practice for monitoring and assessing patient safety, patient care and clinical performance;

(2) regularly scheduled reviews of patient care charts, patient complaints and suggestions, reported incidents and all other documents pertinent to problem identification. These must include root cause analysis for all reportable incidents in accordance with section 800.21(q) of this Part;

(3) documentation of all quality improvement activities, including but not limited to the findings, recommendations, and actions taken to resolve identified problems;

(4) the timely implementation of corrective actions and periodic assessments of the results of such actions; and

(5) a description of the role of the medical director in the implementation and evaluation of the quality improvement plan.

(b) Community paramedicine programs must develop and follow a detailed patient visit plan for every community paramedicine visit, which must include the following:

(1) the minimum number of personnel assigned to a community paramedicine visit;

(2) the type of vehicle that will be used to perform community paramedicine visits;

(3) the policy for patient intake, including patient referrals in and out of the community paramedicine program, and the process for scheduling appointments;

(4) steps to ensure the safety of the patient during the visit;

(5) steps to ensure the safety of community paramedicine practitioners before, during and after community paramedicine visits; and

(6) procedures for incidents when a patient requires emergency care and treatment beyond the planned tasks for the community paramedicine visit.

(c) Community paramedicine programs shall report any serious incident involving patients, personnel or property in accordance with the requirements contained within section 800.21(q) of this Part.

(d) All vehicles used to perform community paramedicine visits must be certified in accordance with section 800.24 of this Part.

(e) Community paramedicine programs must provide to the department sufficient data to evaluate the safety, efficacy, sustainability, and quality of care in a form, format, and frequency determined by the department.

Section 800.53 Enforceability.

Certified ambulance services or advanced life support first response services found in violation of sections 800.50-800.52 of this Part are subject to all applicable enforcement actions, including those under section 800.16 of this Part and sections 12, 12-a, 12-b, 206(4) and 3012 of the Public Health Law. Potential consequences may include, but are not limited to, penalties, revocation of the department's approval to operate as a community paramedicine program, suspension or revocation of certificates, and denial of certificate renewal applications.

800.54 Effective date and sunset date.

(a) These regulations shall become effective 12 months after adoption and shall expire upon the expiration of section 3018 of the Public Health Law.

Text of proposed rule and any required statements and analyses may be obtained from: Katherine Ceroalo, DOH, Bureau of Program Counsel, Reg. Affairs Unit, Room 2438, ESP Tower Building, Albany, NY 12237, (518) 473-7488, email: regsqa@health.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 60 days after publication of this notice.

This rule was not under consideration at the time this agency submitted its Regulatory Agenda for publication in the Register.

Regulatory Impact Statement

Statutory Authority:

Public Health Law (PHL) § 3033 authorizes the Commissioner of Health, upon approval of the State Emergency Medical Services Council (SEMSCO), to promulgate rules and regulations to effectuate the purposes of Article 30 of the Public Health Law.

PHL § 3018 authorizes the Department of Health (Department) to work with the community paramedicine stakeholder advisory panel in establishing a community paramedicine demonstration program, including the issuance of regulations and guidance.

Legislative Objectives:

The objective of PHL § 3018 is, in part, to protect public health, safety, and welfare by establishing rules and regulations relative to the practice of community paramedicine in New York State.

Needs and Benefits:

The enactment of PHL § 3018 established a program to evaluate the role of emergency medical services personnel in non-emergent healthcare settings. Under Executive Order 4 of 2021 (9 NYCRR § 9.4), the Department was permitted to authorize certified ambulance and advanced life support first response services to provide mobile integrated health and establish community paramedicine programs. The enactment of these proposed regulations may help alleviate the burden caused by emergency ambulance transports, emergency department visits and hospital admissions as patients enrolled in community paramedicine programs may be treated safely in their homes avoiding unexpected emergency visits. Under PHL § 3018, programs authorized as of May 11, 2023, were permitted to continue operations as community paramedicine programs without expansion of services offered and with no authorization of new programs.

This initiative was a response to the extreme staffing shortages experienced in health care setting across the State during the COVID-19 pandemic. Community paramedicine was an attempt to bridge gaps in care in the pre-hospital setting. At the time of enactment of PHL § 3018, there were 59 ambulance and advanced life support first response services authorized to perform a variety of tasks. 52 authorizations were for vaccination administration, testing, or both testing and vaccine administration for COVID-19 and the influenza virus. Seven services were authorized to perform other tasks including hospital discharge planning, medication reconciliations, fall assessments, basic wound care, infusion of fluids, and medication administration. In addition, community paramedicine providers performed home safety assessments, point of care testing, and utilizing telehealth to address long term, chronic illnesses such as chronic obstructive pulmonary disease, diabetes, and asthma.

All activities and tasks performed have been under patient-specific prescriptions and programs have worked with local health departments, hospitals, primary care networks, and other services offered by local and county level government.

The statute contemplates that the Department will, in coordination with the stakeholder advisory panel, the development of regulations and guidance that will evaluate patient safety and standards of care, establish the criteria for permitted tasks within a community paramedicine setting, and establish minimum training and educational competencies for practitioners. The proposed regulations were drafted with the stakeholder advisory panel's input. The proposed regulation does not mandate any ambulance service or advanced life support service to participate in the community paramedicine program.

Costs:

Costs for the Implementation of, and Continuing Compliance with the Regulation to the Regulated Entity:

Authorized community paramedicine programs have absorbed the initial costs such as training, equipment, and data and record keeping. The proposed regulations may require additional costs to standardize training and education and data collection and reporting. Costs associated with the regulatory requirement for standardized education are either offered by a nationally recognized education entity or a program that an agency develops. All programs have implemented education and training, but the proposed regulations standardize requirements and ensure that certain core concepts are included. It is difficult to estimate the cost of any additional efforts to comply with the proposed regulatory requirements. Some programs may opt for nationally recognized courses that vary in cost and others may opt to revise their internal educational and training plans. The estimated cost could be up to \$600 per practitioner. This amount would likely be offset by revenues and reimbursements for community paramedicine services.

There may be additional costs associated with the data collection and

reporting requirements. Currently, all programs are collecting data individually, with no uniform data set to define requirements. The agencies will be required to implement this standardized data set with their electronic patient care report vendors. Costs associated with participation in the Statewide Health Information Network for New York (SHIN-NY) will be minimal as the Department will facilitate the development of the statewide infrastructure to establish connections amongst the key provider types. The proposed regulations contain a 12-month lead time between the date of adoption and the date of effectiveness. This period provides existing agencies with the ability to come into compliance.

Approved community paramedicine programs have already expended capital for vehicles and required equipment, entered into agreements for clinical specialty training for permitted tasks, and invested in technology that allows for the treatment in place and transport to alternate destinations of patients. There may be some additional costs for ongoing agreements, but these would be included in current budgetary efforts to support the community paramedic programs.

Costs to State and Local Governments:

There will be no immediate costs to State and local governments.

Costs to the Department of Health:

This regulation imposes no new costs to the Department. The Department anticipates handling all existing and new requirements, including data and oversight of community paramedicine programs with existing staffing and infrastructure.

Local Government Mandates:

The proposed regulation does not contain local government mandates because none of the approved community paramedicine programs are a local government. If a community paramedicine program were to be run by a municipality, all the requirements in these proposed regulations would apply. The regulation does not mandate any ambulance service or advanced life support service to participate in the community paramedicine program. Therefore, any costs associated would also be voluntary.

Paperwork:

Community paramedicine programs that are operated by local governments will be required to meet data collection and reporting, education and training, and quality improvement requirements once the proposed regulations take effect. There may be some community paramedicine programs that already meet the proposed regulatory requirements. Those that do not are provided the timeframe between the date of enactment and the effective date of the regulation to adjust their programs and systems to meet the regulatory requirements.

Duplication:

This regulation does not duplicate, overlap, or conflict with any existing State or Federal rules or other legal requirements.

Alternatives:

The alternative to these regulations is to continue to allow currently approved community paramedicine programs to continue without standardized education, training, data collection and reporting. This alternative is not viable because these programs are part of a demonstration project intended to demonstrate the efficacy and success of community paramedicine and mobile integrated health. PHL § 3018 requires reporting by the Department to the Legislature on the progress of the community paramedicine programs. Without the ability to successfully assemble data and report on the activities and outcomes of the approved programs, the Department will have no way to comply with this statutory requirement.

Federal Standards:

There are no applicable Federal regulations.

Compliance Schedule:

These regulations will take effect 12 months from the date the Notice of Adoption is published in the State Register.

Regulatory Flexibility Analysis

Effect of Rule:

The proposed rule changes will affect all approved community paramedicine programs and community paramedicine program applicants in the State. Of the 59 programs, 14 are operated by local governments. Of the 14 community paramedicine programs that are local municipalities, the majority are inactive or only vaccinating for COVID-19 or influenza, or testing staff for COVID-19. Only one of these community paramedicine programs is providing services other than these vaccinations or tests.

Compliance Requirements:

Since the proposed regulations are only applicable to currently approved community paramedicine programs and those emergency medical services (EMS) agencies seeking approval to become community paramedicine programs, compliance will center around ensuring that data collection and transmission to the Department of Health (Department) are accurate and complete and that the education and training of practitioners are standardized. The agencies will also be required to submit assessments of their capabilities to sustain emergency response operations in addition to the community paramedicine program. They will also be required to review the results of community health needs assessments, that may or may not have been completed initially.

To date, approved community paramedicine programs have not been required to maintain or report on any of these program facets to the Department. They have self-reported difficulties in establishing bidirectional interaction with prescribing practitioners, and the permitted tasks are not clearly defined. These regulations are required to establish a standard of care and maintain consistent standards.

Professional Services:

Community paramedicine programs will be required to establish and maintain arrangements for specialty care tasks. This may involve clinical agreements with assorted health care entities to facilitate bidirectional communication with specialty providers to ensure the coordination of care for patients enrolled in community paramedicine programs. There may be maintenance contracts required for equipment and vehicles as part of regular operations to facilitate provider transportation to patients and to ensure the appropriate medical equipment is available for the care to be provided to patients.

Compliance Costs:

The estimated cost for the community paramedicine programs is difficult to estimate due to the varied nature of their current operations. It is estimated to cost up to \$600 per practitioner to comply with education and training standards. To comply with documentation standards, data collection and reporting, cost will depend on the individual vendor for the documentation platform. The Department will develop a no-cost documentation platform that will be available for use by all programs but will not be mandated as the sole documentation option. Costs associated with participation in the Statewide Health Information Network for New York (SHIN-NY) will be minimal as the Department will facilitate the development of the statewide infrastructure to establish connections amongst the key provider types. Community paramedicine programs will have already purchased and implemented the necessary equipment to perform their permitted tasks, so those expenses will not need to be borne out of these regulations.

Economic and Technological Feasibility:

For the most part, these regulations reflect current practices and as such should not represent a significant burden on currently operating community paramedicine programs. Additionally, programs will have a 12-month period in which to come into compliance with any requirements they have not yet met, with the exception of new technology requirements, which do not go into effect until 2031.

Minimizing Adverse Impact:

Community paramedicine programs will have 12 months in which to comply with these regulations, which will help to mitigate adverse impacts.

Small Business and Local Government Participation:

The proposed regulations were drafted with the input of the statutorily established Community Paramedicine Stakeholder Advisory group. The statute defines the classes of professionals that were required to participate, some of whom contract with local governments to provide community paramedicine services. Additionally, the State Emergency Medical Services Advisory Council created a set of guidelines for regulatory content that was incorporated into the proposed regulations.

For Rules that Either Establish or Modify a Violation or Penalties Associated with a Violation:

The proposed regulations allow for a 12-month period in which programs may work to come into compliance.

Rural Area Flexibility Analysis

Types and Estimated Numbers of Rural Areas:

This rule applies uniformly throughout the State, including rural areas. Rural areas are defined as counties with a population less than 200,000 and counties with a population of 200,000 or greater that have towns with population densities of 150 persons or fewer per square mile. The following 44 counties have a population of less than 200,000 based upon the United States Census estimated county populations for 2020 (<https://www.census.gov/quickfacts/>). Approximately 17% of small health care facilities are located in rural areas.

Allegany County	Greene County	Schoharie County
Broome County	Hamilton County	Schuyler County
Cattaraugus County	Herkimer County	Seneca County
Cayuga County	Jefferson County	St. Lawrence County
Chautauqua County	Lewis County	Steuben County
Chemung County	Livingston County	Sullivan County
Chenango County	Madison County	Tioga County
Clinton County	Montgomery County	Tompkins County
Columbia County	Ontario County	Ulster County
Cortland County	Orleans County	Warren County

Delaware County	Oswego County	Washington County
Essex County	Otsego County	Wayne County
Franklin County	Putnam County	Wyoming County
Fulton County	Rensselaer County	Yates County
Genesee County	Schenectady County	

The following counties have a population of 200,000 or greater and towns with population densities of 150 persons or fewer per square mile. Data is based upon the United States Census estimated county populations for 2020.

Albany County	Niagara County	Orange County
Dutchess County	Oneida County	Saratoga County
Erie County	Onondaga County	Suffolk County
Monroe County		

Reporting, Recordkeeping and Other Compliance Requirements; and Professional Services:

All approved programs operate in at least a portion of the counties classified as rural, and these programs have already invested in much of the required technology and equipment. Community Paramedicine programs will need to report data to the Department of Health (Department) for each patient interaction, and they must report any serious incidents to Department. Community Paramedicine programs will also be required to participate in the Statewide Health Information Network for New York (SHIN-NY) before January 1, 2031 to facilitate provider coordination. In addition, Community Paramedicine programs will be responsible for establishing and implementing a quality improvement plan and they must develop a detailed patient visit plan for each patient visit.

Costs:

Authorized community paramedicine programs have absorbed the initial costs such as training, equipment, and data and record keeping. The proposed regulations may require additional costs to standardize training and education, as well as data collection and reporting. Costs associated with participation in the SHIN-NY will be minimal as the Department will facilitate the development of the statewide infrastructure to establish connections amongst the key provider types. There may be costs associated with the regulatory requirement for standardized education, which must be offered by either a nationally recognized education entity or an emergency medical services (EMS) agency developed program. All of the current community paramedicine programs have implemented education and training, but the proposed regulations standardize requirements and ensure that certain core concepts are included. It is difficult to estimate the cost of any additional efforts to comply with the proposed regulatory requirements. Some programs may opt for nationally recognized courses that vary in cost, and others may opt to revise their internal educational and training plans. The estimated cost could be up to an additional \$600 per practitioner.

There may be additional costs associated with the data collection and reporting requirements. Currently, all community paramedicine programs are collecting data individually, with no uniform data set to define requirements. EMS agencies will be required to implement this standardized data set with their electronic patient care report vendors. The proposed regulations contain a 12-month lead time between the date of enactment and the date of effectiveness. This time period is meant to provide EMS agencies the ability to come into compliance.

Approved agencies have already expended capital for vehicles and required equipment, entered into agreements for clinical specialty training for permitted tasks, and invested in technology that allows for the treatment in place and transport of patients to alternate locations. There may be some additional costs for ongoing agreements, but these would be included in current budgetary efforts to support the community paramedic programs.

Minimizing Adverse Impact:

The proposed regulations take effect 12 months after adoption in the State Register, which will help to mitigate adverse impacts.

Rural Area Participation:

These proposed regulations will be subject to a 60-day public comment period, and subject to review and approval by a subcommittee of the State Emergency Medical Services Council, as well as the approval of the full State Emergency Medical Services Council. The Department convened a Community Paramedicine Stakeholder Advisory panel to solicit recommendations for the development of these regulations. The Stakeholder Advisory Panel had multiple members representing rural areas and their feedback is reflected in these regulations. All certified ambulance agencies, including those from rural areas within the State, will have an opportunity to comment during the public comment period and through their

representatives on their respective Regional Emergency Services Medical Committee, Regional Emergency Medical Services Council and the State Emergency Medical Services Council.

Job Impact Statement

A Job Impact Statement for these amendments is not being submitted because it is apparent from the nature and purposes of the amendments that they will not have a substantial adverse impact on jobs and/or employment opportunities.

New York State Joint Commission on Public Ethics

NOTICE OF WITHDRAWAL

Outside Activity Restrictions and Approval Procedures

I.D. No. JPE-20-26-00001-W

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Notice of proposed rule making, I.D. No. JPE-20-26-00001-P, has been withdrawn from consideration. The notice of proposed rule making was published in the *State Register* on May 20, 2026.

