

Navigating the New NYS CBCT Regulations

What Dental Offices Need to Know

LIVE TEAMS WEBINAR with Dr. Frederic Mis

New York State has updated its regulations for X-ray equipment, with significant changes affecting **Cone Beam CT (CBCT) operations and users**.

Is your dental office prepared?

Join us for an informative webinar designed to help dentists and dental teams understand the **new CBCT requirements, important compliance deadlines, and the steps needed to bring your office into compliance**.

WHAT YOU'LL LEARN

- Key dates established by the **New York State Department of Health**
- What the new CBCT operating requirements mean for your dental office
- How your office should respond to the updated regulations
- How to navigate the **CBCT accreditation website**
- The role of the **licensed medical health physicist** in the accreditation process
- What dentists and dental offices can do themselves to work toward compliance

WHY ATTEND?

The regulations were updated on **July 22, 2026**, and dental offices using CBCT equipment need to understand what has changed and what is required.

Don't wait until a compliance deadline is approaching. Get informed, understand your responsibilities, and learn how to navigate the accreditation process.

LIVE WEBINAR VIA MICROSOFT TEAMS

Thursday, September 17, 2026 | 7:00 am-8:00 am