Subject: Outside activity restrictions and approval procedures.

Reason(s) for withdrawal of the proposed rule: The submission was made under the name of the defunct agency "Joint Commission on Public Ethics." Re-submission is forthcoming.

Office for People with Developmental Disabilities

EMERGENCY RULE MAKING

Clarifying What Facilities OPWDD Can Designate Intermediate Care Facilities for Individuals with Intellectual Disabilities

I.D. No. PDD-50-25-00004-E

Filing No. 645

Filing Date: 2026-07-02

Effective Date: 2026-06-26

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Amendment of Parts 619, 633, 680 and 681 of Title 14 NYCRR.

Statutory authority: Mental Hygiene Law, sections 13.07, 13.09(b) and 16.00

Finding of necessity for emergency rule: Preservation of public health.

Specific reasons underlying the finding of necessity: Of the approximately 1.1 million people in New York State that have an intellectual or developmental disability (I/DD), the Office for People With Developmental Disabilities (OPWDD) is responsible for coordinating supports for approximately 135,000 people meeting established criteria. Since the COVID-19 outbreak of 2020, New York State has been in a healthcare staffing crisis. Unfortunately, these new staffing pressures only compounded a staffing crisis that OPWDD had already been experiencing prior to the COVID-19 pandemic and is still addressing the impacts of today. Due in part to this crisis, OPWDD has also been experiencing challenges finding appropriate residential opportunities for the people the agency serves.

OPWDD provides a continuum of human services which includes residential opportunities such as specialty hospitals, which are designed to be the provider of the most intensive care for people with I/DD and health care problems, and Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICFs/IID), which are an optional Medicaid benefit

that provide comprehensive and individualized health care and rehabilitation services to individuals to promote their functional status and independence. Both types of facilities provide necessary services to those who reside in them. While both specialty hospitals and ICFs/IID are held to similar standards by New York State, ICFs/IID must also comply with federal regulations, 42 CFR 483. OPWDD believes that if a specialty hospital has the ability to meet the standards for an ICF/IID set forth by the Centers for Medicare & Medicaid Services (CMS), they should have the ability to operate as one so that as many people with I/DD can receive necessary services as possible. Since OPWDD is facing a staffing crisis, which has caused other difficulties in the system, OPWDD believes that this is an opportunity to provide more services to those who need them by allowing a specialty hospital to operate as an ICF/IID if they comply with the requisite CMS standards.

Subject: Clarifying what facilities OPWDD can designate Intermediate Care Facilities for Individuals with Intellectual Disabilities.

Purpose: To allow specialty hospitals to be certified as an intermediate care facility for individuals with intellectual disabilities.

Text of emergency rule: Paragraphs 619.2(d)(3) and (6) are amended to read as follows:

(3) Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID). An ICF/IID is a residential facility that provides comprehensive care, supervision, habilitation, and treatment for individuals with intellectual and developmental disabilities, that must be operated in compliance with federal ICF/IID regulations in 42 CFR 483 and applicable regulations of this Title. *At OPWDD's discretion, an ICF/IID may also be certified as a specialty hospital pursuant to paragraph (6) of this subdivision and Part 680 of this Title. An ICF/IID also certified as a specialty hospital must meet the requirements of Subpart 635-7, Part 680 and Part 681 of this Title, and any other applicable regulations. Where any applicable regulatory requirements differ, the more stringent standards must apply. Notwithstanding any contrary or conflicting requirements contained in regulation or an approved State Plan, a provider of an ICF/IID also certified as a specialty hospital must not:*

- (i) bill or receive reimbursement for day program services outside the provider's approved ICF/IID rate;*
- (ii) bill or receive payment for any reserved bed days, including, but not limited to, medical leave and therapy days;*
- (iii) include any non-billable or vacancy days in the calculation of the occupancy percentage used to adjust the operating component of its ICF/IID rate.*

(Note: Certain ICFs/IID are certified by the State Department of Health (DOH); this Part does not apply to those ICFs/IID that are certified by DOH.)

* * *

(6) Specialty hospital. An OPWDD certified Specialty Hospital is a facility that provides residential care and services by or under the direction of a physician to individuals with intellectual or developmental disabilities who require specialized services to address significant health care needs. *At OPWDD's discretion, a specialty hospital may also be certified as an ICF/IID pursuant to paragraph (3) of this subdivision and Part 681 of this Title. A specialty hospital also certified as an ICF/IID must meet the requirements of Subpart 635-7, Part 680 and Part 681 of this Title, and any other applicable regulations. Where any applicable regulatory requirements differ, the more stringent standards must apply. Notwithstanding any contrary or conflicting requirements contained in regulation or an approved State Plan, a provider of a specialty hospital also certified as an ICF/IID must not:*

- (i) bill or receive reimbursement for day program services outside the provider's approved ICF/IID rate;*
- (ii) bill or receive payment for any reserved bed days, including, but not limited to, medical leave and therapy days;*
- (iii) include any non-billable or vacancy days in the calculation of the occupancy percentage used to adjust the operating component of its ICF/IID rate.*

Subdivision 680.13(bh) is amended to read as follows:

(bh) Specialty hospital. A facility including both program and site for which OPWDD has issued an operating certificate, pursuant to Mental Hygiene Law, article 16, to operate as a specialty hospital, and for which the New York State Department of Health has issued a Medicaid provider agreement. *At OPWDD's discretion, a specialty hospital may also be certified as an ICF/IID pursuant to paragraph 619.2(d)(3) and Part 681 of this Title. A specialty hospital also certified as an ICF/IID must meet the requirements of Subpart 635-7, this Part, Part 681 of this Title, and any other applicable regulations. Where any applicable regulatory requirements differ, the more stringent standards must apply. Notwithstanding any contrary or conflicting requirements contained in regulation or an ap-*

proved State Plan, a provider of a specialty hospital also certified as an ICF/IID must not:

- (1) bill or receive reimbursement for day program services outside the provider's approved ICF/IID rate;*
- (2) bill or receive payment for any reserved bed days, including, but not limited to, medical leave and therapy days;*
- (3) include any non-billable or vacancy days in the calculation of the occupancy percentage used to adjust the operating component of its ICF/IID rate.*

New subdivision 681.1(l) is added to read as follows:

(l) At OPWDD's discretion, intermediate care facilities for individuals with intellectual disabilities (ICF/IID) may also be certified as a specialty hospital pursuant to paragraph 619.2(d)(6) and Part 680 of this Title. An ICF/IID also certified as a specialty hospital must meet the requirements of Subpart 635-7, this Part, Part 680 of this Title, and any other applicable regulations. Where any applicable regulatory requirements differ, the more stringent standards must apply. Notwithstanding any contrary or conflicting requirements contained in regulation or an approved State Plan, a provider of an ICF/IID also certified as a specialty hospital must not:

- (1) bill or receive reimbursement for day program services outside the provider's approved ICF/IID rate;*
- (2) bill or receive payment for any reserved bed days, including, but not limited to, medical leave and therapy days;*
- (3) include any non-billable or vacancy days in the calculation of the occupancy percentage used to adjust the operating component of its ICF/IID rate.*

Paragraph 633.15(e)(2) is amended to read as follows:

(2) For persons residing in ICF/DDs and specialty hospitals, the amount will be determined by using Medicaid Law and the Social Services Law and regulations (18NYCRR). *For the purposes of determining the amount, a specialty hospital certified under Part 680 of this Title, or both Parts 680 and 681 of this Title, is considered a residential health care facility as defined by section 2801 of the Public Health Law.*

(i) On a monthly basis the components of personal allowance include but are not limited to:

(a) for non-working persons, either:

- (1) the statutory personal allowance as specified in section 366 of the Social Services Law; or
- (2) the full monthly SSI payments for individuals residing in title XIX (Medicaid) certified facilities.

(b) for working persons:

- (1) the first \$65 of gross earnings plus one half the earnings above \$65; and
- 2) an amount up to the statutory personal allowance from:
 - (i) the balance of earnings; and
 - (ii) all unearned income; and
- (c) incidental income for all persons, whenever it exists.

This notice is intended to serve only as a notice of emergency adoption. This agency intends to adopt the provisions of this emergency rule as a permanent rule, having previously submitted to the Department of State a notice of proposed rule making, I.D. No. PDD-50-25-00004-EP, Issue of May 27, 2026. The emergency rule will expire August 30, 2026.

Text of rule and any required statements and analyses may be obtained from: Arianna Macio, Office for People With Developmental Disabilities, 44 Holland Ave., Albany, NY 12208, (518) 474-7700, email: rau.unit@opwdd.ny.gov

Additional matter required by statute: Pursuant to the requirements of the State Environmental Quality Review Act, OPWDD, as lead agency, has determined that the action described herein will have no effect on the environment and an E.I.S. is not needed.

Regulatory Impact Statement

1. Statutory Authority:

a. The Office for People with Developmental Disabilities (OPWDD) has the statutory responsibility to provide and encourage the provision of appropriate programs, supports, and services in the areas of care, treatment, habilitation, rehabilitation, and other education and training of persons with intellectual and developmental disabilities, as stated in the New York State (NYS) Mental Hygiene Law Section 13.07.

b. OPWDD has the authority to adopt rules and regulations necessary and proper to implement any matter under its jurisdiction as stated in the NYS Mental Hygiene Law Section 13.09(b).

c. OPWDD has the statutory authority to adopt regulations concerned with the operation of programs and the provision of services, as stated in the NYS Mental Hygiene Law Section 16.00.

d. OPWDD has the statutory authority to oversee facilities and providers of services holding operating certificates pursuant to NYS Mental

Hygiene Law Section 16.03 as stated in NYS Mental Hygiene Law Section 16.11.

2. **Legislative Objectives:** The proposed regulations further legislative objectives embodied in Sections 13.07, 13.09(b), 16.00, and 16.11 of the Mental Hygiene Law (MHL). Specifically, MHL section 13.07 directs OPWDD to provide appropriate facilities, programs, supports and services and encourage the provision of facilities, programs, supports and services by local government and community organizations and agencies. Further, the Commissioner of OPWDD (Commissioner) is empowered to regulate and assure consistent high-quality services and provide oversight of facilities and providers of services who hold an operating certificate issued by OPWDD under MHL sections 16.00 and 16.11. Under MHL section 13.09 the Commissioner is directed to “adopt rules and regulations necessary and proper to implement any matter under [her] jurisdiction.” The regulation amends Parts 619, 633, 680, and 681 to clarify OPWDD’s authority to certify specialty hospitals as intermediate care facilities for individuals with intellectual disabilities (ICF/IID). These regulations attempt to ensure there are adequate services being provided to communities by qualified facilities and providers. Therefore, these regulations serve to uphold the Commissioner’s responsibility to provide appropriate facilities and services and regulate and assure high quality services are provided by holders of operating certificates issued by OPWDD.

3. **Needs and Benefits:** The proposed regulation amends 14 NYCRR Parts 619, 633, 680, and 681 to authorize OPWDD to certify specialty hospitals as ICF/IID in certain circumstances. An ICF/IID is an optional Medicaid benefit that enables New York to provide comprehensive and individualized health care and rehabilitation services to individuals to promote their functional status and independence. OPWDD is continually trying to evolve the way the agency helps people with developmental disabilities live richer lives. Currently, a huge obstacle for people with developmental disabilities, is access to stable, suitable living. This obstacle is only exacerbated by the current staffing shortages felt throughout the State. By allowing specialty hospitals to operate as ICF/IIDs in certain circumstances, OPWDD will be opening up more residential options for people with intellectual and developmental disabilities. By allowing OPWDD to certify specialty hospitals as ICF/IIDs, people with intellectual and developmental disabilities who are looking for residential options may have new opportunities. By allowing specialty hospitals to be certified as ICF/IIDs, staffing options will increase, thus allowing for some flexibilities in hiring practices.

4. **Costs:** The proposed regulation is expected to have no additional costs to OPWDD, New York, local governments, or the regulated entities. Any specialty hospital looking to operate as an ICF/IID would have to pay the same fees as any other entity looking to operate as an ICF/IID. Since ICF/IIDs are already an optional Medicaid benefit that New York has funding for, opening up the criteria to allow specialty hospitals to be certified as such, would not add additional costs to the agency. Additionally, specialty hospitals are usually paid at a higher rate than ICF/IIDs. Therefore, a specialty hospital operating as an ICF/IID would not receive any more money than they would already be entitled to a specialty hospital. Moreover, whether a specialty hospital applies to be certified as an ICF/IID is optional, and therefore, this does not place any additional mandated costs on specialty hospitals.

5. **Local Government Mandates:** There are no new requirements imposed by the rule on any county, city, town, village, or school, fire, or other special district. Additionally, no local government units provide these services.

6. **Paperwork:** There would be no additional paperwork for providers. This merely allows OPWDD to authorize specialty hospitals to operate as an ICF/IID if they meet certain requirements. A specialty hospital would have to submit the same paperwork to OPWDD that any other ICF/IID applicant must submit.

7. **Duplication:** The proposed regulations do not duplicate any existing State or Federal requirements on this topic.

8. **Alternatives:** OPWDD did not consider any other alternatives because the only way to increase the number of ICF/IIDs without rolling back Federal requirements, which OPWDD does not have the authority to do, is to allow specialty hospitals, who already have to comply with similar requirements, to apply to operate as an ICF/IID. Since there are already regulations for specialty hospitals and ICF/IIDs, amending the regulations, rather this providing guidance, is necessary.

9. **Federal Standards:** The proposed amendments would place Federal ICF/IID regulation requirements, which can be found at 42 CFR 483, on specialty hospitals that intend to operate as an ICF/IID.

10. **Compliance Schedule:** These regulations will become effective upon publication of a Notice of Emergency Adoption in the New York State Register.

Regulatory Flexibility Analysis

A Regulatory Flexibility Analysis for Small Businesses and Local Governments is not being submitted because the proposed regulation will

not impose any adverse economic impact or reporting, record keeping or other compliance requirements on small businesses or local governments. There are no professional services, capital, or other compliance costs imposed on small businesses or local governments as a result of these amendments.

The proposed regulation amends 14 NYCRR Parts 619, 633, 680, and 681 in order to allow the Office for People With Developmental Disabilities (OPWDD) to certify specialty hospitals as an Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID) in certain circumstances. Any specialty hospital would be permitted to apply to OPWDD to be certified as an ICF/IID. A specialty hospital would have to prove they are qualified to run as an ICF/IID before OPWDD certified the facility.

The regulation as proposed will result in new compliance requirements for regulated parties. However, these requirements apply to all providers regardless of size. Additionally, OPWDD does not believe any of the providers qualify as small businesses. Finally, no local government units operate any specialty hospitals. Thus, the regulation will not have any adverse effects on small business and local governments.

Rural Area Flexibility Analysis

A Rural Area Flexibility Analysis for this proposed regulation is not being submitted because the regulation will not impose any adverse impact or significant reporting, record keeping or other compliance requirements on public or private entities in rural areas. There are no professional services, capital, or other compliance costs imposed on public or private entities in rural areas as a result of the proposed regulation.

The proposed regulation amends 14 NYCRR Parts 619, 633, 680, and 681 in order to allow the Office for People With Developmental Disabilities (OPWDD) to certify specialty hospitals as an Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID) in certain circumstances. Any specialty hospital, regardless of location, would be permitted to apply to OPWDD to be certified as an ICF/IID. A specialty hospital would have to prove they are qualified to run as an ICF/IID before OPWDD certified the facility.

The regulation will not result in an adverse impact on rural communities because the regulation applies to all communities equally. The regulation will not have a positive or negative impact on jobs and employment opportunities in New York State. While a specialty hospital would need to comply with the requirements of ICF/IIDs, if they wanted to become certified as such, these parties already have extensive compliance requirements and teams that ensure compliance with OPWDD regulations. This is incredibly important given the population served by OPWDD. Since the amendments apply to providers uniformly the regulation will not have any adverse effects on providers in rural areas and local governments.

Job Impact Statement

A Job Impact Statement for the proposed regulation is not being submitted because it is apparent from the nature and purpose of the regulation that it will not have a substantial adverse impact on jobs and/or employment opportunities.

The proposed regulation amends 14 NYCRR Parts 619, 633, 680, 681 in order to provide the Office for People With Developmental Disabilities (OPWDD) the authority to certify a specialty hospital as an intermediate care facility for individuals with intellectual disabilities (ICF/IID).

The regulation will not have a substantial impact on jobs or employment opportunities in New York State because it merely gives OPWDD the discretion to allow specialty hospitals to also be certified as an Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID).

Assessment of Public Comment

The agency received no public comment.

Public Service Commission

NOTICE OF ADOPTION

Submetering of Electricity and Waiver Requests

I.D. No. PSC-16-26-00003-A

Filing Date: 2026-07-01

Effective Date: 2026-07-01

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: On 7/1/26, the PSC adopted a one-commissioner order

authorizing New York City Housing Authority's petition to submeter electricity at 641-643 East 13th Street and 612 East 14th Street, New York, New York, and granting waiver requests.

Statutory authority: Public Service Law, sections 30, 32-48, 52, 53, 65(1), 66(1), (2), (3), (4), (12) and (14)

Subject: Submetering of electricity and waiver requests.

Purpose: To authorize New York City Housing Authority's petition to submeter electricity and granting waiver requests.

Substance of Final Rule: The Commission, on July 1, 2026, adopted a one-commissioner order authorizing New York City Housing Authority's (NYCHA) petition to submeter electricity at 641-643 East 13th Street and 612 East 14th Street, New York, New York, located in the service territory of Consolidated Edison Company of New York, Inc., and granting waiver requests of certain 16 NYCRR § 96.5. NYCHA's compliance with 16 NYCRR § 96.5(1)(2), (3), and (5) are waived. NYCHA shall, within 60 days of the issuance of the order, certify in writing to the Secretary to the Commission that it accepts the submetering conditions required in the order and by the Commission's regulations and that it has, or will, provide copies of all required notices to its residents and to new ownership or property management as applicable. NYCHA shall file with the Secretary to the Commission, within six months of the issuance of the order, certification that Itron Centron CNISR submeters have been installed at the building complex. NYCHA shall file a meter test plan with the Secretary to the Commission within six months of the issuance of the order. Compliance with 16 NYCRR § 96.5(h) is waived during the renovations. Upon completion of the renovations, NYCHA shall certify in writing to the Secretary to the Commission that a refrigerator that meets the latest federal energy guidelines or is less than ten years old has been installed in each residential unit pursuant to 16 NYCRR § 96.5(h). If NYCHA or its successor entity wants to bill tenants for submetered electric service, it shall file a petition under this proceeding requesting Commission authority to modify the order and the submetering plan for 641-643 East 13th Street and 612 East 14th Street, New York, New York, subject to the terms and conditions set forth in the order.

Text or summary was published in the April 22, 2026 issue of the Register, I.D. No. PSC-16-26-00003-P.

Final rule as compared with last published rule: No changes.

Text of rule may be obtained from: Beth Faranda, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 474-5306, email: beth.faranda@dps.ny.gov An IRS employer ID no. or social security no. is required from firms or persons to be billed 25 cents per page. Please use tracking number found on last line of notice in requests.

Assessment of Public Comment

An assessment of public comment is not submitted with this notice because the rule is within the definition contained in section 102(2)(a)(ii) of the State Administrative Procedure Act.

PROPOSED RULE MAKING HEARING(S) SCHEDULED

Revised Modifications Establishing Proposed Rates in NYSEG's Gas Tariff Schedules

I.D. No. PSC-29-26-00004-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering revised tariff leaves filed by New York State Electric & Gas (NYSEG), to its Schedule P.S.C. Nos. 87, 88, 90 — Gas, in compliance with the Commission's Order Establishing Temporary Rates, issued May 14, 2026.

Statutory authority: Public Service Law, sections 5, 65 and 66

Subject: Revised modifications establishing proposed rates in NYSEG's gas tariff schedules.

Purpose: To ensure safe and adequate service at just and reasonable rates charged to customers without undue preferences.

Public hearing(s) will be held at: 10:30 a.m., Sept. 14, 2026, and continuing daily as needed* at Department of Public Service, 19th Fl., Board Rm., Three Empire State Plaza, Albany, NY.

*On occasion, there are requests to reschedule or postpone hearing dates. If such a request is granted, notification of any subsequent scheduling changes will be available at the DPS Web Site (www.dps.ny.gov) under Case 25-G-0378.

Interpreter Service: Interpreter services will be made available to hearing

impaired persons, at no charge, upon written request submitted within reasonable time prior to the scheduled public hearing. The written request must be addressed to the agency representative designated in the paragraph below.

Accessibility: All public hearings have been scheduled at places reasonably accessible to persons with a mobility impairment.

Substance of proposed rule: On June 30, 2025, New York State Gas & Electric Corporation (NYSEG or Company) filed amendments to its gas tariff schedules P.S.C. Nos. 87, 88, 90 — Gas to increase its annual gas revenues for the rate year ending April 30, 2027. NYSEG requested an increase in annual gas delivery revenues of approximately \$93 million (39.4 percent increase in delivery revenues, or 22.1 percent increase in total revenues). NYSEG estimated that the requested increase in delivery revenues would result in a total monthly bill increase of \$33.57 or a 33.5 percent increase to the total bill for a residential customer using 83 therms per month.

On May 14, 2026, the Public Service Commission (Commission) issued an order in this proceeding, Order Establishing Temporary Rates (Temporary Rates Order), adopting temporary rates to provide an interim increase in revenues for the Company to ensure the provision of safe, adequate and reliable service and provide the Commission additional time to review the record. On June 1, 2026, NYSEG made tariff compliance filings pursuant to the Temporary Rates Order. The tariff amendments were filed in compliance with Ordering paragraph "3", page 31 of the Temporary Rates Order and are consistent with those amendments identified in Attachment 1 to the Temporary Rates Order. NYSEG's proposed modifications had an effective date of July 1, 2026, but were subsequently suspended through October 28, 2026, to provide the Commission with additional time to review the record.

The full text of the proposal and the full record of the proceeding may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject or modify, in whole or in part, the action proposed and may resolve related matters.

Text of proposed rule and any required statements and analyses may be obtained by filing a Document Request Form (F-96) located on our website <http://www.dps.ny.gov/f96dir.htm>. For questions, contact: Beth Faranda, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 474-5306, email: beth.faranda@dps.ny.gov

Data, views or arguments may be submitted to: Michelle L. Phillips, Secretary, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 474-6530, email: secretary@dps.ny.gov

Public comment will be received until: Five days after the last scheduled public hearing.

Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement

Statements and analyses are not submitted with this notice because the proposed rule is within the definition contained in section 102(2)(a)(ii) of the State Administrative Procedure Act.

(25-G-0378SP3)

PROPOSED RULE MAKING HEARING(S) SCHEDULED

Revised Modifications Establishing Proposed Rates in RG&E's Electric Tariff Schedules

I.D. No. PSC-29-26-00008-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering revised tariff leaves filed by Rochester Gas and Electric Corporation (RG&E) to its Schedule P.S.C. Nos. 18 and 19 — Electricity, in compliance with the Commission's Order Establishing Temporary Rates, issued May 14, 2026.

Statutory authority: Public Service Law, sections 5, 65 and 66

Subject: Revised modifications establishing proposed rates in RG&E's electric tariff schedules.

Purpose: To ensure safe and adequate service at just and reasonable rates charged to customers without undue preferences.

Public hearing(s) will be held at: 10:30 a.m., Sept. 14, 2026, and continuing daily as needed* at Department of Public Service, 19th Fl. Board Rm., Three Empire State Plaza, Albany, NY.

*On occasion, there are requests to reschedule or postpone hearing dates. If such a request is granted, notification of any subsequent scheduling changes will be available at the DPS Web Site (www.dps.ny.gov) under Case 25-E-0379.

Interpreter Service: Interpreter services will be made available to hearing impaired persons, at no charge, upon written request submitted within reasonable time prior to the scheduled public hearing. The written request must be addressed to the agency representative designated in the paragraph below.

Accessibility: All public hearings have been scheduled at places reasonably accessible to persons with a mobility impairment.

Substance of proposed rule: On June 30, 2025, Rochester Gas and Electric Corporation (RG&E or Company) filed amendments to its electric tariff schedules P.S.C. Nos. 18 and 19 –Electricity to increase its annual electric revenues for the rate year ending April 30, 2027. RG&E requested an increase in annual electric delivery revenues of approximately \$220.2 million (36.0 percent increase in delivery revenues, or 19.8 percent increase in total revenues). RG&E estimated that the requested increase in delivery revenues would result in a total monthly bill increase of \$33.01 or a 26.0 percent increase to the total bill for a residential customer using 600 kilowatt-hours per month.

On May 14, 2026, the Public Service Commission (Commission) issued an order in this proceeding, Order Establishing Temporary Rates (Temporary Rates Order), adopting temporary rates to provide an interim increase in revenues for the Company to ensure the provision of safe, adequate and reliable service and provide the Commission additional time to review the record. On June 1, 2026, RG&E made tariff compliance filings pursuant to the Temporary Rates Order. The tariff amendments were filed in compliance with Ordering paragraph “3”, page 31 of the Temporary Rates Order and are consistent with those amendments identified in Attachment 1 to the Temporary Rates Order. RG&E’s proposed modifications had an effective date of July 1, 2026, but were subsequently suspended through October 28, 2026, to provide the Commission with additional time to review the record.

The full text of the proposal and the full record of the proceeding may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject or modify, in whole or in part, the action proposed and may resolve related matters.

Text of proposed rule and any required statements and analyses may be obtained by filing a Document Request Form (F-96) located on our website <http://www.dps.ny.gov/f96dir.htm>. For questions, contact: Beth Faranda, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 474-5306, email: beth.faranda@dps.ny.gov

Data, views or arguments may be submitted to: Michelle L. Phillips, Secretary, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 474-6530, email: secretary@dps.ny.gov

Public comment will be received until: Five days after the last scheduled public hearing.

Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement

Statements and analyses are not submitted with this notice because the proposed rule is within the definition contained in section 102(2)(a)(ii) of the State Administrative Procedure Act.

(25-E-0379SP3)

PROPOSED RULE MAKING HEARING(S) SCHEDULED

Revised Modifications Establishing Proposed Rates in RG&E’s Gas Tariff Schedule

I.D. No. PSC-29-26-00009-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering revised tariff leaves filed by Rochester Gas and Electric Corporation (RG&E) to its Schedule P.S.C. No. 16 — Gas, in compliance with the Commission’s Order Establishing Temporary Rates, issued May 14, 2026.

Statutory authority: Public Service Law, sections 5, 65 and 66

Subject: Revised modifications establishing proposed rates in RG&E’s gas tariff schedule.

Purpose: To ensure safe and adequate service at just and reasonable rates charged to customers without undue preferences.

Public hearing(s) will be held at: 10:30 a.m., Sept. 14, 2026, and continuing daily as needed* at Department of Public Service, 19th Fl., Board Rm., Three Empire State Plaza, Albany, NY.

*On occasion, there are requests to reschedule or postpone hearing dates. If such a request is granted, notification of any subsequent scheduling changes will be available at the DPS Web Site (www.dps.ny.gov) under Case 25-G-0380.

Interpreter Service: Interpreter services will be made available to hearing impaired persons, at no charge, upon written request submitted within reasonable time prior to the scheduled public hearing. The written request must be addressed to the agency representative designated in the paragraph below.

Accessibility: All public hearings have been scheduled at places reasonably accessible to persons with a mobility impairment.

Substance of proposed rule: On June 30, 2025, Rochester Gas and Electric Corporation (RG&E or Company) filed amendments to its gas tariff schedule P.S.C. No. 16 - Gas to increase its annual gas revenues for the rate year ending April 30, 2027. RG&E requested an increase in annual gas delivery revenues of approximately \$72.9 million (32.0 percent increase in delivery revenues, or 17.1 percent increase in total revenues). RG&E estimated that the requested increase in delivery revenues would result in a total monthly bill increase of \$18.87 or a 22.2 percent increase to the total bill for a residential customer using 83 therms per month.

On May 14, 2026, the Public Service Commission (Commission) issued an order in this proceeding, Order Establishing Temporary Rates (Temporary Rates Order), adopting temporary rates to provide an interim increase in revenues for the Company to ensure the provision of safe, adequate and reliable service and provide the Commission additional time to review the record. On June 1, 2026, RG&E made tariff compliance filings pursuant to the Temporary Rates Order. The tariff amendments were filed in compliance with Ordering paragraph “3”, page 31 of the Temporary Rates Order and are consistent with those amendments identified in Attachment 1 to the Temporary Rates Order. RG&E’s proposed modifications had an effective date of July 1, 2026, but were subsequently suspended through October 28, 2026, to provide the Commission with additional time to review the record.

The full text of the proposal and the full record of the proceeding may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject or modify, in whole or in part, the action proposed and may resolve related matters.

Text of proposed rule and any required statements and analyses may be obtained by filing a Document Request Form (F-96) located on our website <http://www.dps.ny.gov/f96dir.htm>. For questions, contact: Beth Faranda, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 474-5306, email: beth.faranda@dps.ny.gov

Data, views or arguments may be submitted to: Michelle L. Phillips, Secretary, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 474-6530, email: secretary@dps.ny.gov

Public comment will be received until: Five days after the last scheduled public hearing.

Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement

PROPOSED RULE MAKING HEARING(S) SCHEDULED

Revised Modifications Establishing Proposed Rates in NYSEG’s Electric Tariff Schedules

I.D. No. PSC-29-26-00011-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering revised tariff leaves filed by New York State Electric & Gas (NYSEG), to its Schedule P.S.C. Nos. 119, 120, and 121 — Electricity, in compliance with the Commission’s Order Establishing Temporary Rates, issued May 14, 2026.

Statutory authority: Public Service Law, sections 5, 65 and 66

Subject: Revised modifications establishing proposed rates in NYSEG’s electric tariff schedules.

Purpose: To ensure safe and adequate service at just and reasonable rates charged to customers without undue preferences.

Public hearing(s) will be held at: 10:30 a.m., Sept. 14, 2026, and continuing as daily as needed* at Department of Public Service, 19th FL., Board Rm., Three Empire State Plaza, Albany, NY.

*On occasion, there are requests to reschedule or postpone hearing dates. If such a request is granted, notification of any subsequent scheduling changes will be available at the DPS Web Site (www.dps.ny.gov) under Case 25-E-0375.

Interpreter Service: Interpreter services will be made available to hearing impaired persons, at no charge, upon written request submitted within reasonable time prior to the scheduled public hearing. The written request must be addressed to the agency representative designated in the paragraph below.

Accessibility: All public hearings have been scheduled at places reasonably accessible to persons with a mobility impairment.

Substance of proposed rule: On June 30, 2025, New York State Gas & Electric Corporation (NYSEG or Company) filed amendments to its electric tariff schedules P.S.C. Nos. 119, 120, 121 –Electricity to increase its annual electric revenues for the rate year ending April 30, 2027. NYSEG requested an increase in annual electric delivery revenues of approximately \$464.4 million (35 percent increase in delivery revenues, or 18.4 percent increase in total revenues). NYSEG estimated that the requested increase in delivery revenues would result in a total monthly bill increase of \$33.12 or a 23.7 percent increase to the total bill for a residential customer using 600 kilowatt-hours per month.

On May 14, 2026, the Public Service Commission (Commission) issued an order in this proceeding, Order Establishing Temporary Rates (Temporary Rates Order), adopting temporary rates to provide an interim increase in revenues for the Company to ensure the provision of safe, adequate and reliable service and provide the Commission additional time to review the record. On June 1, 2026, NYSEG made tariff compliance filings pursuant to the Temporary Rates Order. The tariff amendments were filed in compliance with Ordering paragraph “3”, page 31 of the Temporary Rates Order and are consistent with those amendments identified in Attachment 1 to the Temporary Rates Order. NYSEG’s proposed modifications had an effective date of July 1, 2026, but were subsequently suspended through October 28, 2026, to provide the Commission with additional time to review the record.

The full text of the proposal and the full record of the proceeding may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject or modify, in whole or in part, the action proposed and may resolve related matters.

Text of proposed rule and any required statements and analyses may be obtained by filing a Document Request Form (F-96) located on our website <http://www.dps.ny.gov/f96dir.htm>. For questions, contact: Beth Faranda, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 474-5306, email: beth.faranda@dps.ny.gov

Data, views or arguments may be submitted to: Michelle L. Phillips, Secretary, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 474-6530, email: secretary@dps.ny.gov

Public comment will be received until: Five days after the last scheduled public hearing.

Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Central Hudson’s Gas and Electric Corporation’s Proposal for a Gas Demand Response Pilot and Associated Budgets

I.D. No. PSC-29-26-00005-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering Central Hudson’s Gas and Electric Corporation’s Gas Demand Response Program Proposal filed December 15, 2025.

Statutory authority: Public Service Law, sections 5, 65 and 66

Subject: Central Hudson’s Gas and Electric Corporation’s proposal for a Gas Demand Response Pilot and associated budgets.

Purpose: To promote gas system reliability by encouraging gas demand reductions during peak gas demand days.

Substance of proposed rule: The Public Service Commission (Commission) is considering a proposal for gas demand response (DR) programs (Programs) Central Hudson Gas & Electric Corporation (Central Hudson or the Company) filed on December 15, 2025, in accordance with the Commission’s July 17, 2025 Order Regarding Long-Term Natural Gas System Plan and Directing Further Actions in this proceeding.

The Company states that the Programs are intended to reduce natural gas usage during periods of peak demand, improve system reliability, reduce peak gas supply costs, and help defer or avoid certain gas distribution system investments. The Company proposes a “Bring Your Own Thermostat” (BYOT) Program for residential customers that would utilize eligible customer-owned connected thermostats to reduce heating load during periods of peak gas demand, and a Non-Residential Gas Demand Response Program that would provide incentives to eligible non-residential customers to voluntarily reduce gas usage during periods of peak demand. The Company proposes a pay-for-performance framework under which incentives would be based on gas demand reductions, with higher incentives available in identified highly loaded areas of the gas distribution system.

The Company proposes annual program budgets of approximately \$550,000 for either the residential or non-residential program individually, or approximately \$650,000 annually if both programs are implemented as a portfolio. The Company also seeks authorization for a shareholder incentive equal to 30 percent of net benefits achieved through implementation of the Programs, subject to demonstration that the Programs are cost-effective.

The full text of the proposal and the full record of the proceeding may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject, or modify, in whole or in part, the action proposed, and may resolve other related matters.

Text of proposed rule and any required statements and analyses may be obtained by filing a Document Request Form (F-96) located on our website <http://www.dps.ny.gov/f96dir.htm>. For questions, contact: Beth Faranda, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 474-5306, email: beth.faranda@dps.ny.gov

Data, views or arguments may be submitted to: Michelle L. Phillips, Secretary, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 474-6530, email: secretary@dps.ny.gov

Public comment will be received until: 60 days after publication of this notice.

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Proposed Revisions to Firm Gas Demand Response Programs for the 2026-2027 Winter Season and Going Forward

I.D. No. PSC-29-26-00006-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering a petition by Niagara Mohawk Power Corp. d/b/a National Grid, The Brooklyn Union Gas Company d/b/a National Grid NY, and KeySpan Gas East Corp. d/b/a National Grid for modifications to their firm gas demand response programs.

Statutory authority: Public Service Law, sections 5, 65 and 66

Subject: Proposed revisions to firm gas demand response programs for the 2026-2027 winter season and going forward.

Purpose: To determine if the proposed modifications to firm gas demand response programs are in the public interest.

Substance of proposed rule: The Public Service Commission is considering whether to approve, deny, or modify, in whole or in part, a petition by Niagara Mohawk Power Corporation d/b/a National Grid ("NMPC"), The Brooklyn Union Gas Company d/b/a National Grid NY ("KEDNY"), and KeySpan Gas East Corporation d/b/a National Grid ("KEDLI") (collectively, the "Companies"), filed on June 15, 2026, in Cases 20-G-0086, 20-G-0087, and 20-G-0381. The Commission's Order Directing Implementation Plan Filing, Annual Reporting, and Tariff Modifications issued in Cases 20-G-0086 and 20-G-0087 on October 15, 2020, and the Commission's Order Authorizing Tariff Amendments Regarding Gas Demand Response Programs for Firm Customers issued in Case 20-G-0381 on October 13, 2022 (collectively, the DR Implementation Orders) required the Companies to file any proposed modifications to their firm gas demand response program.

Under the firm gas demand programs, the Companies can call upon firm customers (i.e., large commercial, industrial, and multi-family customers, selected at the Companies' discretion) to curtail load when needed. Participants voluntarily choose to enroll in the firm gas demand response programs and agree to curtail their natural gas consumption for a defined time period in exchange for an economic incentive.

The Companies propose several modifications to the elements of their existing 2025-2026 firm gas demand response programs. The proposed modifications are set forth in the 2025-2026 Firm Gas Demand Response Annual Report filed with the Commission on June 15, 2026 as required by the DR Implementation Orders and are submitted together with the Petition. The Companies also submitted draft tariff leaves to effectuate the firm gas demand response programs for the 2026-2027 winter season.

The Companies request that the Commission address the Petition and allow the implementation of the tariff amendments by November 1, 2026, for the 2026-2027 winter season. Additionally, the Companies request waiver of the newspaper publication requirements under Public Service Law § 66(12) and 16 NYCRR § 720-8.1 regarding the ultimate filing of the tariff leaves.

The full text of the petition and the full record of the proceeding may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject, or modify, in whole or in part, the action proposed and may resolve related matters.

Text of proposed rule and any required statements and analyses may be obtained by filing a Document Request Form (F-96) located on our website <http://www.dps.ny.gov/f96dir.htm>. For questions, contact: Beth Faranda, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 474-5306, email: beth.faranda@dps.ny.gov

Data, views or arguments may be submitted to: Michelle L. Phillips, Secretary, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 474-6530, email: secretary@dps.ny.gov

Public comment will be received until: 60 days after publication of this notice.

(20-G-0086SP8)

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Waiver of Certain Commission Requirements Related to the Distribution of Telephone Directories

I.D. No. PSC-29-26-00007-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering a petition by The Champlain Telephone Company, Inc. for a waiver of 16 NYCRR 602.10(b) pertaining to the distribution of telephone directories.

Statutory authority: Public Service Law, section 94(2)

Subject: Waiver of certain Commission requirements related to the distribution of telephone directories.

Purpose: To ensure performance in accordance with applicable telecommunications laws, regulations, and standards and the public interest.

Substance of proposed rule: The Commission is considering a petition, filed on June 8, 2026, by The Champlain Telephone Company, Inc. (CTC or the Company) for a waiver of 16 NYCRR Section 602.10(b) pertaining to the publication and distribution of telephone directories. Currently, and in accordance with these rules, CTC annually publishes and delivers to all customers a printed directory of residential and business white page listings.

The Company requests authorization to discontinue the blanket distribution of printed copies of its local exchange directory to its customers throughout its service territory. If granted, the requested waiver would authorize CTC to provide its residential and business listings on its website. The Company has also committed to providing a printed or electronic version of its telephone directory to customers upon request at no charge. CTC asserts that customers are less reliant on printed directories and are instead utilizing advances in technology through the use of online and device-based directories for listing information. The Company also states that decreasing the number of printed directories is more environmentally conscious and will reduce costs for its customers.

Since 2010, the Commission has granted similar waivers to other telephone corporations such as Verizon New York Inc, the Frontier Communications local exchange companies, Pattersonville Telephone Company, and Oneida County Rural Telephone Company in Case Nos. 10-C-0215/16-C-0186, 12-C-0060, 21-C-0054 and 22-C-0585, respectively.

The full text of the petition and waiver request and the full record of the proceeding may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject or modify, in whole or in part, the action proposed and may resolve related matters.

Text of proposed rule and any required statements and analyses may be obtained by filing a Document Request Form (F-96) located on our website <http://www.dps.ny.gov/f96dir.htm>. For questions, contact: Beth Faranda, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 474-5306, email: beth.faranda@dps.ny.gov

Data, views or arguments may be submitted to: Michelle L. Phillips, Secretary, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 474-6530, email: secretary@dps.ny.gov

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Issuance of Securities and Other Forms of Indebtedness

I.D. No. PSC-29-26-00010-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering a petition by Consolidated Edison Company of New York, Inc. for authority to issue up to \$11.19 billion in new long-term debt, \$3.5 billion in revolving credit agreements, and \$2.5 billion of debt for refunding purposes.

Statutory authority: Public Service Law, section 69

Subject: Issuance of securities and other forms of indebtedness.

Purpose: To provide funding for capital needs.

Substance of proposed rule: The Commission is considering a petition Consolidated Edison Company of New York, Inc. (Con Edison or the Company) filed on June 29, 2026, for authority to issue long-term securities for permitted purposes under PSL Section 69.

Con Edison requests (1) authority to issue up to \$11.19 billion of new long-term debt securities at any time through December 31, 2030, for purposes of reimbursement of the Company's treasury for money expended for capital purposes, (2) Authority to enter into or continue one or more revolving credit agreements (Revolver) and to issue and sell an aggregate principal amount not to exceed \$3.5 billion at any

time of unsecured debt obligations through December 31, 2030, having a maturity of more than one year pursuant to the Revolver, (3) to issue and sell an aggregate amount of unsecured debt obligations having a maturity of more than one year, not to exceed \$2.5 billion aggregate principle amount of outstanding debt securities, for the purpose of refunding outstanding debt securities of the Company through December 31, 2030.

The full text of the petition and the full record of the proceedings may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject, or modify, in whole or in part, the action proposed and may resolve related matters.

Text of proposed rule and any required statements and analyses may be obtained by filing a Document Request Form (F-96) located on our website <http://www.dps.ny.gov/f96dir.htm>. ACTION PENDING INDEX

The action pending index is a list of all proposed rules which are currently being considered for adoption. A proposed rule is added to the index when the notice of proposed rule making is first published in the *Register*. A proposed rule is removed from the index when any of the following occur: (1) the proposal is adopted as a permanent rule; (2) the proposal is rejected and withdrawn from consideration; or (3) the proposal's notice expires.

Most notices expire in approximately 12 months if the agency does not adopt or reject the proposal within that time. The expiration date is printed in the second column of the action pending index. Some notices, however, never expire. Those notices are identified by the word "exempt" in the second column. Actions pending for one year or more are preceded by an asterisk(*).

For additional information concerning any of the proposals

listed in the action pending index, use the identification number to locate the text of the original notice of proposed rule making. The identification number contains a code which identifies the agency, the issue of the *Register* in which the notice was printed, the year in which the notice was printed and the notice's serial number. The following diagram shows how to read identification number codes.

Agency code	Issue number	Year published	Serial number	Action Code
AAM	01	12	00001	P

Action codes: P — proposed rule making; EP — emergency and proposed rule making (expiration date refers to proposed rule); RP — revised rule making

*PSC-17-21-00007-P	 exempt	Utility studies of climate change vulnerabilities	To assess the need for utilities to conduct distinct studies of their climate change vulnerabilities
*PSC-18-21-00006-P	 exempt	Community Choice Aggregation renewable products	To consider waiving the locational and delivery requirements for RECs purchased to support renewable CCA products
*PSC-19-21-00008-P	 exempt	Community Choice Aggregation (CCA) and Community Distributed Generation (CDG)	To consider permitting Upstate Power, LLC to serve as a CCA administrator offering an opt-out CDG focused program
*PSC-20-21-00004-P	 exempt	Regulatory approvals in connection with a 437 MW electric generating facility	To ensure appropriate regulatory review, oversight, and action, consistent with the public interest

Agency I.D. No.	Expires	Subject Matter	Purpose of Action
PUBLIC SERVICE COMMISSION			
*PSC-21-21-00019-P	 exempt	Utility capital expenditure proposal	To ensure safe and adequate service at just and reasonable rates charged to customers without undue preferences
*PSC-29-21-00009-P	 exempt	Proposed pilot program to use AMI to disconnect electric service to customers during gas system emergencies	To study the efficacy of using AMI to disconnect electric service during gas system emergencies
*PSC-32-21-00002-P	 exempt	The prohibition on ESCO service to low-income customers	To consider whether Icon Energy, LLC d/b/a Source Power Company should be granted a waiver to serve low-income customers
*PSC-37-21-00010-P	 exempt	Zero emitting electric generating facilities that are not renewable energy systems	To consider modifications to the Clean Energy Standard
*PSC-37-21-00011-P	 exempt	Green Button Connect implementation	To consider the proposed Green Button Connect User Agreement and Green Button Connect Onboarding Process document
*PSC-37-21-00012-P	 exempt	Partial waiver of the Order Adopting Changes to the Retail Access Energy Market and Establishing Further Process	To consider whether Catalyst should be permitted to offer its Community Distributed Generation product to mass market customers
*PSC-38-21-00006-P	 exempt	Annual Reconciliation of Gas Expenses and Gas Cost Recoveries	To consider filings of LDCs and municipalities regarding their Annual Reconciliation of Gas Expenses and Gas Cost Recoveries
*PSC-39-21-00007-P	 exempt	The proposed alternative method of account identification	To facilitate secure customer data exchanges between the utility or provider and energy service entities
*PSC-47-21-00003-P	 exempt	Utility processes for customers to consent to sharing data with third parties and how consent options will be communicated	To develop standardized consent requirements that will increase customer familiarity with appropriate data sharing and access
*PSC-47-21-00005-P	 exempt	Utility processes for customers to consent to sharing data with third parties and how consent options will be communicated	To develop standardized consent requirements that will increase customer familiarity with appropriate data sharing and access
*PSC-50-21-00006-P	 exempt	Implementation of the Host Community Benefit Program	To consider the proposed administration and implementation related to disbursement of customer bill credits
*PSC-50-21-00008-P	 exempt	Implementation of the Host Community Benefit Program	To consider the proposed administration and implementation related to disbursement of customer bill credits
*PSC-50-21-00011-P	 exempt	Implementation of the Host Community Benefit Program	To consider the proposed administration and implementation related to disbursement of customer bill credits
*PSC-50-21-00012-P	 exempt	Implementation of the Host Community Benefit Program	To consider the proposed administration and implementation related to disbursement of customer bill credits
*PSC-05-22-00001-P	 exempt	Green gas products	To consider an extension of the waiver permitting energy service companies to serve existing customers on green gas products
*PSC-13-22-00011-P	 exempt	Positive revenue adjustments associated with emergency response, damage prevention and leak management for 2020	To consider a rehearing petition

Agency I.D. No.	Expires	Subject Matter	Purpose of Action
PUBLIC SERVICE COMMISSION			
*PSC-14-22-00008-P	 exempt	An opt-out community distributed generation program	To establish the program rules for offering community distributed generation on and opt-out basis in New York State
*PSC-18-22-00002-P	 exempt	NYSEG and RG&E's petition for a waiver of its 2021 customer service quality performance	To determine if NYSEG and RG&E's petition for waiver is in the public interest
*PSC-19-22-00022-P	 exempt	Modification of Con Edison's electric tariff	To either eliminate or waive a provision of the Standby Service Offset Tariff
*PSC-20-22-00009-P	 exempt	Modify lease of utility property	To determine whether to authorize the extension and amendment of the lease of the Volney-Marcy transmission line
*PSC-21-22-00007-P	 exempt	Partial waiver of the Order Adopting Changes to the Retail Access Energy Market and Establishing Further Process	To consider whether Atlantic Energy, LLC should be permitted to offer its LED Lighting product to mass market customers
*PSC-21-22-00008-P	 exempt	Cybersecurity requirements	Modify the framework to ensure the protection of utility systems and customer data from cyber events
*PSC-21-22-00011-P	 exempt	Partial waiver of the Order Adopting Changes to the Retail Access Energy Market and Establishing Further Process	To consider whether Atlantic Energy, LLC should be permitted to offer its Smart Home Program product to mass market customers
*PSC-24-22-00007-P	 exempt	St. Lawrence Gas' petition for a waiver of its 2021 service quality performance	To determine if St. Lawrence Gas' petition for waiver is in the public interest
*PSC-30-22-00009-P	 exempt	Establishment of the regulatory regime applicable to a battery storage project	To ensure appropriate regulation of an electric corporation
*PSC-32-22-00023-P	 exempt	Bioenergy generation in New York	To consider compensation for bioenergy generation
*PSC-33-22-00009-P	 exempt	Use of electric metering equipment	To consider use of electric metering equipment and ensure consumer bills are based on accurate measurements of electric usage
*PSC-38-22-00004-P	 exempt	Establishment of the regulatory regime applicable to a battery storage project	To ensure appropriate regulation of an electric corporation
*PSC-42-22-00010-P	 exempt	Gas system planning	To consider screening and suitability criteria for non-pipeline alternatives
*PSC-42-22-00011-P	 exempt	Gas system planning	To consider cost recovery procedures and an incentive mechanism for non-pipeline alternatives
*PSC-42-22-00012-P	 exempt	Gas system planning	To consider screening and suitability criteria for non-pipeline alternatives
*PSC-42-22-00013-P	 exempt	Gas system planning	To consider screening and suitability criteria for non-pipeline alternatives
*PSC-42-22-00014-P	 exempt	Gas system planning	To consider screening and suitability criteria for non-pipeline alternatives
*PSC-42-22-00015-P	 exempt	Gas system planning	To consider screening and suitability criteria for non-pipeline alternatives

Agency I.D. No.	Expires	Subject Matter	Purpose of Action
PUBLIC SERVICE COMMISSION			
*PSC-42-22-00016-P	 exempt	Gas system planning	To consider screening and suitability criteria for non-pipeline alternatives
*PSC-42-22-00017-P	 exempt	Gas system planning	To consider screening and suitability criteria for non-pipeline alternatives
*PSC-42-22-00019-P	 exempt	Gas system planning	To consider screening and suitability criteria for non-pipeline alternatives
*PSC-46-22-00010-P	 exempt	Notice of intent to submeter electricity	To ensure adequate submetering equipment and consumer protections are in place
*PSC-04-23-00008-P	 exempt	Updates to guidance for electric utility Distributed System Implementation Plans (DSIPs)	Development of updated guidance and directives for utility DSIPs for improving utility planning and operations functions
*PSC-05-23-00001-P	 exempt	Thermal Energy Network Pilot Proposal	To consider authorizing utilities to construct and operate thermal energy network pilot projects
*PSC-05-23-00002-P	 exempt	Thermal Energy Network Pilot Proposal	To consider authorizing utilities to construct and operate thermal energy network pilot projects
*PSC-05-23-00004-P	 exempt	Thermal Energy Network Pilot Proposal	To consider authorizing utilities to construct and operate thermal energy network pilot projects
*PSC-05-23-00005-P	 exempt	Thermal Energy Network Pilot Proposal	To consider authorizing utilities to construct and operate thermal energy network pilot projects
*PSC-05-23-00006-P	 exempt	Thermal Energy Network Pilot Proposal	To consider authorizing utilities to construct and operate thermal energy network pilot projects
*PSC-05-23-00009-P	 exempt	Thermal Energy Network Pilot Proposal	To consider authorizing utilities to construct and operate thermal energy network pilot projects
*PSC-05-23-00012-P	 exempt	Thermal Energy Network Pilot Proposal	To consider authorizing utilities to construct and operate thermal energy network pilot projects
*PSC-05-23-00014-P	 exempt	Thermal Energy Network Pilot Proposal	To consider authorizing utilities to construct and operate thermal energy network pilot projects
*PSC-05-23-00015-P	 exempt	Thermal Energy Network Pilot Proposal	To consider authorizing utilities to construct and operate thermal energy network pilot projects
*PSC-13-23-00022-P	 exempt	The applicable regulatory regime under the Public Service Law for the owner of an energy storage facility	Consideration of a lightened regulatory regime for the owner of an approximately 150 MW energy storage facility
*PSC-17-23-00003-P	 exempt	Issuance of securities and other forms of indebtedness	To determine if the issuance of funding for capital needs and a surcharge mechanism is in the public interest
*PSC-18-23-00001-P	 exempt	A request for waiver of negative revenue adjustments	Whether it is in the public interest to waive the negative revenue adjustments for NYSEG and RGE
*PSC-25-23-00003-P	 exempt	Community Choice Aggregation	To determine the appropriate requirements to be placed on Community Choice Aggregation solicitations and service agreements
*PSC-26-23-00010-P	 exempt	Petition to modify the SIC tariff statement	To consider whether amending the SIC mechanism is in the public interest

Agency I.D. No.	Expires	Subject Matter	Purpose of Action
PUBLIC SERVICE COMMISSION			
*PSC-27-23-00006-P	 exempt	A proposed methodology for annual greenhouse gas emissions inventory reporting	To consider whether the proposed Green House Gas Inventory Report will provide sufficient emissions information
*PSC-27-23-00013-P	 exempt	The proposed Greenhouse Gas Emissions Reduction Pathways Study	To consider whether the proposed Study is sufficient and whether to proceed with the Study
*PSC-27-23-00015-P	 exempt	The Tier 4 renewable energy certificate purchase and sale agreement modifications	To consider modification to the existing Tier 4 renewable energy certificate purchase and sale agreement
*PSC-29-23-00007-P	 exempt	Reconciliation mechanism	To limit any further near-term customer bill impacts
*PSC-31-23-00001-P	 exempt	A petition for a special permit exemption from odorization requirements	To determine if the granting of the special permit is in the public interest
*PSC-34-23-00008-P	 exempt	Proposed transfer of capital stock	To determine if the transfer of capital stock is in the public interest
*PSC-35-23-00007-P	 exempt	EV Commercial Managed Charging Program Implementation Plan	To consider the deployment of an EV CMCP Implementation Plan in the Central Hudson service territory
*PSC-35-23-00011-P	 exempt	EV Commercial Managed Charging Program Implementation Plan	To consider the deployment of an EV CMCP Implementation Plan in the National Grid service territory
*PSC-35-23-00015-P	 exempt	EV Commercial Managed Charging Program Implementation Plan	To consider the deployment of an EV CMCP Implementation Plan in the NYSEG/RG&E service territories
*PSC-35-23-00020-P	 exempt	Reconciliation mechanism	To limit any further near-term customer bill impacts
*PSC-38-23-00002-P	 exempt	Program-wide adjustments to renewable energy certificate contracts	To consider modification to existing renewable energy certificate contracts in light of increased project costs
*PSC-40-23-00029-P	 exempt	The applicable regulatory regime for the owner/operator of an approximately 200 megawatt solar electric generating facility	Consideration of whether a requested lightened regulatory regime is in accordance with the Public Service Law and precedent
*PSC-41-23-00007-P	 exempt	Gas metering equipment	To ensure that consumer bills are based on accurate measurements of gas usage
*PSC-42-23-00011-P	 exempt	Transfer of a Certificate of Environmental Compatibility and Public Need for a natural gas pipeline	To determine whether the request for the transfer is consistent with the law and in the public interest
*PSC-42-23-00013-P	 exempt	Proposed sale and transfer of a water system and its assets	To consider whether the terms of the sale are in public interest
*PSC-47-23-00003-P	 exempt	The prohibition on service to low-income customers by energy service companies (ESCOs)	To consider extending the waiver of the prohibition
*PSC-02-24-00002-P	 exempt	Water metering equipment	To ensure that consumer bills will be based on accurate measurements of water usage

Agency I.D. No.	Expires	Subject Matter	Purpose of Action
PUBLIC SERVICE COMMISSION			
*PSC-02-24-00005-P	 exempt	Water metering equipment	To ensure that consumer bills will be based on accurate measurements of water usage
*PSC-05-24-00003-P	 exempt	Application of the Public Service Law (PSL) to a merchant developer and owner of a proposed solar facility	To ensure an applicable regulatory regime under the PSL that is consistent with the public interest
*PSC-05-24-00004-P	 exempt	Waiver of the requirements of velocity steam meter testing for 2023	To consider whether to provide relief from the velocity meter testing requirements for 2023 due to testing facility shutdown
*PSC-10-24-00004-P	 exempt	Remote electric service disconnection and reconnection charges	To ensure that charges assessed to utility customers are just and reasonable
*PSC-11-24-00020-P	 exempt	Appointment of a temporary operator for a water works corporation	To determine if appointment of a temporary operator of a water utility is necessary to provide safe and adequate service
*PSC-11-24-00021-P	 exempt	Petition for the use of gas metering equipment	To ensure that consumer bills are based on accurate measurements of gas usage
*PSC-14-24-00013-P	 exempt	Petition to modify the submeter approval order	To ensure adequate consumer protections are in place
*PSC-14-24-00015-P	 exempt	Petition to modify the submeter approval order	To ensure adequate consumer protections are in place
*PSC-18-24-00008-P	 exempt	Partnership for the Urban Revitalization in Western New York Program revisions	To consider and review proposed program modifications
*PSC-25-24-00005-P	 exempt	The calculation of NYSEG's Percent of Estimated Bills of the Customer Service Performance Indicator metric for January 2024	Whether it is in the public interest to grant certain exemptions in the January 2024 Percent of Estimated Bills for NYSEG
*PSC-26-24-00002-P	 exempt	Energy Service Company Home Warranty Products	To consider proposed consumer protections on Energy Service Company Home Warranty Products
*PSC-26-24-00009-P	 exempt	LPP replacement targets	To update LPP replacement mileage to reflect increasing cost while working within Corning's authorized budget
*PSC-26-24-00010-P	 exempt	BTU content levels	To reflect the BTU range during the non-heating months due to gas supplied by Corning's new renewable natural gas projects
*PSC-27-24-00003-P	 exempt	Net Metering Rules	To consider the proper treatment of banked remote net metering credits
*PSC-30-24-00002-P	 exempt	Petition for a special permit exemption and extension	To determine whether to grant the special permit relating to certain class locations and extend the 18-month period until 2026
*PSC-31-24-00011-P	 exempt	IEDR User Agreements, Data Security Agreement, Self Attestation, and Green Button Connect Onboarding Process	To ensure that proposed agreements comply with the Commission's Data Access Framework requirements
*PSC-32-24-00030-P	 exempt	Petition for the use of gas metering equipment	To ensure that consumer bills are based on accurate measurements of gas usage

Agency I.D. No.	Expires	Subject Matter	Purpose of Action
PUBLIC SERVICE COMMISSION			
*PSC-32-24-00037-P	 exempt	Rehearing if the order denying authority to recover incremental costs to implement a new CSS above the \$421 million cap	To determine whether to authorize temporary accounting treatment for the capital costs in excess of the \$421 million cap
*PSC-33-24-00001-P	 exempt	Customer required transformers and associated equipment	To establish provisions to ensure safe and reliable service for all customers
*PSC-34-24-00012-P	 exempt	Deferral of costs associated with the development of Utility Thermal Energy Networks	To determine the appropriate funding for the development of a proposed Utility Thermal Energy Network Pilot Project
*PSC-38-24-00005-P	 exempt	To review a pilot proposal and associated budgets	To assess whether the proposed pilot program impact is in the public interest
*PSC-40-24-00003-P	 exempt	Proposed Earnings Adjustment Mechanisms for Calendar Year 2024	To determine if certain EAMs from the prior rate plan should continue, with updated targets and financial awards
*PSC-41-24-00024-P	 exempt	Notice of intent to submeter electricity	To ensure adequate submetering equipment and consumer protections are in place
*PSC-44-24-00005-P	 exempt	Petition for rehearing	To challenge reporting requirements and sale of environmental attributes for proposed renewable natural gas facilities
*PSC-45-24-00005-P	 exempt	Gas metering equipment	To consider use of gas metering equipment and ensure that consumer bills will be based on accurate measurements of gas usage
*PSC-47-24-00007-P	 exempt	The Clean Energy Standard's zero emission by 2024 target	To establish definitions of key terms and an evaluation process for achieving the zero emissions by 2040 target
*PSC-48-24-00006-P	 exempt	The Westchester Power Community Choice Aggregation (CCA) Program.	To consider integration of Opt-out Community Distributed Generation into the Westchester Power CCA program.
*PSC-49-24-00013-P	 exempt	Transfer of assets.	To ensure the transfer of utility company assets is in the general interest of the public.
*PSC-52-24-00012-P	 exempt	Proposed Public Policy Transmission Needs/ Public Policy Requirements, as defined under the NYISO tariff.	To identify any potential electric transmission needs for referral to the NYISO to solicit, evaluate, and select solutions for.
*PSC-52-24-00015-P	 exempt	Utility integrated storage as a transmission and distribution asset.	To consider the Joint Utilities' study and proposal of the use of energy storage as a transmission and distribution asset.
*PSC-04-25-00010-P	 exempt	The New York State Standardized Interconnection Requirements.	To improve the process for distributed generation and energy storage projects interconnecting to utility systems.
*PSC-05-25-00010-P	 exempt	To examine and determine the accuracy of all apparatus for testing and proving the accuracy of water meters.	To ensure that consumer bills are based on accurate measurements of water usage.
*PSC-05-25-00017-P	 exempt	Proposal for replacement of Con Edison's Rider Q program with Locational Variant Daily As-Used Demand Pricing Rates.	To provide customers with locational variant daily as-used demand pricing.
*PSC-08-25-00006-P	 exempt	Long-term gas system planning.	To consider and review long-term gas system planning.

Agency I.D. No.	Expires	Subject Matter	Purpose of Action
PUBLIC SERVICE COMMISSION			
*PSC-08-25-00009-P	 exempt	Con Edison proposes to extend survey and inspection intervals for indoor gas service lines.	To approve, deny, or modify Con Edison's proposal to extend survey and inspection intervals for indoor gas service lines
*PSC-09-25-00006-P	 exempt	To review a pilot proposal and associated budgets.	To assess whether the proposed pilot program impact is in the public interest.
*PSC-10-25-00004-P	 exempt	The New York State Standardized Interconnection Requirements (SIRs).	To consider increased cost certainty for distributed generation and energy storage projects interconnecting to utility systems.
*PSC-11-25-00003-P	 exempt	Implementation of an exemption from the All-Electric Buildings Act, which prohibits certain use of fossil-fueled equipment.	To consider a reasonableness standard for exempting certain new buildings from the All-Electric Buildings Act.
*PSC-12-25-00028-P	 exempt	The calculation of certain negative revenue adjustments associated with customer service performance for 2023 and 2024	To determine if approving NYSEG and RG&E's petition is in the public interest.
*PSC-13-25-00002-P	 exempt	Standby Service rates and Buyback Service rates.	To establish updated Standby Service and Buyback Service rates that are just and reasonable.
*PSC-13-25-00007-P	 exempt	Petition to submeter electricity.	To ensure adequate submetering equipment, consumer protections and energy efficiency protections are in place.
*PSC-17-25-00006-P	 exempt	Petition to submeter electricity.	To ensure adequate submetering equipment, consumer protections and energy efficiency protections are in place.
*PSC-19-25-00003-P	 exempt	Petition to submeter electricity and waiver of energy audit.	To ensure adequate submetering equipment, consumer protections and energy efficiency protections are in place.
*PSC-21-25-00005-P	 exempt	Transfer of ownership interests in a 55 megawatt natural gas-fired cogeneration facility located in North Tonawanda, NY.	To address the transfer and any matters within the public interest.
*PSC-22-25-00004-P	 exempt	The calculation of NYSEG and RG&E's Electric Reliability Performance Metrics for calendar year 2024.	The ascertainment of accurate electric reliability performance metrics for NYSEG and RG&E.
*PSC-22-25-00007-P	 exempt	Initial Tariff Schedule, P.S.C. No. 1 - Water.	To provide the rates, rules, and regulations under which water service will be provided to the customers of the system.
*PSC-22-25-00008-P	 exempt	Transfer of franchises or stocks.	To consider if replacement of Argo GP by an Apollo-controlled entity is subject to § 70, or in the public interest under § 70.
*PSC-23-25-00002-P	 exempt	Promulgate rules and regulations to require the trimming of vines on utility poles.	To establish minimum requirements regarding vine management.
*PSC-26-25-00008-P	 exempt	Petition to extend a water works corporation's escrow account.	To determine if the extension of Emerald Green's escrow account is in the public interest.
*PSC-26-25-00012-P	 exempt	Lease of property.	To determine whether to authorize the lease of property.

Agency I.D. No.	Expires	Subject Matter	Purpose of Action
PUBLIC SERVICE COMMISSION			
*PSC-27-25-00019-P	 exempt	Proposed early deployment decarbonization projects and low carbon fuels pilot program.	To address the need for and cost recovery of early deployment decarbonization projects and low carbon fuels pilot program.
*PSC-28-25-00002-P	 exempt	O&R's proposal for a Gas DR Pilot and associated budgets.	To promote gas system reliability by encouraging gas demand reductions during peak gas demand days.
*PSC-28-25-00003-P	 exempt	Con Edison's proposal for a Gas DR Pilot and associated budgets.	To promote gas system reliability by encouraging gas demand reductions during peak gas demand days.
PSC-29-25-00005-P	 exempt	Minor rate filing.	To ensure safe and adequate service at just and reasonable rates charged to customers without undue preferences.
PSC-30-25-00001-P	 exempt	NOCO Electric, LLC and NOCO Natural Gas, LLC's smart monitoring product.	To consider whether the smart monitoring product should be offered to mass-market customers.
PSC-31-25-00005-P	 exempt	Petition to submeter electricity and waiver of energy audit requirement.	To ensure adequate submetering equipment, consumer protections and energy efficiency protections are in place.
PSC-32-25-00002-P	 exempt	Proposed upstream transfer related to electric plant and steam plant.	To consider whether the proposed transfer of electric and steam plant is in the public interest.
PSC-34-25-00003-P	 exempt	The Rockefeller Center UTEN Pilot Proposal filings provided by Con Edison.	To consider whether it is in the public interest to authorize Con Edison to proceed with the Rockefeller Center Pilot Project.
PSC-34-25-00004-P	 exempt	The Haverstraw UTEN Pilot Proposal filings provided by O&R.	To consider whether it is in the public interest to authorize O&R to proceed with the Haverstraw Pilot Project.
PSC-34-25-00006-P	 exempt	The Mount Vernon UTEN Pilot Proposal filings provided by Con Edison.	To consider whether it is in the public interest to authorize Con Edison to proceed with the Mount Vernon Pilot Project.
PSC-34-25-00007-P	 exempt	The Brooklyn UTEN Pilot Proposal filings provided by KEDNY.	To consider whether it is in the public interest to authorize KEDNY to proceed with the Brooklyn Pilot Project.
PSC-34-25-00009-P	 exempt	The Syracuse UTEN Pilot Proposal filings provided by National Grid.	To consider whether it is in the public interest to authorize National Grid to proceed with the Syracuse Pilot Project.
PSC-34-25-00010-P	 exempt	The Chelsea UTEN Pilot Proposal filings provided by Con Edison.	To consider whether it is in the public interest to authorize Con Edison to proceed with the Chelsea Pilot Project.
PSC-34-25-00011-P	 exempt	Thermal Energy Network Pilot Proposal Customer Protection Plan filings provided by New York State Electric & Gas Corporation.	Consider the Thermal Energy Network Customer Protection Plan filing.
PSC-35-25-00005-P	 exempt	Modifications to the Make-Ready Program to incentivize EV supply equipment developers to build EV charging stations.	To consider the modification of plug designations in the EV Make-Ready program.

Agency I.D. No.	Expires	Subject Matter	Purpose of Action
PUBLIC SERVICE COMMISSION			
PSC-35-25-00006-P	 exempt	Consideration of the Audit Implementation Plans and audit recommendations.	To ensure that recommendations issued in a management and operations audit are appropriately addressed and implemented.
PSC-35-25-00007-P	 exempt	Establishment of the regulatory regime applicable to the owner and operator of a solar generation project.	To ensure appropriate regulation of an independent power producer participating in wholesale electric markets.
PSC-35-25-00008-P	 exempt	Establishment of the regulatory regime applicable to the owner and operator of a solar generation project.	To ensure appropriate regulation of an independent power producer participating in wholesale electric markets.
PSC-36-25-00001-P	 exempt	A residential weatherization program for the Downstate Utilities.	To consider whether the proposed weatherization program should be approved, rejected, or modified.
PSC-36-25-00002-P	 exempt	A residential weatherization program for the Upstate Utilities.	To consider whether the proposed weatherization program should be approved, rejected, or modified.
PSC-36-25-00003-P	 exempt	Petition to submeter electricity.	To ensure adequate submetering equipment, consumer protections and energy efficiency protections are in place.
PSC-39-25-00006-P	 exempt	Design and implementation of a Commercial Managed Charging Program within the Upstate Utilities' service territories.	To improve the efficacy and participation in the Upstate Commercial Managed Charging Programs.
PSC-39-25-00010-P	 exempt	The applicable regulatory regime for the owner and operator of a wind-powered generating facility.	To determine whether a lightened regulatory regime for Agricola is consistent with the PSL.
PSC-39-25-00011-P	 exempt	Notice of intent to submeter electricity.	To ensure adequate submetering equipment, consumer protections and energy efficiency protections are in place.
PSC-39-25-00012-P	 exempt	Interconnection costs.	To consider a filing requesting relief from interconnection costs assigned by National Grid.
PSC-39-25-00015-P	 exempt	Modifications to the Managed Charging Program to increase adoption of electric vehicle (EV) supply equipment and infrastructure.	To incentivize managed EV charging to encourage EV adoption to meet the State's EV adoption goals.
PSC-40-25-00006-P	 exempt	Electric metering equipment.	To ensure that consumer bills are based on accurate measurements of electric usage.
PSC-42-25-00004-P	 exempt	Bulk energy storage programs.	To consider proposed methodologies for estimating market revenue for long duration, 12+ hour, battery energy storage resources.
PSC-42-25-00005-P	 exempt	Implementation of the Host Community Benefit Program.	To consider a proposal for administering customer bill credits funded by the owner of a major renewable energy facility.
PSC-43-25-00003-P	 exempt	Extension of the State Universal Service Fund.	To continue to provide universal service at a reasonable rate in certain service territories.
PSC-43-25-00005-P	 exempt	The Build-Ready Program under the Clean Energy Standard	To consider discontinuation of the Build-Ready Program as a ratepayer-funded program.

Agency I.D. No.	Expires	Subject Matter	Purpose of Action
PUBLIC SERVICE COMMISSION			
PSC-48-25-00003-P	 exempt	Approval of the proposed cost apportionment.	To ensure a fair division of costs among customers on line extensions without passing costs to the general body of ratepayers.
PSC-48-25-00004-P	 exempt	Proposed tariff modification.	To ensure safe and adequate service at just and reasonable rates charged to customers without undue preferences.
PSC-48-25-00005-P	 exempt	Clean Energy Standard Tier 1 repowering requirements.	To modify the Tier 1 repowering requirements as applicable to hydroelectric generating resources.
PSC-49-25-00001-P	 exempt	The Ithaca UTEN Pilot Proposal filing provided by NYSEG.	To consider whether it is in the public interest to authorize NYSEG to proceed with the Ithaca Pilot Project.
PSC-49-25-00005-P	 exempt	Gas metering equipment.	To consider use of gas metering equipment and ensure that consumer bills will be based on accurate measurements of gas usage.
PSC-49-25-00010-P	 exempt	Petition to submeter electricity & waiver of energy audit requirement.	To ensure adequate submetering equipment, consumer protections, and energy efficiency protections are in place.
PSC-49-25-00011-P	 exempt	Petition to submeter electricity & waiver of energy audit requirement.	To ensure adequate submetering equipment, consumer protections and energy efficiency protections are in place.
PSC-51-25-00004-P	 exempt	Petition for waiver of the requirements of Opinion No. 76-17 and 16 NYCRR Part 96 regarding individual metering of living units.	To ensure adequate consumer and energy efficiency protections in case of individual metering requirement waiver.
PSC-52-25-00002-P	 exempt	The computation of certain components used to compensate Distributed Energy Resources (DERs).	To consider revisions to the Demand Reduction Value and Locational System Relief Value compensation elements for DERs.
PSC-52-25-00012-P	 exempt	Minor electric rate filing to increase annual electric revenues.	To ensure safe and adequate service at just and reasonable rates charged to customers without undue preferences.
PSC-52-25-00014-P	 exempt	Petition to submeter electricity.	To ensure adequate submetering equipment, consumer protections and energy efficiency protections are in place.
PSC-01-26-00004-P	 exempt	The November 13, 2025 Order Adopting Modifications to the Uniform Business Practices.	To consider the Retail Energy Supply Association's request for rehearing.
PSC-01-26-00005-P	 exempt	The Troy UTEN Pilot Proposal filings provided by National Grid.	To consider whether it is in the public interest to authorize National Grid to proceed with the Troy Pilot Project.
PSC-01-26-00007-P	 exempt	The November 13, 2025 Order Adopting Modifications to the Uniform Business Practices.	To consider the M&R Energy Resources Corp.'s request for rehearing.
PSC-01-26-00008-P	 exempt	Minor rate filing.	To ensure safe and adequate service at just and reasonable rates charged to customers without undue preferences.

Agency I.D. No.	Expires	Subject Matter	Purpose of Action
PUBLIC SERVICE COMMISSION			
PSC-02-26-00005-P	 exempt	A financing arrangement with respect to a proposed solar generating facility.	To consider the requested financing arrangement, and if approved, what regulatory conditions should apply.
PSC-02-26-00006-P	 exempt	Proposed transfer of gas plant and Certificates of Environmental Compatibility and Public Need, and lightened regulation.	To consider whether the proposed transfer is in the public interest, and to ensure appropriate regulation of gas corporations.
PSC-02-26-00007-P	 exempt	Modification of monthly administrative fee charged to submetered tenants.	To ensure just and reasonable submetering charges and appropriate consumer protections.
PSC-04-26-00009-P	 exempt	Proposed major rate increase in Con Edison's annual revenues by approximately \$66 million.	To ensure safe and adequate service at just and reasonable rates charged to customers without undue preferences.
PSC-04-26-00010-P	 exempt	A hearing on the Commission's obligations under the Renewable Energy Program.	To determine whether a hearing should be held to evaluate whether the Renewable Energy Program should be modified or suspended.
PSC-05-26-00001-P	 exempt	The New York State Standardized Interconnection Requirements (SIRs).	To increase transparency in cost estimating by electric utilities under the Standardized Interconnection Requirements.
PSC-05-26-00002-P	 exempt	Transfer of street lighting facilities to the Village of New Square.	To consider whether the transfer of street lighting facilities to the Village of New Square is in the public interest.
PSC-05-26-00003-P	 exempt	Modification of headroom assessment methodology.	To consider improvements to provide stakeholders more actionable information on system limitations and available capacity.
PSC-05-26-00004-P	 exempt	Hydro Development Group Acquisition, LLC, Hailesboro 4 hydroelectric project located in Hailesboro, New York.	To promote and maintain renewable electric energy resources.
PSC-05-26-00005-P	 exempt	Hydro Development Group Acquisition, LLC, Hailesboro 6 hydroelectric project located in Hailesboro, New York.	To promote and maintain renewable electric energy resources.
PSC-05-26-00006-P	 exempt	Hydro Development Group Acquisition, LLC, Hailesboro 3 hydroelectric project located in Gouverneur, New York.	To promote and maintain renewable electric energy resources.
PSC-06-26-00011-P	 exempt	Pyrites hydroelectric project located in Pyrites, New York.	To promote and maintain renewable electric energy resources.
PSC-06-26-00012-P	 exempt	A debt financing arrangement with respect to a solar photovoltaic electric generation facility providing wholesale services.	To consider the requested financing arrangement, and if approved, what regulatory conditions should apply.
PSC-07-26-00001-P	 exempt	A process for offering flexible interconnection service options.	To provide rules that ensure safe and adequate service at just and reasonable rates.
PSC-07-26-00002-P	 exempt	A process for considering approval of specific meter socket adapter devices.	To provide rules that ensure safe and adequate service at just and reasonable rates.
PSC-07-26-00003-P	 exempt	Petition to submeter electricity.	To ensure adequate submetering equipment, consumer protections and energy efficiency protections are in place.

Agency I.D. No.	Expires	Subject Matter	Purpose of Action
PUBLIC SERVICE COMMISSION			
PSC-08-26-00002-P	 exempt	Petition to submeter electricity.	To ensure adequate submetering equipment, consumer protections and energy efficiency protections are in place.
PSC-08-26-00003-P	 exempt	Petition to submeter electricity.	To ensure adequate submetering equipment, consumer protections and energy efficiency protections are in place.
PSC-09-26-00015-P	 exempt	The rules and procedures for interconnecting energy storage facilities.	To ensure interconnection rules and procedures are just and reasonable and consistent with the public interest.
PSC-09-26-00016-P	 exempt	Minor water rate filing to increase annual water revenues.	To ensure that the rates charged by a water company are just and reasonable.
PSC-10-26-00003-P	 exempt	Petition dated February 6, 2026 for temporary waiver of 16 NYCRR Section 96.6(j) to provide bills within 30-days.	Whether to grant, deny or modify, in whole or in part, the temporary waiver requested in the petition.
PSC-10-26-00004-P	 exempt	Petition dated February 6, 2026 for temporary waiver of 16 NYCRR Section 96.6(j) to provide bills within 30-days.	Whether to grant, deny or modify, in whole or in part, the temporary waiver requested in the petition.
PSC-10-26-00005-P	 exempt	Petition dated February 6, 2026 for temporary waiver of 16 NYCRR Section 96.6(j) to provide bills within 30-days.	Whether to grant, deny or modify, in whole or in part, the temporary waiver requested in the petition.
PSC-10-26-00006-P	 exempt	Petition dated February 6, 2026 for temporary waiver of 16 NYCRR Section 96.6(j) to provide bills within 30-days.	Whether to grant, deny or modify, in whole or in part, the temporary waiver requested in the petition.
PSC-10-26-00007-P	 exempt	Rehearing of Commission Order.	To consider whether the the December 19, 2025 Order had errors of law or fact and to ensure safe and reliable water service.
PSC-11-26-00005-P	 exempt	Petition to submeter electricity & waiver request.	To ensure adequate submetering equipment, consumer protections and energy efficiency protections are in place.
PSC-11-26-00006-P	 exempt	Petition to submeter electricity.	To ensure adequate submetering equipment, consumer protections and energy efficiency protections are in place.
PSC-11-26-00008-P	 exempt	Petition to submeter electricity & waiver request.	To ensure adequate submetering equipment, consumer protections and energy efficiency protections are in place.
PSC-11-26-00009-P	 exempt	Petition to submeter electricity & waiver request.	To ensure adequate submetering equipment, consumer protections and energy efficiency protections are in place.
PSC-12-26-00005-P	 exempt	Petition to submeter electricity & waiver request.	To ensure adequate submetering equipment, consumer protections and energy efficiency protections are in place.
PSC-12-26-00006-P	 exempt	Rehearing on Commission Order.	To consider whether the February 13, 2026 Order had errors of law or fact and to ensure safe and reliable electric service.
PSC-12-26-00007-P	 exempt	Approval of electric metering equipment.	To ensure that consumer bills are based on accurate measurements of electric usage.

Agency I.D. No.	Expires	Subject Matter	Purpose of Action
PUBLIC SERVICE COMMISSION			
PSC-12-26-00008-P	 exempt	Approval of electric metering equipment.	To ensure that consumer bills are based on accurate measurements of electric usage.
PSC-12-26-00009-P	 exempt	Approval of electric metering equipment.	To ensure that consumer bills are based on accurate measurements of electric usage.
PSC-12-26-00012-P	 exempt	Electric metering equipment.	To ensure that consumer bills are based on accurate measurements of electric usage.
PSC-12-26-00015-P	 exempt	Petition to submeter electricity & waiver request	To ensure adequate submetering equipment, consumer protections, and energy efficiency improvements are in place
PSC-13-26-00004-P	 exempt	Gas meter test standard.	To consider approval of the Model 6 transfer prover, with 2M and 10 M reference standard meters.
PSC-13-26-00005-P	 exempt	Transfer of certain electric and gas facilities.	To determine whether the transfer of the electric and gas facilities is in the public interest.
PSC-15-26-00003-P	 exempt	Pole attachment charges.	To provide pole attachment services at just and reasonable rates.
PSC-15-26-00004-P	 exempt	Approval of electric metering equipment.	To ensure that consumer bills are based on accurate measurements of electric usage.
PSC-15-26-00005-P	 exempt	Compensation of distributed energy resources.	To ensure just and reasonable rates, including compensation, for distributed energy resources.
PSC-15-26-00006-P	 04/15/27	Billing requirements for gas, electric, steam, and water service.	To implement changes to billing requirements for gas, electric, steam, and water service.
PSC-16-26-00001-P	 exempt	Approval of issuance of long-term debt and surcharge to collect debt service costs.	To ensure that the expenditures funded by the loan are reasonably required for the stated purpose, water system improvements.
PSC-16-26-00002-P	 exempt	A debt financing arrangement related to the ownership of generation and transmission facilities providing wholesale services.	To consider the requested financing arrangement, and if approved, what regulatory conditions should apply.
PSC-17-26-00002-P	 exempt	The Poughkeepsie UTEN Pilot Proposal filings provided by Central Hudson.	To consider whether it is in the public interest to authorize Central Hudson to proceed with the Poughkeepsie Pilot Project.
PSC-17-26-00003-P	 exempt	Petition to submeter electricity.	To ensure adequate submetering equipment, consumer protections and energy efficiency protections are in place.
PSC-17-26-00004-P	 exempt	Petition to submeter electricity.	To ensure adequate submetering equipment, consumer protections and energy efficiency protections are in place.

MISCELLANEOUS NOTICES/HEARINGS

Notice of Abandoned Property Received by the State Comptroller

Pursuant to provisions of the Abandoned Property Law and related laws, the Office of the State Comptroller receives unclaimed monies and other property deemed abandoned. A list of the names and last known addresses of the entitled owners of this abandoned property is maintained by the office in accordance with Section 1401 of the Abandoned Property Law. Interested parties may inquire if they appear on the Abandoned Property Listing by contacting the Office of Unclaimed Funds, Monday through Friday from 8:00 a.m. to 4:30 p.m., at:

1-800-221-9311
or visit our web site at:
www.osc.state.ny.us

Claims for abandoned property must be filed with the New York State Comptroller's Office of Unclaimed Funds as provided in Section 1406 of the Abandoned Property Law. For further information contact: Office of the State Comptroller, Office of Unclaimed Funds, 110 State St., Albany, NY 12236.

PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to comply with Part O of Chapter 57 of the Laws of 2026. The following changes are proposed:

Non-Institutional Services

Effective on or after August 1, 2026, and each year thereafter, the State will invest up to \$480 million in residential health care facility services when combined with investments in Adult Day Health Care, AIDS Adult Day Health Care, and Hospice programs. Additionally, effective on or after August 1, 2026, and each year thereafter, the State will invest up to \$20 million in Assisted Living Programs. There is no change in the methods or standards.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is up to \$500 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

For the New York City district, copies will be available at the following places:

New York County
250 Church Street
New York, New York 10018

Queens County, Queens Center
3220 Northern Boulevard
Long Island City, New York 11101

Kings County, Fulton Center
114 Willoughby Street
Brooklyn, New York 11201

Bronx County, Tremont Center
1916 Monterey Avenue
Bronx, New York 10457

Richmond County, Richmond Center
95 Central Avenue, St. George
Staten Island, New York 10301

PUBLIC NOTICE

New York State and Local Retirement System Unclaimed Amounts Payable to Beneficiaries

Pursuant to the Retirement and Social Security Law, the New York State and Local Retirement System hereby gives public notice of the amounts payable to beneficiaries.

The State Comptroller, pursuant to Sections 109(a) and 409(a) of the Retirement and Social Security Law has received, from the New York State and Local Retirement System, a listing of beneficiaries or estates having unclaimed amounts in the Retirement System. A list of names contained in this notice is on file and open to public inspection at the office of the New York State and Local Retirement System located at 110 State St., in the City of Albany, New York.

Set forth below are the names and last known city of record of the beneficiaries and estate appearing from the records of the New York State and Local Retirement System, entitled to the unclaimed benefits.

At the expiration of six months from the date of publication of this list of beneficiaries and estates, unless previously paid to the claimant, the amounts shall be deemed abandoned and placed in the pension accumulation fund to be used for the purposes of said fund.

Any amounts so deemed abandoned and transferred to the pension accumulation fund, may be claimed by the executor or administrator of the estates or beneficiaries so designated to receive such amounts, by filing a claim with the State Comptroller. In the event such claim is properly made, the State Comptroller shall pay over to the estates or the person or persons making such claim, the amount without interest.

PUBLIC NOTICE

Department of State
F-2026-0198

Date of Issuance – July 22, 2026

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2026-0198, the Town of Haverstraw is proposing to install approximately 550 linear feet of additional riprap above and below mean high water along the shoreline of the Bowline Point Park, Town of Haverstraw, Rockland County, Hudson River.

The stated purpose of the proposed action is for stabilization of the remaining shoreline (around the park).

The applicant's consistency certification and supporting informa-

tion are available for review at: <https://dos.ny.gov/f-2026-0198> or at <https://dos.ny.gov/public-notices>

Original copies of public information and data submitted by the applicant are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice, or August 21, 2026.

Comments should be addressed to: Consistency Review Unit, Department of State, Office of Planning, Development and Community Infrastructure, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000; Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

Department of State

F-2026-0265

Date of Issuance – July 22, 2026

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2026-0265, the Village of Asharoken is proposing the installation of three tapered rock groins, 100', 80', and 40' in length, totaling 4,100CY of stone below SHW, and the placement of 78,500CY of beach nourishment seaward of the existing seawall. This project is located at Asharoken Avenue and Bevin Road intersection, Town of Huntington, Suffolk County, Long Island Sound.

The applicant's consistency certification and supporting information are available for review at: <https://dos.ny.gov/f-2026-0265> or at <https://dos.ny.gov/public-notices>

Original copies of public information and data submitted by the applicant are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice, or August 21, 2026.

Comments should be addressed to: Consistency Review Unit, Department of State, Office of Planning, Development and Community Infrastructure, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000; Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

Department of State

F-2026-0348

Date of Issuance – July 22, 2026

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act (CZMA) of 1972, as amended.

The applicant has certified that the proposed activities comply with and will be conducted in a manner consistent with the federally approved New York State Coastal Management Program (NYSCMP). The applicant's consistency certification and accompanying public in-

formation and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

In F-2026-0348, New York City Economic Development Corporation is proposing installation of 160 concrete-filled steel pipe piles underneath the existing crane rail. A new cross cap will be cast-in-place spaced approximately 20 ft apart above the new piles. The existing crane rail cap-beam will be replaced based on defect identified during the previous inspection. The project is located at the Brooklyn Marine Terminal Pier 10 at 110 Conover St, Brooklyn, NY, 11231 on the Buttermilk Channel.

The applicant's consistency certification and supporting information are available for review at: <https://dos.ny.gov/f-2026-0348> or at <https://dos.ny.gov/public-notices>

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice or August 21, 2026.

Comments should be addressed to: Department of State, Office of Planning, Development and Community Infrastructure, Consistency Review Unit, One Commerce Plaza, Suite 1010, 99 Washington Ave., Albany, NY 12231, (518) 474-6000. Electronic submissions can be made by email at: CR@dos.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

Department of State

F-2026-0372

Date of Issuance – July 22, 2026

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act (CZMA) of 1972, as amended.

The applicant has certified that the proposed activities comply with and will be conducted in a manner consistent with the federally approved New York State Coastal Management Program (NYSCMP). The applicant's consistency certification and accompanying public information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

In F-2026-0372, New York City Economic Development Corporation is proposing the demolition of the existing ferry terminal at Hunters Point South. A new ferry terminal will be constructed approximately 200' to the north. The existing landing will be demolished, and its piles will be cut to the mudline. The upland esplanade for the previous landing will remain. A new landing will be constructed to the north along the esplanade and provide capacity for ferries up to 97' long by 28' wide. Located on the East River at the Hunters Point South Ferry terminal south, 54th Avenue on 2nd Street, Long Island City, NY, 11101.

The applicant's consistency certification and supporting information are available for review at: <https://dos.ny.gov/f-2026-0372> or at <https://dos.ny.gov/public-notices>

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice or August 21, 2026.

Comments should be addressed to: Department of State, Office of Planning, Development and Community Infrastructure, Consistency Review Unit, One Commerce Plaza, Suite 1010, 99 Washington Ave., Albany, NY 12231, (518) 474-6000. Electronic submissions can be made by email at: CR@dos.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

Department of State
Uniform Code Variance/Appeal Petitions

Pursuant to 19 NYCRR Part 1205, the variance and appeal petitions below have been received by the Department of State. Unless otherwise indicated, they involve requests for relief from provisions of the New York State Uniform Fire Prevention and Building Code. Persons wishing to review any petitions, provide comments, or receive actual notices of any subsequent proceeding may contact Brian Tollisen or Neil Collier, Building Standards and Codes, Department of State, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-4073 to make appropriate arrangements.

2026-0364 Matter of City Plans and Permits, Vincent Greco, 2004 Newbridge Road, Bellmore, NY 11710, for a variance concerning safety requirements, including basement ceiling requirements. Involved is an existing dwelling located at 368 Randall Avenue, Town of Hempstead, County of Nassau, State of New York.

2026-0366 Matter of Wilson WRX Inc., Scheffee Wilson, 175-61 Hillside Ave., Suite 202, #1166, Queens, NY 11432, for a variance concerning safety requirements, including stairway width. Involved is an existing dwelling located at 2180 Peter's Neck Road, Town of Southold, County of Suffolk, State of New York.

2026-0368 Matter of Garten Associates, Christopher Garten, 680 Larkfield Road, East Northport, NY 11731, for a variance concerning safety requirements, including plumbing fixture requirements. Involved is an existing tenant space located at 1206 E. Jericho Tpke., Town of Huntington, County of Suffolk, State of New York.

PUBLIC NOTICE

Department of Taxation and Finance
Tax Law Section 1111 Annual Adjustment
Calculation on the Base Retail Price on Cigarettes

Pursuant to the provisions of Tax Law § 1111(j)(2), the Commissioner of Taxation and Finance is required to give public notice of the base retail price adjustment calculation and the resulting base retail price of cigarettes for purposes of establishing the prepaid sales tax on cigarettes imposed by Tax Law § 1103. Tax Law § 1111(j) provides that the base retail price of cigarettes shall be adjusted each year by a factor based upon the manufacturers' list price for a carton of standard brand cigarettes. The base retail price adjustment factor for the period July 1, 2025, through June 30, 2026, is 1.056. The base retail price adjustment calculation results in a base retail price of cigarettes effective September 1, 2026, as follows:

Package of twenty (20) cigarettes:	$\$15.628 \times 1.056 = \16.503
For each additional five (5) cigarettes:	$\$3.903 \times 1.056 = \4.122

The base retail price is adjusted annually, to take effect on the first day of September.

For further information, including rates for previous periods, contact: Camilla Zhen, Taxpayer Guidance Division, Department of Taxation and Finance, W.A. Harriman Campus, Albany, NY 12227, (518) 322-4953

EXECUTIVE ORDERS

Executive Order No. 47.19: Declaring a Disaster Emergency in the State of New York and Ordering into Active Service the New York National Guard to Assist Authorities in Guaranteeing Public Order and Protection of Public Property at Various Correctional Facilities

WHEREAS, on February 17, 2025, and continuing thereafter, an illegal and unlawful strike by correction officers has created an imminent threat to the safety of correction officers who are currently on the job, the more than 32,290 individuals in the Department of Corrections and Community Supervision's care and the communities surrounding these correctional facilities;

WHEREAS, upon review, there exists a continued need to support staff, provide for the safety of those under the care of the Department of Corrections and Community Supervision, preserve staff resources, and ensure safe operations at correctional facilities statewide;

NOW THEREFORE, I, Kathy Hochul, Governor of the State of New York, by virtue of the authority vested in me by the Constitution of the State of New York and Section 28 of Article 2-B of the Executive Law, do hereby find a continued need for a statewide disaster emergency order to support safe and effective operations at correctional facilities. This executive order shall be in effect through July 18, 2026.

FURTHER, by virtue of the authority vested in me by Section 29-a of Article 2-B of the Executive Law do hereby temporarily suspend or modify the following laws, all of which have been suspended since February 19, 2025, through July 18, 2026:

- Section 97-G of the State Finance Law, to the extent necessary to purchase food, supplies, services, and equipment or furnish or provide various centralized services to assist affected local governments, individuals, and other non-State entities in responding to and recovering from the emergency;
- Section 112 of the State Finance Law, to the extent consistent with Article V, Section I of the State Constitution, and to the extent necessary to add additional work, sites and time to State contracts; and
- Section 163 of the State Finance Law, to the extent necessary to purchase commodities, services, technology and materials without following the standard notice and procurement processes.

(L.S.)

GIVEN under my hand and the Privy Seal of the State in the City of Albany this 18th day of June in the year two thousand twenty-six.

BY THE GOVERNOR

/S/ Kathy Hochul

/s/ Karen Persichilli Keogh

Secretary to the Governor

COURT NOTICES

AMENDMENT OF RULE

Rules for the City Courts Outside New York City Rules for the District Courts

Pursuant to the authority vested in me, and with the advice and consent of the Administrative Board of the Courts, I hereby add a new section 210.4-a to the Uniform Civil Rules for the City Courts Outside New York City, and a new section 212.4-a to the Uniform Rules for the District Courts, effective immediately, to read as follows:

§ 210.4-a. *Electronic Filing in City Courts Outside the City of New York*

(a) *Application. Electronic filing and service of all documents shall be authorized in the City Courts outside the City of New York ("City Courts") in such actions and in such counties as may be authorized by order of the Chief Administrator of the Courts, and only to the extent and manner provided in this section. Such authorization may provide for either mandatory or consensual participation in such electronic filing programs.*

(b) *Electronic Filing in Actions in the City Courts.*

(1) *Except as otherwise provided in this section, sections 202.5-b and 202.5-bb of the Uniform Civil Rules of the Supreme Court and the County Court (22 NYCRR §§ 202.5-b and 202.5-bb), where applicable, shall apply to all actions in which electronic filing is authorized in the City Courts. References in those sections to the Chief Clerk of the Supreme Court or Clerk of the Court shall be deemed to mean the Chief Clerk of the applicable City Court, and references to the CPLR shall be deemed to include, where relevant, the Uniform City Court Act (UCCA) and the Real Property Actions and Proceedings Law (RPAPL).*

(2) *Commencing an action by electronic means.*

(i) *Except as otherwise provided in this section, every action authorized as a mandatory filing in the county and class of actions under subdivision (a) of this section shall be commenced by electronically filing the initiating documents with the clerk of the court through the NYSCEF site. In any action authorized as a voluntary (consensual) filing in the county and class of actions under subdivision (a) of this section, a party may commence the action by electronically filing the initiating documents with the Clerk of the Court through the NYSCEF site.*

(ii) *Documents that are electronically filed to commence an action in compliance with this section shall be deemed filed with the Clerk of the Court in the court in which the action is brought for the purposes of section 400 of the Uniform City Court Act upon the date of receipt of those documents by the NYSCEF site, together with payment of any required fee.*

(iii) *No later than the close of business on the business day following the date on which the initiating documents are electronically filed to commence an action pursuant to subparagraph (ii) of this paragraph, a confirmation notice shall be transmitted electronically by the NYSCEF site to the person filing such documents. The notice shall contain a link to a copy of the initiating documents to which shall be affixed an index number for the matter and a filing stamp showing the date of the filing of the documents and to which there may also be affixed, as the court may require, an image of the signature of the Clerk of the Court. This notice will satisfy the requirement in section 400(1) of the Uniform City Court Act that the clerk return a copy of the filing to the party.*

(3) *E-filing in an action after commencement. Except as otherwise provided in subdivision (a) of this section, after the electronic commencement of an action in which mandatory e-filing is authorized, all documents shall be filed and served electronically, and such e-filing shall be conducted as provided in 22 NYCRR § 202.5-bb(c). Where voluntary (consensual) e-filing is authorized, after the commencement of an action, documents may be filed by, and electronically served upon, parties who have consented thereto. Consent shall be obtained, and such e-filing shall be conducted as provided in 22 NYCRR § 202.5-b(b)(2).*

(c) *Service of Documents.*

(1) *A person seeking to obtain personal jurisdiction over a person named as a party to an action specified in subdivision (a) of this section may serve the opposing party in hard copy, or by electronic means if the opposing party agrees to accept such service, in accordance with the CPLR or the Uniform City Court Act.*

(2) *Where an action is commenced by electronic filing pursuant to this section, the original proof of service required by section 409 of the Uniform City Court Act shall be filed with the Clerk of the Court in the court in which the action was commenced by filing through the NYSCEF site. Service shall be complete as provided in section 410 of the Uniform City Court Act.*

(d) *Official Record and Working Copies.*

(1) *When a document has been filed electronically pursuant to this section, the official record shall be the electronic record maintained by the court. The clerk or their designee may scan and e-file documents that were filed in hard copy in an action subject to e-filing or maintain those documents in hard copy form.*

(2) *Parties participating in e-filing shall not be required to submit working copies of documents filed electronically.*

* * * * *

§ 212.4-a. *Electronic Filing in the District Courts Outside the City of New York*

(a) *Application. Electronic filing and service of documents shall be authorized in the District Courts in such actions and in such counties as may be authorized by order of the Chief Administrator of the Courts, and only to the extent and manner provided in this section. Such authorization may provide for either mandatory or consensual participation in electronic filing programs.*

(b) *Electronic Filing in Actions in the District Courts.*

(1) *Except as otherwise provided in this section, sections 202.5-b and 202.5-bb of the Uniform Civil Rules of the Supreme Court and the County Court (22 NYCRR §§ 202.5-b and 202.5-bb), where applicable, shall apply to all actions in which electronic filing is authorized in the District Courts. References in those sections to the Chief Clerk of the Supreme Court or Clerk of the Court shall be deemed to mean the Chief Clerk of the applicable District Court, and references to the CPLR shall be deemed to include, where relevant, the Uniform District Court Act ("UDCA") and the Real Property Actions and Proceedings Law ("RPAPL").*

(2) *Commencing an action by electronic means.*

(i) *Except as otherwise provided in this section, every action authorized as a mandatory filing in the county and class of actions under subdivision (a) of this section shall be commenced by electronically filing the initiating documents with the Clerk of the Court through the NYSCEF site. In any action authorized as a voluntary (consensual)*

filing, a party may commence the action by electronically filing the initiating documents with the Clerk of the Court through the NYSCEF site.

(ii) Documents electronically filed to commence an action in compliance with this section shall be deemed filed with the Clerk of the District Court for purposes of UDCA § 400 upon the date of receipt of those documents by the NYSCEF site, together with payment of any required fee.

(iii) No later than the close of business on the business day following the date on which the initiating documents are electronically filed to commence an action pursuant to subparagraph (ii) of this paragraph, a confirmation notice shall be transmitted electronically by the NYSCEF site to the person filing such documents. The notice shall contain a link to a copy of the initiating documents to which shall be affixed an index number and a filing stamp showing the date of filing and to which there may also be affixed, as the court may require, an image of the signature of the Clerk of the Court. This notice shall satisfy any requirement that the Clerk return a copy of the filing to the party.

(3) E-filing in an action after commencement. Except as otherwise provided in subdivision (a) of this section, after the electronic commencement of an action in which mandatory e-filing is authorized, all documents shall be filed and served electronically, and such e-filing shall be conducted as provided in 22 NYCRR § 202.5-bb(c). Where voluntary (consensual) e-filing is authorized, after the commencement of an action, documents may be filed by, and electronically served upon, parties who have consented thereto. Consent shall be obtained, and such e-filing shall be conducted, as provided in 22 NYCRR § 202.5-b(b)(2).

(c) Service of Documents.

(1) A person seeking to obtain personal jurisdiction over a person named as a party to an action specified in subdivision (a) of this section may serve the opposing party in hard copy, or by electronic means if the opposing party agrees to accept such service, in accordance with the CPLR and the UDCA.

(2) Where an action is commenced by electronic filing pursuant to this section, the original proof of service required by UDCA § 409 shall be filed with the Clerk of the Court by filing through the NYSCEF site. Service shall be complete as provided in UDCA § 410.

(d) Official Record and Working Copies.

(1) When a document has been filed electronically pursuant to this section, the official record shall be the electronic record maintained by the court. The clerk or designee may scan and e-file documents that were filed in hard copy in an action subject to e-filing or maintain those documents in hard copy form.

(2) Parties participating in e-filing shall not be required to submit working copies of documents filed electronically.

AMENDMENT OF RULE

Rules of the Court of Claims

Pursuant to the authority vested in me, and with the advice and consent of the Administrative Board of the Courts, I hereby amend the Uniform Rules of the Court of Claims, effective July 20, 2026, by adding a new paragraph (7) to section 206.3(c), and adding a new section 206.26, to read as follows:

Section 206.3. Individual Assignment System; Structure

(c) Exceptions.

(7) In accordance with the Judiciary Law, the Civil Practice Law and Rules (CPLR), the Rules of the Chief Administrator of the Courts, and this Part, the presiding judge may refer a matter to a judicial hearing officer upon the consent of the parties, the recommendation of a judge, or the presiding judge's own initiative.

Section 206.26. Judicial hearing officers.

(a) References to judicial hearing officers

(1) When invoking section 206.3(c)(7) of this Part, the presiding judge shall render a written order of reference which shall refer a

matter to a judicial hearing officer and indicate whether the reference is one to hear and determine or to hear and report.

(2) The judicial hearing officer shall conduct a trial or hearing limited to the issue(s) set forth in the order of reference.

(3) Every order of reference which does not set forth a date certain for commencement of the trial or hearing shall contain a provision substantially similar to the following:

"it is ORDERED that if the trial/hearing of the issue or action hereby referred is not begun within 60 days from the date of this order, or by such later date as the judicial hearing officer may fix upon good cause shown, this order shall be cancelled and revoked, and the matter shall immediately be returned to the court for further proceedings."

(4) The judicial hearing officer has discretion to adjourn dates on their own or upon a party's application for good cause.

(5) The judicial hearing officer's determination or report shall be filed with the clerk in accordance with the time limitations set forth in the CPLR and the Rules of the Chief Administrator of the Courts, who shall then notify the parties that the determination or report was received.

(b) References to hear and report.

(1) If the order of reference was one to hear and report:

(i) The claimant shall move on notice to confirm or controvert all or part of the report within 15 days after notice of such filing was given.

(ii) If the claimant fails to make the motion, the defendant shall so move within 30 days after notice of such filing was given.

(iii) If no party moves as specified above, the court, on its own motion, shall issue its determination.

(c) References to hear and determine.

(1) If the order of reference was one to hear and determine, a motion to confirm or reject the judicial hearing officer's determination is not permitted.

AMENDMENT OF RULE

Rules for the New York City Civil Court

Pursuant to the authority vested in me, and with the advice and consent of the Administrative Board of the Courts, I hereby amend the Uniform Rules for the New York City Civil Court, effective July 20, 2026, by amending Section 208.42(f)(2) and Section 208.43(d)(10)(iii) to read as follows:

§ 208.42. Proceedings Under Article 7 of the Real Property Actions and Proceedings Law

(f)(1) Commencing May 21, 2001, all summary proceedings for residential premises located in postal zip codes 10035 and 10037, and for the Taft Houses and the Jefferson Houses, except proceedings brought by or at the direction of the New York County District Attorney's office under Real Property Actions and Proceedings Law, sections 711 and 715, shall be noticed and filed in the Harlem courthouse.

(2) [Commencing September 1, 2003, all] All summary proceedings for the [following] residential premises [in which the New York City Housing Authority is a party to the proceeding] known as the Red Hook East Houses and the Red Hook West Houses, and any successor developments, shall be noticed and filed in the Red Hook Community Justice Center[.].

[Red Hook East Houses]

[Red Hook West Houses]

§ 208.43. Rules of the Housing Part

(d) Summons

(10) Venue

(i) In any action or proceeding in the housing part of the Civil Court, the action or proceeding must be brought in the county in which the real property is situated (NYCCCA, § 302).

(ii) An action or proceeding involving premises located in postal zip codes 10035 and 10037, and the Taft Houses and the Jefferson Houses, shall be noticed and filed in the Harlem courthouse.

(iii) An action or proceeding involving the [following] premises known as the Red Hook East Houses and the Red Hook West Houses, and any successor developments [in which the New York City Housing Authority is a party] shall be noticed and filed in the Red Hook Community Justice Center[:].

[Red Hook East Houses]

[Red Hook West Houses]

AMENDMENT OF RULE

Supreme Court, Appellate Division

Pursuant to the authority conferred by law upon the Appellate Division of the Supreme Court of the State of New York for the Fourth Judicial Department, it is ORDERED that, effective immediately, the Rules of the Supreme Court, Appellate Division, Fourth Judicial Department are hereby amended by adding a new Part 1024 (22 NYCRR Part 1024) to read as follows:

PART 1024

MENTAL HEALTH PROFESSIONALS PANEL

1024.1 Access to Mental Health Professionals

In custody and visitation, juvenile delinquency, persons in need of supervision, child abuse and neglect, termination of parental rights, family offense, and adoption cases, an evaluation of the parties by a mental health professional may be necessary to assist the court in reaching a decision. To assure that the court and the parties have access to qualified mental health professionals, a panel of social workers, psychologists, and psychiatrists shall be established in the Fourth Judicial Department in accordance with this Part.

1024.2 Mental Health Professionals Oversight Committee

(a) A mental health professionals oversight committee shall be established for the Fourth Judicial Department.

(b) Unless otherwise directed by the Presiding Justice of the Appellate Division of the Fourth Judicial Department, the committee shall be composed of no fewer than one justice of the Supreme Court, one judge of the Family Court, one lawyer, and two mental health professionals who shall be either a social worker, a psychologist, or a psychiatrist. The members shall be appointed by the Presiding Justice of the Appellate Division of the Fourth Judicial Department for three-year terms. Committee members shall be eligible for reappointment for additional terms. The Director of the Office of Attorneys for Children, or the director's designee, shall be an ex-officio member. If an administrator is appointed for the committee, the administrator shall also be an ex-officio member.

(c) The members of the committee shall serve as volunteers, authorized to participate in a state-sponsored volunteer program within the meaning of the Public Officers Law § 17.

1024.3 Duties of Mental Health Professionals Oversight Committee

Subject to the supervision of the Presiding Justice of the Appellate Division of the Fourth Judicial Department, the mental health professionals oversight committee shall establish procedures for:

(a) the appointment of applicants for membership on the panel of mental health professionals;

(b) periodic evaluation of panel members;

(c) training of panel members;

(d) investigating complaints made against panel members; and

(e) removal of mental health professionals from the panel.

1024.4 Establishment of Mental Health Professionals Panel

(a) Eligibility requirements.

A member of the mental health professionals panel shall:

(1) be a social worker, psychologist, or psychiatrist licensed by the State of New York;

(2) complete such training as approved by the Presiding Justice of the Appellate Division of the Fourth Judicial Department;

(3) demonstrate that the applicant has relevant experience, including having testified as an expert and/or having submitted a clinical

report in connection with one or more of the following types of court proceedings: custody and visitation, juvenile delinquency, persons in need of supervision, child abuse and neglect, termination of parental rights, family offense, and adoption, or, within the discretion of the mental health professionals oversight committee, demonstrate equivalent expertise;

(4) maintain professional malpractice insurance;

(5) meet such additional requirements as shall be established by the mental health professionals oversight committee with the approval of the Presiding Justice of the Appellate Division of the Fourth Judicial Department; and

(6) comply with such other statutory requirements applicable to court-ordered evaluations.

(b) Application. Licensed social workers, psychologists, and psychiatrists may apply for membership on the mental health professionals panel for the Fourth Judicial Department by completing an application in the form prescribed by the mental health professionals oversight committee.

(c) Appointments to panel.

(1) The mental health professionals oversight committee shall review applications and identify those mental health professionals who meet the eligibility requirements.

(2) The Presiding Justice of the Appellate Division of the Fourth Judicial Department shall, by order, appoint the members of the mental health professionals panel from among those social workers, psychologists, and psychiatrists recommended by the committee.

(3) Appointments to the panel shall be for a term of three years. Panel members may be reappointed to successive terms. Any panel member may be removed prior to the expiration of his or her term by the order of the Presiding Justice of the Appellate Division of the Fourth Judicial Department upon the recommendation of the committee.

1024.5 Appointment of Mental Health Professionals From Panel

(a) Appointment. A court may appoint a mental health professional or professionals to evaluate adults and children in any case involving custody and visitation, juvenile delinquency, persons in need of supervision, child abuse and neglect, termination of parental rights, family offense, and adoption wherein compensation is paid privately or pursuant to Judiciary Law § 35 or County Law article 18-B. Except in exigent circumstances, the appointing court shall seek input from the parties, counsel, and the attorney(s) for the child(ren) on the necessity and scope of an evaluation. Such appointments shall be from the mental health professionals panel promulgated pursuant to these rules. A court, upon a finding of good cause, may appoint a mental health professional who is not a member of the mental health professionals panel, provided that the mental health professional has met the statutory requirements applicable to court-ordered evaluations. The court shall set forth the facts supporting this finding of good cause in the order of appointment.

(b) Order of Appointment. The court appointing a mental health professional shall issue a written order setting forth the terms and conditions of the appointment including the purpose and scope of the evaluation, the method and rate of compensation, and by whom such compensation is to be paid. A copy of the order shall be provided to the mental health professional and to every party to the case, including the attorney, if any, for each child. The written order shall also contain a notice that the parties may submit any complaints or concerns regarding the conduct of the assigned mental health professional panel member to the mental health professionals oversight committee.

(c) Disclosure of Potential Conflict of Interest. A mental health professional under consideration for appointment shall disclose to the court, all parties and attorney(s) for the child(ren) whether, in the prior two years, the mental health professional has been hired by a party, counsel for a party, attorney(s) for the child(ren) or other professionals involved in the case, either (1) as a paid non-neutral evaluator; or (2) to conduct a peer review of an evaluation by another mental health professional.

1024.6 Access to Evaluation Reports

(a) Where all parties are represented by counsel, a court shall

provide a copy of the evaluation report to each counsel and attorney(s) for the child(ren). Counsel may show the report to the client but shall not provide a copy to the client nor allow the client to copy or photograph any part of the report.

(b)(i) Where one or more parties are self-represented, a court shall require the parties, counsel, and attorney(s) for the child(ren) to review the evaluation report at the courthouse. The court shall set such conditions as may be warranted to ensure that the contents of the evaluation report are not disclosed by the parties, directly or indirectly, to the child(ren). Such conditions shall provide equitable access to the report to the parties, counsel, and attorney(s) for the child(ren).

(ii) Notwithstanding the foregoing, if the court determines that viewing the evaluation report at the courthouse is impracticable, the court may grant access to the evaluation report, other than at the courthouse, under such conditions as may be warranted, which shall provide equitable access to the parties, counsel, and attorney(s) for the child(ren). The court shall set such conditions on access to the evaluation report, other than at the courthouse, after considering, among others, the following factors: the prior conduct of the parties, the effect a proposed condition may have on a party's ability to effectively litigate, and the potential for abuse or inadvertent disclosure.

(c) In all matters, access to an evaluation report shall not be provided to any party or counsel until the recipient provides an affirmation, signed under the penalty of perjury, that: (i) the recipient will not share the report or its contents with any third party, except a third party retained or appointed to assist in the litigation and who signs a similar affirmation; and (ii) the report will not be copied or photographed.

1024.7 Compensation of Mental Health Professionals

(a) The compensation for mental health professionals appointed pursuant to Judiciary Law § 35 or County Law § 722-c shall be set in accordance with guidelines promulgated by the Chief Administrator of the Courts. Applications for payment for services rendered pursuant to those sections shall be submitted for approval to the court that appointed the panel member on forms authorized by the Chief Administrator of the Courts or by the appropriate local fiscal authority.

(b) The compensation of mental health professionals appointed in cases in which their fees shall be borne in whole or in part by the parties shall be at rates fixed by the court in accordance with the charge for such services prevailing in the community and the financial circumstances of the parties. Such compensation shall not exceed a sum certain to be set forth in the order of appointment, which sum shall be based on the selected rate and the estimated number of hours required to perform the necessary services, except that if, in the judgment of the mental health professional, the number of hours required to perform the necessary services is likely to exceed the number set forth in the order of appointment, the professional may make application to the court to amend that order by increasing the number of hours accordingly. The application shall be made by letter, a copy of which shall be forwarded to the party or parties responsible for the payment of the fee.

1024.8 Training and Education

The mental health professionals oversight committee shall establish a training and education program for members of the mental health professionals panel. The program may be established in cooperation with relevant professional organizations. The committee may make attendance at training sessions a requirement for continued membership on the panel of mental health professionals. Such training requirement shall be consistent with or in addition to any statutory continuing education requirements applicable to court-ordered evaluations.

1024.9 Periodic Evaluation of Panel Members

The mental health professionals oversight committee shall establish procedures by which it shall periodically evaluate the work performed by each member of the panel of mental health professionals. In conducting its evaluation the committee shall seek information from judges and other appropriate and knowledgeable persons and provide a means by which litigants and other members of the public may submit concerns regarding the conduct or qualifications of a panel member. The committee shall not recommend for reappointment to the panel any member whose performance has been determined by the committee to be unsatisfactory.

1024.10 Removal

The Presiding Justice of the Appellate Division of the Fourth Judicial Department may, by order, remove members of the mental health professionals panel. The mental health professionals oversight committee may, at any time, recommend to the Presiding Justice that a mental health professional be removed from the panel.

1024.11 Annual Report of the Mental Health Professionals Oversight Committee

On June 1st of each year the mental health professionals oversight committee shall submit to the Presiding Justice of the Appellate Division of the Fourth Judicial Department an annual report containing an evaluation of the operation of the mental health professionals panel and the training program and any recommendations concerning measures that should be adopted to improve the performance of the panel and the training program. A copy of that report shall be forwarded to the Chief Administrator of the Courts.
